The System Is the Key at Roulette V. I. Brown, 2009-09-30 The System Is The Key At Roulette Herein all aspects of roulette are explained from the basic rules to the decorum which one should expect and adhere when gaming at roulette The primary aim is to encourage the player to examine the game from a more structured perspective Since roulette came into being practitioners have sought a means to beat the house This book shows that in devising systems to overcome the house advantage one is only limited by ones imagination Further any apprehensions about playing roulette and any pre conceived notions about the game should likewise be dispelled This book further demonstrates that roulette is not just a game of chance It is a game which is the author argues should be accorded a place in the study of numerology and of the occult The author demonstrates that the numbers in this game are influenced by supernatural forces One can always observe definite patterns in roulette numbers The key is to detect these patterns and capitalize on them In addition the author demonstrates that the number theories which he advocates and the patterns which he has observed can also be seen in other games of chance ForeWord Clarion Book Review **New York Magazine**
