Tourism in Peripheral Areas Frances Brown,Derek D. Hall,Derek R. Hall,2000-08-31 There has been little research on tourism in those European countries or regions which lie outside the continent s main centres of production and population even though tourism may be one of the few economic options open to them This volume aims to fill a gap by presenting a range of case studies including northern Sweden the Orkneys the tip of Norway and northern Cyprus on tourism in the peripheral areas of Europe Taking as a leitmotiv the paradoxes inherent in developing places whose very attraction may lie in their lack of

development the case studies investigate and illustrate both the opportunities and the threats that tourism presents to peripheral areas Although they share certain similarities the cases also demonstrate differing approaches to tourism development and varying outcomes over time They suggest solutions for dealing with for example community participation as well as providing practical insights into visitor perceptions of peripheral areas and into ways of marketing such areas in a sensitive manner Together they provide a picture of the needs of peripheral areas and of how far and how best tourism can fulfil those needs

Bellusci,2024-04-02 The Rosary signifies prayer a form of daily prayer and meditation for millions of Roman Catholics across the world and has been for centuries The Rosary unites the followers of Christ as one family in a common faith baptism and Lord The power of the Rosary stems not only from the intercession of the Mother of our Savior but each of the twenty mysteries finds its source in the Bible The truth of the word of God teaches us not only that the Father sent his Son to save us from our sins so we may have eternal life but also how we live our communion with Christ through our daily choices The Rosary and the Bible lead us to Jesus Christ the Scriptures point to Jesus and Jesus is at the very center of the Rosary And so

the Rosary and the Bible provide us with the armor we need to help us in combat against Satan's deceptions, lies and attacks. To know the truth we need the word of God and to live in truth Jesus gives us his mother at the cross. This is your mother. We need the grace of God, Mary's intercession and the word of God in spiritual combat.

Is There a British Chalcolithic?  
Michael J. Allen, Julie Gardiner, Alison Sheridan, 2012-06-09

The Chalcolithic, the phase in prehistory when the important technical development of adding tin to copper to produce bronze had not yet taken place, is not a term generally used by British prehistorians and whether there is even a definable phase is debated. Is There a British Chalcolithic? brings together many leading authorities in 20 papers that address this question. Papers are grouped under several headings: Definitions, Issues and Debate, considers whether appropriate criteria apply that define a distinctive period c. 2450–2150 cal BC in cultural, social and temporal terms, with particular emphasis on the role and status of metal artifacts and Beaker pottery. Continental Perspectives addresses various aspects of comparative regions of Europe where a Chalcolithic has been defined. Around Britain and Ireland presents a series of large-scale regional case studies where authors argue for and against the adoption of the term. The final section, Economy, Landscapes and Monuments, looks at aspects of economy, land use and burial tradition and provides a detailed consideration of the Stonehenge and Avebury landscapes during the period in question. The volume contains much detailed information on sites and artifacts and comprehensive radiocarbon datasets that will be invaluable to scholars and students studying this enigmatic but pivotal episode of British Prehistory.
