United We Stand, How We Can Take Back Our Country Ross Perot, 2018-10-12 Unless we take action now our nation may confront a situation similar to the Great Depression This book is a dynamic plan to stimulate discussion and debate to create the plan that best serves the American people Covered inside are needed reforms an American that pays its way and prospers that heals and leads the world **The Perot Legacy** Pat Benjamin, 2013-03-01 In The Perot Legacy political activist

and Perot campaigner Pat Benjamin takes you inside Perot's campaign and tells the story of a citizen action movement that turned everyday folks into street fighters as the Republican and Democratic parties together with the media did everything possible to prevent Americans from having a third political choice Based on this experience Benjamin explains how citizens today can help return the power of political choice to the people and restore hope for a functioning federal government

Echo Chamber Kathleen Hall Jamieson, Joseph N. Cappella, 2008-07-22 Kathleen Hall Jamieson and Joseph Cappella two of the nation's foremost experts on politics and media offers a searching analysis of the conservative media establishment from talk radio to Fox News to the editorial page of The Wall Street Journal Echo Chamber is the first serious account of how the conservative media arose what it consists of and how it operates Jamieson and Cappella find that Limbaugh Fox News and The Wall Street Journal opinion pages create a self protective enclave for conservatives shielding them from other information sources and promoting highly negative views toward conservatism's political opponents A thoughtful and incisive study Echo Chamber offers the most authoritative and insightful account of this revolutionary phenomenon and its indelible effect on the American political landscape **Weekly Compilation of Presidential Documents**, 1995 **Journey of**

Purpose Paul Tsongas, 1996-01-11 In this inspiring book one of the most respected senior figures in American politics defines his political philosophy for the country as we approach the end of the twentieth century For many years Paul Tsongas the former United States senator from Massachusetts and 1992 Democratic presidential candidate has stressed the virtues of economic growth fiscal responsibility and social inclusiveness He now tells us how we can achieve these goals if responsible politicians and ordinary citizens view the future as a journey of purpose Tsongas begins with a personal account of his 1992 political campaign revealing why he entered the race for president how he felt as the campaign foundered for lack of funds and the lessons he learned He next discusses the need for a multicultural meritocracy in the United States presenting his opinions on gays in the military affirmative action and other controversial subjects Finally he offers his interpretation of the 1994 election that swept the Republican Party into power in both the Senate and House asserting that the election should be seen not as a mandate for Republican ideology but rather as a massive rejection of Democratic policy Tsongas suggests that there is a vast number of Americans who are socially liberal and fiscally conservative who are not satisfied with the programs of either major party and whose needs might be filled by a third party and he articulates principles that this party might

follow He concludes by challenging America s young people to broaden the view of who Americans are and what Americans can be to make their own lives a journey of purpose

Political Parties in American Society NA NA,2016-09-27 In this comprehensive introduction to political parties two of the country s foremost scholars combine the traditional PIE PIG PO approach with unique chapters on such issues as race and campaign finance Throughout the book the authors argue strongly in favor of the continued relevance of parties in the American political system and provide strong evidence that parties have adapted to the changing American political scene
