**Scotland** Scottish Tourist Board,1994-02-01      *AA Bed and Breakfast 1999* ,1998-11-30      **Bernice Chesler's Bed & Breakfast in the Mid-Atlantic States** Bernice Chesler,1997-04 Setting the standard for bed and breakfast guides everywhere this definitive book features information on more than 450 inns providing travelers with all the facts they need to plan a memorable overnight or extended stay Covers Delaware Maryland New Jersey New York North Carolina Pennsylvania Virginia Washington D C and West Virginia 17 color photos 36 color illustrations 10 maps      **Scotland's Castles** Janet Brennan-Inglis,2014-07-07 Scotland s Castles is a beautifully illustrated celebration and account of the renaissance of Scottish castles that has taken place since 1950 Over 100 ruined and derelict buildings from tiny towers to rambling baronial mansions have been restored as homes hotels and holiday lets These restorations have mainly been carried out by new owners without any connections to the land or the family history of the buildings which they bought as ruins Their struggles and triumphs including interviews and first person accounts form the core of the book set in the context of the enormous social political and economic changes of the late twentieth century      *Bed & Breakfast* ,1999      **Homelessness and Social Policy** Roger Burrows,Nicholas Pleace,Deborah Quilgars,2013-02-01 The problem of homelessness is deeply emblematic of the sort of society Britain has become What other social phenomena could better epitomise the end of modernity than our seeming inability to adequately respond to the most basic needs shelter warmth food of substantial numbers of our citizens Homelessness and Social Policy offers a dispassionate analysis of the problem of homelessness and the policy responses it has so far invoked By reviewing theoretical and legal conceptualisations of homelessness and presenting extensive statistical analyses this book considers the impact of the experience of homelessness and the policy responses Homelessness and Social Policy will prove to be invaluable to students of social and public policy health studies housing studies and sociology      *Inn Places, 1993* Ferrari Publications,Marianne Ferrari,1993      *The Politics of the Real World* Michael Jacobs,Real World Coalition,1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company      *Surfing and Modernity in the North of Scotland* Matthew L. McDowell,2024-09-11 For most people surfing is associated with Hawaii California and Australia with sun sand and scantily clad bodies However after the Second World War surfing also found a more unlikely home the north coast of Scotland In the 1960s and 1970s the first people to surf the Pentland Firth s world class waves braved brutal weather conditions poor or no wetsuits and baffled locals Equally as unlikely as surfing s presence on the north coast was its first permanent community founded amongst workers at a nuclear research facility with a notoriously poor safety record This book discusses the existence and evolution of surfing in the region from the 1960s to the present day It does not however focus just on surfing it also acts as a history of the region itself and examines the possibilities and limits of surfing sport and activities like them being used as a means of reinventing communities This book is therefore a valuable tool for historians sport practitioners and economic policymakers alike what

can surfing tell us about the modern Highlands and Islands and indeed contemporary Scotland      **The Politics of the Real World** Real World Coalition,2014-06-03 Many people today feel that something has gone wrong with British society and British politics The quality of life seems to be declining Crime soars Traffic and pollution spiral Mass unemployment is undiminished while many people experience insecurity and stress at work Growing poverty and inequality have left many of Britain's citizens excluded from mainstream society Everywhere the sense of community seems to be breaking down In the world as a whole poverty and conflict cause immense suffering and threaten the security of nations Global environmental degradation from the greenhouse effect to the destruction of rainforests makes the very future of the planet uncertain Yet the political system seems barely to register what is happening It is hardly surprising that public disillusionment with politicians and Parliament has never been higher The Politics of the Real World addresses these interlocking crises Setting out the issues clearly it explains how conventional economic and social policies are creating the problems we face not solving them Arguing that the British political system itself needs rejuvenating it proposes a new direction for the UK in an increasingly globalised world      *Tourism and Development* Clement Allan Tisdell,Kartik Chandra Roy,1998 The papers in this book deal with general issues which arise in relation to the development of tourism While economics is the main focus of many of the essays included in this volume nearly all are multidisciplinary in nature Given the multidimensional nature of tourism development this makes for a more comprehensive coverage of the subject than could otherwise be achieved This volume should therefore appeal to those who would like to take a holistic approach to the subject of tourism development whether they be policy makers members of the tourist industry or academics      *Social Welfare Alive!* Stephen Moore,2002 Social Welfare Alive provides comprehensive coverage of social policy and social welfare issues which feature increasingly in A level and Advanced GNVQ Health and Social Care syllabuses      *Housing Finance Review 1995/96* Steve Wilcox,1995

*SCOLAG* ,1997      **Footloose Scot** Jim Glendinning,2012-10 Footloose Scot is a historical record over 50 years of the travel experiences of Scots born Jim Glendinning It is part travel adventure memoir and part travel trade recollections Glendinning's travel adventures include hitchhiking around post war Europe in the 1950s driving with his wife to India joining a truck load of adventurers driving through Africa hiking 600 miles of the Pacific Crest Trail as well as through Panama's Darien Gap In all he visited 136 countries and he isn't finished yet      **Homelessness and Ill Health** Royal College of Physicians of London.
