

Scope Of State Power In China

Yongnian Zheng

Scope Of State Power In China:

Foundations and Limits of State Power in China Stuart Reynolds Schram, 1987 **The Scope of State Power in China** Stuart Reynolds Schram, 1985 *Civilization and the Chinese Body Politic* Yongnian Zheng, 2022-11-22 In this important and hugely ambitious book one of the world's leading political scientists working on China demonstrates how Western views of China are flawed because the long tradition of Western scholarship studying China views China from the Western philosophical and intellectual perspective rather than viewing China on its own terms through the lens of China's own long established and reputable philosophical and intellectual tradition Providing a deep analysis of Western scholarship on China including work from Leibniz to Marx to Weber and then to Wittfogel and a thorough account of the evolution of China's own thinking about governance as expressed in the practices of successive Chinese dynasties the book goes on to examine how the current Chinese body politic fits with and is the natural outcome of China's own long well thought through and well practiced intellectual consideration of what the nature of civilized governance should be By focusing on philosophical and intellectual approaches rather than on theoretical or methodological ones the book shows how the huge and increasing disconnect between non Chinese views of China and Chinese ones has come about *Autocracy and China's Rebel Founding Emperors* Anita M. Andrew, John A. Rapp, 2000 What kind of ruler was Mao Zedong Utilizing a rich mix of analysis and new translations this book examines other imperial predecessors and the elements linking Mao and Ming Taizu the fourteenth century peasant rebel who founded the Ming dynasty as well as critiques of Western and Chinese scholarship The book then presents translations with commentary of PRC scholars on Taizu and Mao showing the evolution in Chinese thought toward both rulers from the Cultural Revolution to the Deng Xiaoping reform era *The New Chinese Empire* Ross Terrill, 2009-03-05 Some observers expect China to become an economic superpower Others expect it to fragment into pieces Is China nationalistic and on the march or is it a stumbling Communist dinosaur Is it already a billion citizen member of the global village Is it as the Clinton administration claimed a strategic partner of the U S Ross Terrill addresses the question upon which all these others depend Is the People's Republic of China whose polity is a hybrid of Chinese tradition and Western Marxism willing to become a modern nation or does it insist on remaining an empire Since the collapse of three thousand years of Confucian monarchy in 1911 China has neither established a successful political system nor adjusted to being a nation state Today it stands as the most contradictory of major powers hovering between an unsustainable tradition and a yet to be born political form that would support its new society and economy Hanging in the balance are the prospect for freedom within China for both Chinese and non Chinese citizens of the People's Republic the future of America's relations with China and the security of China's neighbors Drawing upon Terrill's long experience studying China as well as upon new research this enlightening and rigorous book will be a must read for everyone who has a stake in the future of the global world order **Governance and Politics of China** Tony Saich, 2017-09-07 The success or failure of China's development

will impact not only its own citizens but also those of the world China is widely recognized as a global actor on the world stage and no global challenge can be resolved without its participation Thus it is important to understand how the country is ruled and what the policy priorities are of the new leadership Can China move to a more market based economy while controlling environmental degradation Can it integrate hundreds of millions of new migrants into the urban landscape The tensions between communist and capitalist identities continue to divide society as China searches for a path to modernization The People's Republic is now over 65 years old an appropriate juncture at which to reassess the state of contemporary Chinese politics In this substantially revised fourth edition and essential guide to the subject Tony Saich delivers a thorough introduction to all aspects of politics and governance in post Mao China taking full account of the changes of the 18th Party Congress and the 12th National People's Congress Further the rise of Xi Jinping to power and his policies are examined as are important policy areas such as urbanization and the fight against corruption *China's Quest for National Identity* Lowell Dittmer, Samuel S. Kim, 2018-07-05 How to define a Chinese national identity remains as hotly contested a question among today's Chinese citizens as it has been among foreign observers This volume brings together ten new essays by an interdisciplinary group of leading sinologists and offers a comprehensive framework for understanding the nature of Chinese national identity in past and contemporary settings **The Thought of Mao Tse-Tung** Stuart Reynolds Schram, 1989-07-13 Professor Schram offers a fascinating and sure footed analysis of Mao's intellectual itinerary The Dual Developmental State Ming Xia, 2017-12-01 This title was first published in 2000 The developmental state model which originated in Japan has ascended to the status of the leading paradigm for the East Asian political economy This text explores the proposition of many specialists that China has emulated the model and become part of the flying geese pattern of development The Death Penalty in China Bin Liang, Hong Lu, 2015-12-01 Featuring experts from Europe Australia Japan China and the United States this collection of essays follows changes in the theory and policy of China's death penalty from the Mao era 1949 1979 through the Deng era 1980 1997 up to the present day Using empirical data such as capital offender and offense profiles temporal and regional variations in capital punishment and the impact of social media on public opinion and reform contributors relay both the character of China's death penalty practices and the incremental changes that indicate reform They then compare the Chinese experience to other countries throughout Asia and the world showing how change can be implemented even within a non democratic and rigid political system but also the dangers of promoting policies that society may not be ready to embrace *Rome and China* Walter Scheidel, 2009-02-05 This volume brings together experts in the history of the ancient Mediterranean and early China and presents a series of comparative case studies on clearly defined aspects of state formation in early eastern and western Eurasia focusing on the process of initial developmental convergence *Contemporary China* Yongnian Zheng, 2013-01-29 Using new research and considering a multidisciplinary set of factors Contemporary China offers a comprehensive exploration of the making of contemporary China

