Sociological Perspectives of Education Prof. (Dr.) Shauli Mukherjee, Emmanuel Ande Ivorgba, PhD & Pranay Pandey, 2023-06-30 The term Society is the most fundamental one in sociology It is used in very wide sense In common parlance the society is to refer to members of specific groups For example we speak of Harijan Society Teacher's Society and Students society and the like Similarly the word is used to refer to some specific institution like Brahma Samaj Arya Samaj etc But in sociology the term Society refers not to group of people but to the complex pattern of the norms of interaction that arise among them People are only the agents of social relationship they are regarded as things A society is intangible it is a process rather than a thing motion rather than structure Society is a web of social relationships the pattern of norms of interaction by which the members of the society maintain themselves

Sociological Theory and Educational Reality Alan Barcan, 1993 An examination of the major classical sociological theories relevant to education and of the rise and decline of the new sociology of education Author also discusses the vexed questions of equality of opportunity the relationship between school and society the growth of educational bureaucracies and the roles of state church and family in education in Australia since 1949 Includes endnotes tables and index

Law's Community Roger Cotterrell, 1995 Law's Community offers a distinctive analysis of law identifying political and moral problems that are fundamental to contemporary legal theory It portrays contemporary law as institutionalized doctrine emphasizing ways in which legal modes of thought influence wider currents of understanding and belief in contemporary Western societies Exploring relationships between law and sociology as contrasting and competing fields of knowledge Law's Community develops ideas from social theory to identify key problems for legal development in particular those of restoring moral authority to law and of elaborating a concept of community that can guide legal regulation The analysis leads to radical conclusions among them that law's functions need reconsideration at the most general level that a unitary state legal system as portrayed in traditional kinds of legal theory may no longer be adequate in complex contemporary societies and that law should be reconceptualized as a diverse but co-ordinated plurality of systems sites and forms of regulation
