Male Suicide and Masculinity in 19th-century Britain

Lyndsay Galpin, 2022-04-07 This book shows how interpretations of suicidal motives were guided by gendered expectations of behaviour and that these expectations were constructed to create meaning and understanding for family friends and witnesses Providing an insight into how people of this era understood suicidal behaviour and motives it challenges the assertion that suicide was seen as a distinctly feminine act and that men who took their own lives were feminized as a result Instead it shows that masculinity was understood in a more nuanced way than gender binaries allow and that a man's masculinity was measured against other men Focusing on four common narrative types the love suicide the unemployed suicide the suicide of the fraudster or speculator and the suicide of the dishonoured soldier it provides historical context to modern discussions about the crisis of masculinity and rising male suicide rates It reveals that narratives around male suicides are not so different today as they were then and that our modern model of masculinity can be traced back to the 19th century

How modern food helped make modern society between 1870 and 1930 stories of power and food from bananas and beer to bread and fake meat The modern way of eating our taste for food that is processed packaged and advertised has its roots as far back as the 1870s Many food writers trace our eating habits to World War II but this book shows that our current food system began to coalesce much earlier Modern food came from and helped to create a society based on racial hierarchies colonization and global integration *Acquired Tastes* explores these themes through a series of moments in food history stories of bread beer sugar canned food cereal bananas and more that shaped how we think about food today Contributors consider the displacement of native peoples for agricultural development the invention of Pilsner the first international beer style the long con of gilded sugar and corn syrup Josephine Baker s banana skirt and the rise of celebrity tastemakers and faith in institutions and experts who produced among other things food rankings and fake meat *Music and Moral*

gatherings and contact with the outside world the place of music in the asylum offers valuable insight into its uses and meanings in nineteenth century England Brass Bands of the British Isles 1800-2018 - a historical directory Gavin Holman, Of the many brass bands that have flourished in Britain and Ireland over the last 200 years very few have documented records covering their history This directory is an attempt to collect together information about such bands and make it available to all Over 19 600 bands are recorded here with some 10 600 additional cross references for alternative or previous names This volume supersedes the earlier British Brass Bands a Historical Directory 2016 and includes some 1 400 bands from the island of Ireland A separate work is in preparation covering brass bands beyond the British Isles A separate appendix lists the brass bands in each county The Colonial World Robert Aldrich, Andreas Stucki, 2022-12-29 The Colonial World A History of European Empires 1780s to the Present provides the most authoritative in depth overview on European imperialism available It synthesizes recent developments in the study of European empires and provides new perspectives on European colonialism and the challenges to it With a post 1800 focus and extensive background coverage tracing the subject to the early 1700s the book charts the rise and eclipse of European empires Robert Aldrich and Andreas Stucki integrate innovative approaches and findings from the new imperial history and look at both the colonial era and the legacies it left behind for countries around the world after they gained independence Dividing the text into three complementary sections Aldrich and Stucki offer an original approach to the subject that allows you to explore Different eras of colonisation and decolonisation from early modern European colonialism to the present day Overarching themes in colonial history like land and sea the body and representations of colonialism A global range of snapshot colonial case studies such as Peru 1780 India 1876 The South Pacific 1903 the Dutch East Indies 1938 and the Portuguese empire in Africa 1971 This is the essential text for anyone seeking to understand the nature and complexities of modern European imperialism and its aftermath The Facts on File Companion to the British Short Story Andrew Maunder, 2007 A comprehensive reference to short fiction from Great Britain Ireland and the British Commonwealth With approximately 450 entries this A to Z guide explores the literary contributions of such writers as Joseph Conrad James Joyce D H Lawrence Rudyard Kipling Oscar Wilde Katherine Mansfield Martin Amis and others *Hidden Multilingualism in 19th-Century European Literature* Jana-Katharina Mende, 2023-08-21 The disparagement of multilingualism is a European development of the 18th and 19th centuries in which one national language and national literature were advocated established and institutionalised Multilingual writers made use of the creative potential of several languages even then However they often adapted to an increasingly monolingual book market which made their individual multilingualism invisible This is evident in literary historiography which established a monolingual national canon Researching hidden multilingualism is often difficult since multilingual texts by multilingual writers were often not published or were published in a monolingual version sources are scarce Literary histories of the time often do not mention multilingualism Furthermore many multilingual writers were members of minority groups women

Jewish Non European and thus often neglected The volume offers methods and theories to systematically approach this hidden material as well as case studies on authors and national literatures in a multilingual context It thus contributes to the restructuring of a multilingual transnational literary history that is applicable to different philologies

Singing by Herself Amelia Worsley, 2024-08-15 Singing by Herself reinterprets the rise of literary loneliness by foregrounding the female and feminized figures who have been overlooked in previous histories of solitude Many of the earliest records of the terms lonely and loneliness in British literature describe solitaires whose songs positioned them within the tradition of female complaint Amelia Worsley shows how these feminized solitaires for whom loneliness was both a space of danger and a space of productive retreat helped to make loneliness attractive to future lonely poets despite the sense of suspicion it evoked Although loneliness today is often associated with states of atomized interiority soliloquy and self enclosure this study of eighteenth century poetry disrupts the presumed association between isolation singular speech and bounded models of poetic subjectivity In five chapters focused on lonely poet figures in the works of John Milton Anne Finch Alexander Pope Thomas Gray and Charlotte Smith which also take account of the wider eighteenth century fascination with literary loneliness Singing by Herself shows how poets increasingly associated the new literary mode of being alone with states of disembodiment dispersal and echoic self doubling Seemingly solitary lonely voices often dissolve into polyvocal allusive community Worsley argues when in dialogue with each other and also with classical figures of feminized lament such as Sappho Echo and Philomela The book s provocative reflections on lyric mean that it will have a broad appeal to scholars interested in the history of poetry and poetics as well as to those who study the literary history of gender affect and emotion
