The Sound of Music FAQ explores such facts and trivia as the movie's phenomenal original run in cinemas during which it dominated the box office for a staggering amount of time and became the highest grossing movie of the 1960s and of all time; its long and varied life on home video and primetime television; the bestselling soundtrack and many other related recordings; information behind the stunning Austrian locations; the critical feedback; the many stage revivals; and the continuing references, homages, reunions, and tributes related to it over the many decades since its release. **Billboard**, 2002-06-29 In
