Scottish Literacy And The Scottish Identity

Jonathan Rose

Scottish Literacy And The Scottish Identity:

Scottish Literacy and the Scottish Identity R. A. Houston, 2002-06-20 This book tests the belief that Scotland had the most literate population in the early modern world British Consciousness and Identity Brendan Bradshaw, Peter Roberts, 2003-12-18 The historical resonances of the concept of Britain for the communities of the Atlantic Archipelago in the early modern period are explored here in terms of the ideological demands made upon it Various and competing concepts of Britishness are examined from the Henrician legislation which united Wales with England and which created the kingdom of Ireland to the Act of Union of the realms of England and Scotland The chequered history of the consciousness of Britain as a polity which embraced the united kingdoms is discussed in relation to the distinctive national identities of the constituent countries and the question of the impact of Britain on English policy making under the Tudor Stuart and the first Hanoverian monarchs is addressed The puzzling resistance of the Irish to assimilation in contrast to the docility of the Welsh and eventually of the Scots is also explored *Scotland's Society and Economy in Transition, c.1500-c.1760* Ian Whyte, 1997-01-29 During the last twenty years there has been an explosion of new research into the development of Scotland from a small backward country on the periphery of Europe to one poised to undergo industrialisation in step with England This book provides an overview of key themes related to social change and economic development in early Modern Scotland aimed at demonstrating how this transformation occurred **Echoes of Success: Identity and the Highland Regiments** Ian Stuart Kelly, 2015-03-31 In *Echoes of Success* Ian Stuart Kelly uses new information about late Victorian Scottish Highland battalions to provide new insights into how groups identify themselves and pass that sense on to successive generations of soldiers Kelly applies concepts from organisational theory the study of how organisations function to demonstrate how soldiers experiences create a blueprint of expected behaviours and thought patterns that contribute to their battalion s continued success This model manages the interplay between public perception and actual life experiences more effectively than current approaches to understanding identity Also Kelly s primary research offers a more certain description of soldiers life faith education and discipline than has previously been available Scots in Victorian and Edwardian Belfast Kyle Hughes, 2013-12-11 A new departure in Scottish and Irish migration studies The Scottish diasporic communities closest to home those which are part of what we sometimes term the near Diaspora are those we know least about Whilst an interest in the overseas Scottish diaspora has grown in recent years Scots who chose to settle in other parts of the United Kingdom have been largely neglected This book addresses this imbalance Scots travelled freely around the industrial centres of northern Britain throughout the nineteenth and early twentieth centuries and Belfast was one of the most important ports of call for thousands of Scots The Scots played key roles in shaping Belfast society in the modern period they were essential to its industrial development they were at the centre of many cultural philanthropic and religious initiatives and were welcomed by the host community accordingly Yet despite their obvious significance in staunchly

Protestant Unionist and at times insular and ill at ease Belfast individual Scots could be viewed with suspicion by their hosts dismissed as strangers and cast in the role of interfering outsiders

Key FeaturesThe only book length scholarly study of the Scots in modern Ireland Brings to light the fundamental importance of Scottish migration to Belfast society during the nineteenth century Advances our knowledge and understanding of Scotland s near diaspora Highlights areas of tension in Ulster Scottish relations during the Home Rule era Puts forward a new agenda for a better understanding of British in migration to Ireland in the modern period

Edinburgh History of Reading Jonathan Rose, 2020-04-02 Reveals the experience of reading in many cultures and across the ages Shows the experiences of ordinary readers in Scotland Australasia Russia and China Explores how digital media has transformed literary criticism Portrays everyday reading in art Includes reading across national and cultural lines

Common Readers casts a fascinating light on the literary experiences of ordinary people miners in Scotland churchgoers in Victorian London workers in Czarist Russia schoolgirls in rural Australia farmers in Republican China and forward to today s online book discussion groups Chapters in this volume explore what they read and how books changed their lives

