Scorpion Trail Geoffrey Archer, 2012-08-17 _____ Alex Crawford has been out of MI5 and the combat zone for twenty years but now fate has thrust him back into the front line Though he is an aid worker the secret service minders who have protected him for so long have reactivated him they want information about the man who perpetrated a massacre in a Muslim village in Bosnia at the height of the Kosovo War His target is the most ruthless killer in the whole war zone Milan Pravic codename the Scorpion And the only eyewitness to the massacre is a twelve year old girl whom Pravic will do anything to silence

The Scorpion's Tail Zahid Hussain, 2010-11-16 A deeply reported account of the war against Islamic extremists in Pakistan and battles being fought in the remote tribal regions The war in Afghanistan has raged on longer than any war in US history and far from suppressing the insurgency being waged by radical Islamic militants it has led to stronger alliances among al Qaeda the Taliban and a host of once autonomous militant groups and has inspired a flood of new recruits In addition to reclaiming control of substantial territory in Afghanistan the militants have now taken the fight deep within Pakistan threatening to totally destabilize that nuclear armed state and are launching attacks on the US homeland Why has the insurgency been so irrepressible Is this a war that can be won Can we expect a wave of attacks within the United States more sophisticated than the attempted bombing in Times Square Nothing can be understood about the prospects for the war and the threat to the US homeland without understanding how Pakistan has become the epicenter of the insurgency and why the rise of militant groups there has escalated out of control despite major offensives by the Pakistani military and an intensive secret US Predator drone war against them Based on extensive reporting inside Pakistan's dangerous lawless regions and exclusive interviews with militant leaders as well as high level military and intelligence sources Zahid Hussain one of the most respected reporters working out of Pakistan chronicles how and why the Islamic extremist groups based in Pakistan's remote tribal territories have greatly increased their power since the start of the war and unleashed a reign of terror on US forces in Afghanistan and on both the military and civilian population within Pakistan He is the first to reveal how a loose constellation of tribal groups has now come together to form a distinctive Pakistani Taliban working closely with al Qaeda and the Afghani Taliban to launch increasingly sophisticated and deadly attacks on both sides of the Af Pak border He discloses how they draw support and a steady flood of recruits from deeply entrenched support networks in major Pakistani cities and how they have recruited would be US attackers including Faisal Shahzad and Adnan Shukrijumah accused of plotting to bomb the New York City subway He is also the first to chronicle in detail the still unacknowledged US war carried out in Pakistan by remote Predator drones and reporting from the scenes of a number of drone missile strikes and interviewing a number of attempted suicide bombers he reveals the shocking extent of anti Americanism the strikes have stoked in Pakistan across the range of the population due to civilian deaths driving a new breed of highly educated professional and middle class Pakistanis into the militant groups His gripping and revelatory account is an

urgent wake up call about the blowback effects of the US war in Afghanistan and the drone campaign in Pakistan about how volatile the situation in the Af Pak region has become and about the deeply troubling limitations of the current military strategy in ever gaining decisive ground against the insurgents
