Stone,1997-07-29      *Fishers and Scientists in Modern Turkey* Ståle Knudsen,2009 Through the ethnography and history of fish production seafood consumption state modernizing policies and marine science this book analyzes the role of local knowledge in the management of marine resources on the Eastern Black Sea coast of Turkey Fishing science and other ways of knowing and relating to fish and the sea are analyzed as particular ways of life conditioned by history ideology and daily practice The approach adopted here allows for a broader analysis of the role knowledge plays in the management of common pool resources CPR than is provided in much of the contemporary CPR debate that tends to have a somewhat narrow focus on institutions and rules By contrast the author argues that also local knowledge and the larger historical and ideological context of production as manifest in state modernization policies and consumption patterns should be taken into account when trying to explain the current management regime in Turkish Black Sea fisheries      Historical Dictionary of Turkey Metin Heper,Nur Bilge Criss,2009-01-21 Turkey is both an old and a new country While the Turks have been living in Anatolia for the last millennium the country has gone through extensive Westernization since the end of the 18th century However in the case of Turkey tradition has not arrested modernization rather the traditional has adapted itself to the modern The revival of Islam and the emergence of certain ethnic identities during the recent decades have not led to the reversal of progress in the economy and democracy There is a thriving private sector and the economy continues to grow At the turn of the 21st century Turkey is the only Muslim country with a democratic political system Although Turkey belongs to both the West and the East its Western credentials are more marked It is a member of the Council of Europe North Atlantic Treaty Organization NATO and Organization for Economic Cooperation and Development OECD and it is presently carrying out negotiations with the European Union EU for accession to that Union as a full member The third edition of the Historical Dictionary of Turkey explores the history of this fascinating country through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions as well as on significant political economic social and cultural aspects      **Ottoman Culture and the Project of Modernity** Monica M. Ringer,Etienne Charrière,2020-04-16 Central to the nineteenth century Ottoman Tanzimat reform project the novel originally developed outside of Ottoman space yet was adopted as a didactic tool to model and generate new forms of Ottoman citizenship Essays in this book explore the appropriation of the novel as a literary genre and its deployment in the late Ottoman cultural project of constructing an Ottoman modernity Analyzing key texts and authors from the works of Ahmet Midhat Efendi to Mizancı Murad and Vartan Pasha among others the book s chapters explore the novel genre as far

more than a case of importation of Western and non Ottoman cultural productions but rather as a vehicle for the cultivation of indigenous modern subjectivities *Turkey and the World* Sedat Laçiner,2001 *Turkey and the United States* Richard C. Company,1986-08-05 This volume examines the impact of the arms embargo imposed by the United States against Turkey in 1974 The author concludes that the arms embargo as a tool of influence did not achieve the desired results for two reasons First the arms embargo while widely used by the United States almost never had the intended effect on the policies of the targeted state Second Turkish concerns about the nature of their relationship with the United States were exacerbated by the stress of the embargo United States insensitivity to Turkish history and culture and Turkey s inability to understand American policies contributed greatly to the difficulties faced by the United States and Turkey in maintaining an alliance relationship during the embargo period *We Have No Microbes Here* Sylvia Wing Önder,2007 Examining traditional metaphors used to describe the body and its suffering this study situates a Turkish Black Sea village community in expanding networks of labor migration and medical technologies as well as within international discourses on science and religion
