The Twelve Gates John A. Rush, 2019-08-07 In *The Twelve Gates* clinical anthropologist John Rush embarks on a spellbinding journey through death rituals in various cultures centering on the ancient Egyptian philosophy of death and resurrection The first part of the book provides an overview of different rituals encouraging readers to confront their feelings about death and to reevaluate their lives The author details his own experiences preparing for death including a painful tattooing process inspired by the ancient Egyptian Books of the Netherworld He then guides readers through the Twelve Gates of the Underworld symbolic ritual stages during which they can figuratively experience death and rebirth A set of full color tarot cards designed by the author is included as an aid in passing through each of the Gates These ancient rituals performed by pharaohs and priests for thousands of years help ease the way toward a peaceful conscious death

The Legend of Arthax Z. Belobrajdic, 2015-05-18 In a time before our time there was a vast land called Arthax A place where mystery abounded in every corner and everywhere you went there was a story to tell The people of this land lived in a stable and peaceful environment well protected from any threats around them However little did they know that a shadow of evil was sweeping over them slowly and silently Five men from different regions of Arthax brought together by the paths that were put before them sense this threat and commit themselves to find its source and put an end to it once and for all Their commitment takes them on a journey through the land and history of Arthax It takes them to the very edge of Arthax s existence which may hang in the balance Dangerous lands old friends and enemies battles giant scorpions and wolves that control fire stand in the way Not to mention the unknown power that is growing to the east

Nine Gates Jane Lindskold, 2020-02-12 Orphans Besieged After a violent attack makes all too clear that the Lands Born from Smoke and Sacrifice are willing to invade the indigenous magical traditions of Earth turn against the Thirteen Orphans Pearl Bright the Tiger realizes the fight must be taken into the Lands but she can t do this alone and her allies are increasingly untrustworthy

Shaken from her close encounter with death by violence Brenda Morris is uncertain about her place among the Orphans an uncertainty not helped by being forced to accept that that Flying Claw once known as Foster the man she thought she loved is by training and tradition a skilled killer Yet despite numerous complexities if the Orphans hope to meet their enemies from a position of strength they must open the Nine Gates a feat that will begin with the revelation of dark secrets and extend to demanding the cooperation not only of barely cooperating living allies but also of the resentful dead Bonus material includes the newly expanded essay Disappointment Evaded The system of magic is complex the direction the series is taking is mysterious and the correspondence to Chinese myth and mah jong are thought provoking Booklist on Nine Gates Contrasting themes of love and duty loyalty and ambition family and otherness lend a sense of universality to this urban fantasy Library Journal on Nine Gates