Provides a unique perspective on China incorporating newly published materials from within and outside China in English and Chinese Discusses both the societal and economic aspects of China's development and how these factors have affected Chinese elite politics Includes coverage of recent political scandals such as the dismissal of Bo Xilai and the intrigue surrounding the 18th National Congress elections in late 2012 Discusses the reasons for and ramifications of the gap that exists between western perceptions of China and China itself

Chineseness And Modernity In A Changing China: Essays In Honour Of Professor Wang Gungwu Yongnian Zheng, Litao Zhao, 2020-02-13 This book is a collection of essays in honour of Professor Wang Gungwu Professor Wang is not only a great historian on Chinese history in general and the Chinese overseas in particular but has much wider influence through remarkable domain crossing namely spatial crossing characterised by geographical straddling between inside and outside of China temporal crossing from the ancient past to the contemporary inter disciplinary crossing from history to the social sciences and intellectual crossing from the academia to public activism He has been a long lasting source of inspiration for understanding some of the most pressing and complex issues in our times including the nature of China's rise and its implications for the regional and world order In a nutshell this book presents Wang as a highly active educator scholar who has achieved the highest academic standard as well as far reaching influence over issues that concern all walks of life By focusing on the theme of Chineseness and China's modernity this book adds depth to the analysis of China's rise and its implications for the region and the world It contains a chapter providing the most comprehensive and updated review of Wang's scholarship thus far Another chapter demonstrates how Wang based on his deep understanding of Chinese civilisation and history articulates a distinct view of the world order that differs from either the thesis of Thucydides's trap or the advocacy of mutual accommodation Interestingly this book also includes a chapter that highlights Wang's Southeast Asian-ness suggesting that Wang's scholarship cautions against not only western centric views towards China but also Sino centric views towards Southeast Asia In short this edited volume is both a reference book for understanding Wang's scholarship and an extension of his scholarship to the analysis of China's growing international influence and its implications for the world order

Anthropology of Ascendant China Mayfair Yang, 2024-05-06 This volume represents the latest research in cultural anthropology on an ascendant and globalizing China covering the many different dimensions of China's ascendancy both within China itself and beyond It focuses not only on the real and perceived successes of China in the past four decades but also on the difficulties tensions and dangers that have emerged as a result of rapid economic development class polarization state expansion psychological distress and environmental degradation Including contributions by some of the most well known cultural anthropologists of China as well as rising innovative younger scholars this book documents and analyzes China's multifaceted transformations in the modern era both within Chinese society and in Chinese relations with the outside world It features the unique perspective of anthropology with its on the ground deep cultural immersion through long term fieldwork coupled with a macrolevel global perspective a strong historical

perspective and theoretically engaged analyses to present a balanced account of China's ascendancy Anthropology of Ascendant China Histories Attainments and Tribulations is suitable for students and scholars in Anthropology Sociology History Political Science and East Asian Studies as well as those working on contemporary Chinese society and culture more broadly

