## Scopes II The Great Debate:

*Scopes II* Bill Keith, 1985      Assault on the Remnant Ted Schultz, 2016-06-17 It is an interesting fact of history that as the Reformation progressed the Reformers adopted the Received Text in union with the Waldenses the Jesuit inspired counter Reformation adopted the Latin Vulgate and the Vaticanus What do we see today Most of the modern versions are based upon the text of the counter Reformation In addition we see increased negativity toward the Textus Receptus and the King James Version This has not been without adverse effects upon all of Protestantism and Adventism specifically This book provides insights into the causes and effects that the doctrinal pluralism of the common text Bibles of the counter Reformation have had on Adventist doctrine Since doctrinally pluralistic Bibles cannot function as self interpretive units an interpretive authority from outside of Scripture is brought into play As a result creedalism is overtaking Biblical authority History has demonstrated the sure results of this misplaced authority      **Be Ready to Answer** Michael L. Gowens, 2011-07-01 A Christian apologetic for the person in the pew this volume aims to equip both the young and the more mature believer in defending the faith      The Creation/Evolution Controversy Kary D. Smout, 1998-10-28 This rhetorical study of the various language strategies and competing worldviews involved in the 140 year argument between Biblical creationists and Darwinian evolutionists focuses on the 1860 Huxley Wilberforce debate the 1925 Scopes Monkey Trial and the 1981 Arkansas Creation Science Trial When Darwin published his *Origins of Species* in 1859 he initiated a debate about the origin of human life and the role of God in human affairs scarcely equalled in world history Smout traces the response of Biblical creationists to Darwinian evolutionists Looking carefully at the stories told and the tactics used by both sides he analyzes all available accounts of the original debate culminating in the 1860 Huxley Wilberforce debate the 1925 Scopes Monkey Trial and the 1981 Arkansas Creation Science Trial Professor Smout argues that both sides in the controversy use various language strategies to persuade the culture as a whole to see the world that they see and to enact their position as public policy As Smout illustrates the problem is that both sides rely on an inadequate conception of language as a namer of timeless realities rather than as an instrument used by human communities to achieve their goals He attempts to articulate a better view of language and to show how it might help solve intractable arguments such as this He argues that we should see language as a tool that shapes what we see and definitions of terms as political acts rather than statements of fact made by disciplinary experts An important analysis for students and scholars in rhetoric history religion and sociology      **Resources in Education**, 1984      **Church and State in America: A Bibliographical Guide** Bloomsbury Publishing, 1987-08-14 The second in a two volume bibliography on church state relations in U S history this book contains eleven critical essays and accompanying bibliographical listings on periods or topics from the Civil War to the present day Each essay reviews the available relevant literature and the listings emphasize critical studies and documents published in the last quarter century This reference work will enable the reader to grasp the historiographic issues become acquainted with the resources
