Scotland 1980 The Economics Of Self Gove

James Foley

Scotland 1980 The Economics Of Self Gove:

Scotland 1980 Donald Iain MacKay, 1977 **Scotland 1980** Donald Iain MacKay, 1977 *The Economics of Secession* NA NA, 2016-04-30 **The Scottish Economy and Nationalism** James Foley, 2023-08-18 Scotland's economic capacity to prosper independently of Britain has become a key political issue dominating the independence referendum of 2014 and continuing to influence British politics since. But as this book shows the Scottish economy is not merely a statistical object it is also a political sociological and cultural idea which has been imagined and constructed. The book explores the history of how Scotland has been framed in statistical and policy terms which are laden with conflicts over meaning ranging from class struggles and struggles against external control to the ongoing debate over national independence. Using Scotland as a case study for examining the political meaning of the economy the book also considers the origins of efforts to measure the Scottish economy in the British nationalist terms of regional policy. It then considers the influence in turn of North Sea oil globalisation Europeanisation class dealignment and neoliberal enterprise ideology in changing the meanings attached to the Scottish economy. These form necessary conditions for the debate on national independence where the nature and the future of the Scottish economy remain the central controversy. By examining the economic ideas of a self proclaimed cosmopolitan nationalist movement the study will offer deeper insights into how nationalists are adapting to the crisis of globalisation. This book marks a significant contribution to the literature on Scottish independence as well as economic sociology nationalism critical geography and political economy more broadly.

The Case for Scottish Independence Ben Jackson, 2020-07-09 Traces the development of the ideology of modern Scottish nationalism from the 1960s to the independence referendum in 2014.

The Battle for Britain David Torrance, 2013-11-12 On 18 September 2014 Scots will decide their future should the country quit the United Kingdom and take control of its own destiny or should it remain part of what advocates call the most successful political and economic union of modern times. Everyone in the country has a stake in this decision. Now in this fascinating and insightful new book David Torrance charts the countdown to the big day weaving his way through a minefield of claim and counterclaim and knocking down fictions and fallacies from both Nationalists and Unionists. He plunges into the key questions that have shaped an often fraught argument from the future of the pound to the shape of an independent Scottish army. With access to the strategists and opinion makers on both sides of the political divide this book goes straight to the heart of the great debate providing an incisive authoritative occasionally trenchant guide to the most dramatic constitutional question of our times the battle for Britain.

The Crises of the European Regions Kjell Ostrom, Dudley Seers, 1983-10-06 Research papers on regional development in Finland Portugal Spain Sweden and Yugoslavia presents case studies of government policy to reduce regional disparities in employment income distribution housing infrastructure etc discusses the possible impact of social movements on regional development in Southern Europe comments on development theories related to peripheral areas. Maps references statistical tables etc.

A Bibliography of British History, 1914-1989

Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index

Scottish Nationalism Richard Finlay, 2022-04-07 For more than a decade now the issue of Scottish independence has been one of the key features in British politics and has raised questions as to the likely survival of the United Kingdom in the post Brexit era In Scotland the SNP has been in government since 2007 and has established a political hegemony that makes it the most successful political party in terms of electoral politics in Europe Yet the political philosophy of this movement has not been studied in any great depth and a number of basic questions remain unanswered such as why is the movement non violent and constitutional Why does it believe that Scotland as a nation should exercise its right to self determination and how does it square a largely outward looking and cosmopolitan vision of society with nationalism This book answers these important questions By examining the evolution of nationalist ideas on Scottish history its relationship to the philosophy of nationalism as well as how the Treaty of Union between Scotland and England created an unusual legal and constitutional framework this book offers new insights into Scottish history and Scotland's place within the Union and relates it to wider international and imperial British history

ThirdWay, 1977-07-14 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture

Regional Development George Demko, 2017-08-31 Originally published in 1984 This volume brings together papers concerned with the problems of regional development in both Eastern and Western Europe These include regional economic and social inequalities lagging and backward regions and constricted flows of labour This book provides identification comparison analysis and discussion of regional development problems in Eastern and Western Europe It discusses the latest trends in regional policy assesses their effectiveness and puts forward innovative thinking on the various issues and how they should be tackled in future

Strange Death of Labour Scotland Gerry Hassan, 2012-06-20 Analyses the last 30 years of Scottish Labour from the arrival of Thatcherism in 1979 to the aftermath of the party's defeat in the 2007

Scotland Rising Gerry Hassan, 2022-09-20 The Scottish independence question is one of the pivotal questions facing British politics and the future of the United Kingdom It is also one of the most contentious and misunderstood In Scotland Rising Gerry Hassan addresses the fundamental questions covering the Scottish independence debate so that people can better understand the case for independence and the nuances contours and implications for the whole United Kingdom Looking beyond the merits and shortcomings of the SNP and the Conservative government in Westminster Hassan tackles the larger driving dynamics of the Scottish Question a growing desire amongst many Scots for an explicit discussion about society public policy choices and wider values Addressing the constitutional framework and questions about the role of government and democracy the nature of the British state society and capitalism Scotland Rising makes an urgent and

intelligent contribution to one of the defining political questions of our time The Economics of Devolution British Association for the Advancement of Science. Section F (Economics), 1978 Conference arranged to discuss the economic implications of the Scotland and Wales Bill 1977 which had already died an untimely and not particularly dignified death by the time the meeting took place p i Regional Monetary Policy Carlos J. Rodríguez Fuentes, 2006 The rising star of Spanish economics Carlos Rodríguez Fuentes has produced a work of impressive clarity which analyses the effects of regional monetary policy with particular reference to European Monetary Union Paperbacks in Print , 1979 **Future Cities** John R. Beaumont, Paul Keys, 1982 *The Political Economy of Divided Islands* G. Baldacchino, 2013-02-21 The authors investigate the exceptional political economy of the ten inhabited islands whose territory is divided amongst two or more countries that are unitary geographical spaces but fragmented polities **Investors Chronicle** , 1977