Limits to Autocracy Alan T. Wood, 1995-08-01 Alan T. Wood examines the cultural identity of modern China in the context of authoritarianism in the Chinese political tradition Taking on issues of key importance in the understanding of Chinese history Wood leads readers to a reconsideration of neo Confucian thinkers of the Northern Sung dynasty Modern scholars have accused Sung neo Confucians of advocating a doctrine of unconditional obedience to the ruler of revering the emperor and expelling the barbarian and thereby inhibiting the rise of democracy in China Wood refutes this dominant view by arguing that Sung neo Confucians intended to limit the power of the emperor not enhance it Sung political thinkers believed passionately in the existence of a moral cosmos governed by universal laws that transcended the ruler and could be invoked to set limits on his power Wood makes a striking comparison of this view with a similar one of universal morality or natural law that developed in late Medieval Europe By drawing attention to a much neglected Confucian text he contributes significantly to the wider dialog of human rights in China and brings forth fresh philosophical insights in his comparative view of Chinese and Western history

Conference on the Evolution of Democracy in China Carnegie Council on Ethics & International Affairs, 1990

Translations on Communist China's Trade, Finance, Transportation and Communications United States. Joint Publications Research Service, 1964

Going Soft? The US and China Go Global Mei Renyi, 2014-04-11 What is soft power How can a country acquire and enjoy it Is it the product of public or private initiatives How significant is soft power in world affairs The concept of soft power the idea that international success depends not just upon weaponry force and military coercion but also on admiration and respect for a country's culture and way of life is winning ever greater global attention As China enjoys ever increasing heft on the global scene many Chinese officials seek to emulate the past success of the United States in dominating the world not simply militarily but in terms of influence and prestige Most are very conscious that soft power can be extremely valuable in terms of supplementing and boosting their country's military and strategic position but are often uncertain as to how to deploy the instruments of propaganda and cultural diplomacy most effectively The essays in this volume largely written by scholars based in mainland China represent an extended effort to debate and assess the theoretical concept of soft power and just what it means and how it works in practice The authors focus upon the practical impact and implications of soft power in diverse settings and situations in the United States past and present How they ask does soft power relate to issues of religion gender race and social equality at home and abroad What do American elections and political rhetoric do for American soft power Will China succeed in rivalling the United States in power whether hard soft or smart And how will soft power feature in US China relations present and future

The Political Economy of China's Economic Zones George T. Crane, 2019-07-04 In 1979 China

launched a new international economic policy with the establishment of four Special Economic Zones SEZs Shenzhen Zhuhai and Shantou in Guangdong Province and Xiamen in Fujian Province Modelled loosely on export processing zones and free trade zones found in other less developed countries the SEZs offer a variety of financial inducements to foreign investors in order to harness international business for national economic advantage Designed to be a cornerstone of China's economic reforms by 1985 the SEZs in the mid 80s zone like policies were extended to fourteen coastal cities were scandal ridden and fraught with serious problems This work the first book length analysis in English of China's SEZs examines the problems and promise of this innovative approach to structural economic reform and the comparative significance of the SEZs

Construction Of Democracy, The: China's Theory, Strategy And Agenda Shangli Lin, 2021-02-05 The book expounds on the role played by democracy in China's revolution and modernization led by the Communist Party of China CPC and how the CPC in both its party building and state building has constantly sought to leverage democracy's positive functions while avoiding its shortcomings Special attention is paid to reconstructing and explaining the historical contexts from which the Party's theoretical innovations have emerged thus offering readers insights into the inner political logic that has shaped China's development The author a member of the Party's senior policy panel offers a perceptive analysis of the modernization of the country and its governing capacity and provides a clear assessment of how democracy in China has developed with the times Always bearing the big picture in mind the author has not shied away from some of the more controversial parts of China's recent history and his deep understanding of relevant Party documents and historical facts give strong support to his analyses He concludes that that the Party is central to leading the nation to explore its path of socialism with Chinese characteristics and that the country has always emerged stronger after setbacks

Adopting the Tune of Phrase: An Psychological Symphony within **Scope Of State Power In China**

In a global consumed by screens and the ceaseless chatter of fast interaction, the melodic beauty and emotional symphony produced by the prepared term frequently diminish into the backdrop, eclipsed by the constant sound and disruptions that permeate our lives. Nevertheless, set within the pages of **Scope Of State Power In China** an enchanting literary prize filled with fresh thoughts, lies an immersive symphony waiting to be embraced. Constructed by a masterful musician of language, this fascinating masterpiece conducts readers on a psychological trip, well unraveling the concealed melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of the poignant review, we shall explore the book is central harmonies, analyze their enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
