addiction and a stalled career who searches for meaning and purpose within a sanctimonious discipline and a society in shambles It takes aim at the ableist conceit that anthropologists are outside observers studying a messy world The lens of analysis is reversed to expose the backstage of academic work and life and the unbecoming self behind scholarship Blending cultural studies psychoanalysis comedy screenwriting music lyrics and poetry Stuck Moving abandons anthropology's rigid genre conventions suffocating solemnity and enduring colonial model of extractive knowledge production By satirizing the discipline's function as a culture resource for global health and the neoliberal university this book unsettles anthropology's hopeful claims about its own role in social change
