Women in Victorian England wore jewelry made from each other's hair and wrote poems celebrating decades of friendship They pored over magazines that described the dangerous pleasures of corporal punishment A few had sexual relationships with each other exchanged rings and vows willed each other property and lived together in long term partnerships described as marriages But as Sharon Marcus shows these women were not seen as gender outlaws Their desires were fanned by consumer culture and their friendships and unions were accepted and even encouraged by family society and church Far from being sexless angels defined only by male desires Victorian women openly enjoyed looking at and even dominating other women Their friendships helped realize the ideal of companionate love between men and women celebrated by novels and their unions influenced politicians and social thinkers to reform marriage law Through a close examination of literature memoirs letters domestic magazines and political debates Marcus reveals how relationships between women were a crucial

component of femininity Deeply researched powerfully argued and filled with original readings of familiar and surprising sources *Between Women* overturns everything we thought we knew about Victorian women and the history of marriage and family life It offers a new paradigm for theorizing gender and sexuality not just in the Victorian period but in our own The World of the American Revolution Merril D. Smith, 2015-08-28 This two volume set brings to life the daily thoughts and routines of men and women rich and poor of various cultures religions races and beliefs during a time of great political social economic and legal turmoil What was life really like for ordinary people during the American Revolution What did they eat wear believe in and think about What did they do for fun This encyclopedia explores the lives of men women and children of European Native American and African descent through the window of social cultural and material history The two volume set spans the period from 1774 to 1800 drawing on the most current research to illuminate people s emotional lives interactions opinions views beliefs and intimate relationships as well as connections between the individual and the greater world The encyclopedia features more than 200 entries divided into topical sections each dealing with a different aspect of cultural life for example Arts Food and Drink and Politics and Warfare Each section opens with an introductory essay followed by A Z entries on various aspects of the subject area Sidebars and primary documents enhance the learning experience Targeting high school and college students the title supports the American history core curriculum and the current emphasis on social history Most importantly its focus on the realities of daily life rather than on dates and battles will help students identify with and learn about this formative period of American history The Spinning World Giorgio Riello, Prasannan Parthasarathi, 2011-09-22 This collection of essays examines the history of cotton textiles at a global level over the period 1200 1850 It provides new answers to two questions what is it about cotton that made it the paradigmatic first global commodity And second why did cotton industries in different parts of the world follow different paths of development Fashion in the Age of the Black Prince Stella Mary Newton, 1999 A close study of clothes worn by aristocratic families and their households at the time of the Black Prince and of Chaucer showing Europe wide influences 1340 to 1363 were years remarkable for dramatic developments in fashion and for extravagant spending on costume foreshadowing the later luxury of Richard II s court Stella Mary Newton broke new ground with this detailed study which discusses fourteenth century costume in detail She draws on surviving accounts from the Royal courts the evidence of chronicles and poetry often from unpublished manuscripts and representations in painting sculpture and manuscript illumination Her exploration of aspects of chivalry particularly the choice of mottoes and devices worn at tournaments and of the exchange of gifts of clothing between reigning monarchs offers new insights into the social history of the times and she has much to say that is relevant to the study of illuminated manuscripts of the fourteenth century STELLA MARY NEWTON s lifelong interest in costume has been the mainspring of her work from early days as a stage and costume designer including designing the costumes for the first production of T S Eliot s *Murder in the Cathedral* to her later work at the National

Gallery advising on the implications of costume for the purpose of dating and at the Courtauld Institute where she set up the department for the study of the history of dress
