Bledstein, Robert D. Johnston, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company **Two Vermonts** Paul M. Searls, 2006 Two Vermonts establishes a little known fact about Vermont that the state's fascination with tourism as a savior for a suffering economy is more than a century old and that this interest in tourism has always been dogged by controversy Through this lens the book is poised to take its place as the standard work on Vermont in the Gilded Age and the Progressive

Era Searls examines the origins of Vermont's contemporary identity and some reasons why that identity is to this day so hotly contested. Searls divides nineteenth century Vermonters into conceptually uphill or rural parochial and downhill or urban cosmopolitan elements. These two groups he says negotiated modernity in distinct and contrary ways. The dissonance between their opposing tactical approaches to progress and change belied the pastoral ideal that contemporary urban Americans had come to associate with the romantic notion of Vermont. Downhill Vermonters espousing a vision of a mutually reinforcing relationship between tradition and progress unilaterally endeavored to foster the pastoral ideal as a means of stimulating economic development. The hostile uphill resistance to this strategy engendered intense social conflict over issues including education, religion, and prohibition in the late nineteenth and early twentieth centuries. The story of Vermont's vigorous nineteenth century quest for a unified identity bears witness to the stirring and convoluted forging of today's Vermont. Searls's engaging exploration of this period of Vermont's history advances our understanding of the political, economic, and cultural transformation of all of rural America as industrial capitalism and modernity revolutionized the United States between 1865 and 1910. By the late Progressive Era, Vermont's reputation was rooted in the national yearning to keep society civil, personal, and meaningful in a world growing more informal, bureaucratic, and difficult to navigate. The fundamental ideological differences among Vermont communities are indicative of how elusive and frustrating efforts to balance progress and tradition were in the context of effectively negotiating capitalist transformation in contemporary America.

**Ira Allen J.** Kevin Graffagnino, 2024-09-13

Land speculator, revolutionary pamphleteer, politician, and empire builder, Ira Allen (1751-1814) was a key figure on the Green Mountain frontier. In a remarkable Vermont pioneer generation that included such noteworthy leaders as Ethan Allen, Thomas Chittenden, Moses Robinson, Isaac Tichenor, and Stephen Row Bradley, Ira Allen stood out for his extraordinary energy, vision, and accomplishments. He helped create and sustain the independent State of Vermont, held such important state offices as treasurer, surveyor general, and member of the Governor's Council, published hundreds of pages defending Vermont against a host of internal and external enemies, and represented Vermont in negotiations with the British Empire, other American states, and Congress. As an entrepreneur, Allen amassed a Champlain Valley land portfolio of 120,000 acres and dreamed of developing the commercial and industrial potential of northwestern Vermont to establish profitable trade networks with Canada, England, and France. When his financial reach exceeded his grasp in the 1790s, he devised an audacious plan for a French-Canadian rebellion against British authority that he hoped would restore his fortunes and turn his dreams into reality. At the end of his life, alone and destitute in Philadelphia, Allen remained true to his revolutionary roots, throwing his support behind an ill-fated filibustering expedition against Mexican control of what two decades later became Texas. J. Kevin Graffagnino's biography ably details Ira Allen's extraordinary life. As the first published examination of Allen's career in nearly a century, this book shines new light on Allen and his prominent role in Vermont's formative decades.