Scotland in the Eighteenth Century David Allan, 2014-06-11 This is an introduction to Scottish history in the 18th which is completely up to date and gives equal emphasis to politics and religion Once a small and isolated country with an unenviable reputation for poverty and instability by 1800 Scotland it was emerging as an economic powerhouse a major colonial power and an internationally acclaimed center of European philosophy science and literature This thematic investigation explores the experiences and responses of a people whose world was being fundamentally reconfigured and offers some topical and thought provoking lessons from a dramatic period when willingly or with great reluctance the Scots adapted themselves to rapidly changing circumstances Starting with the threshold of the Act of Union 1707 and running through to 1800 and the outbreak of the Napoleonic Wars This book covers the impact of the Enlightenment on Scotland and Scotland s own very significant contribution to this via Adam Smith David Hume and their circle Setting social cultural and economic analyses within a firm political framework Scotland s internal story is placed in the wider context of Britain Europe and Empire and her role and identity within the newly united Britain assessed

The Ballad World of Anna Gordon, Mrs. Brown of Falkland Ruth Perry, 2025-05-20 This book is a biographical study of unprecedented scope and detail of the celebrated Anna Gordon Mrs Brown of Falkland whose magnificent repertory of old Scottish ballads attracted the fascinated attention of intellectuals and song collectors during the later years of the eighteenth century Her ballads the earliest to be gathered from a named living person were recognized by the great Francis James Child as a unique source in the Anglo Scottish tradition superior in quality to all other versions Anna Gordon was a literary woman with a strongly intellectual middle class background educated by her father a professor in one of Scotland s four universities who himself made significant contributions to Scottish Enlightenment thinking about literacy and the nature of language She lived at the intersection of several different worlds reflecting balladry oral tradition and women s culture as well as

Enlightenment debates about orality and literacy and the rapidly expanding imperial enterprise The story encompasses three generations of her remarkable family as they entered the wider Atlantic world with adventures in Scotland Virginia and the West Indies including an elopement and a duel capture by pirates and an evening party given by George Washington The book includes an examination of the complex musical and cultural context from which Anna Gordon sprang Threaded throughout are discussions of the ballads that brought her fame revealing the deep importance of traditional music in Scottish society and the centrality of women as tradition bearers in balladry one of the great verbal and musical art forms of Western Europe Historically informed audio recordings of twelve ballads from her original manuscripts with musical settings based on the notations of her gifted nephew Robert Eden Scott have been made for an accompanying website specially created for this book by leading Scottish folk musicians

The Culture of Protestantism in Early Modern Scotland Margo Todd, 2002-01-01 The Protestant Reformation of the sixteenth century brought a radical shift from a profoundly sensual and ceremonial experience of religion to the dominance of the word through Book and sermon In Scotland the revolution assumed proportions unequaled by any other national Calvinist Reformation with Christmas and Easter formally abolished sabbaths turned to fasting days and mandatory attendance of weekday as well as Sunday sermons strictly enforced as part of an invasive disciplinary regimen

The Schooling of Working-Class Girls in Victorian Scotland Jane McDermid, 2013-01-11 The portrayal of Scotland as a particularly patriarchal society has traditionally had the effect of marginalizing Scottish women both teachers and students in both Scottish and British history The Schooling of Working Class Girls in Victorian Scotland examines and challenges this assumption and analyzes in detail the course of events which has led to a more enlightened system Education was and is seen as integral to Scottish distinctiveness but the Victorian period saw anxious debate about the impact of outside influences at a time when Scottish society seemed to be fracturing This book examines the gender blindness of the educational tradition with its notion of the democratic intellect testing the claim of superiority for the Scottish system and questioning the assumption that Scottish women were either passive victims or willing dupes of a peculiarly patriarchal ideal Considering the influences of the related ideologies of patriarchy and domesticity and the crucial importance of the local and regional economic context in focusing on female education this book provides a much wider comparative study of Scottish society during a period of tremendous upheaval and a perceived crisis in national identity in which women as well as men participated

Microhistories Barry Reay, 2002-11-07 Microhistories Demography Society and Culture in Rural England 1800 1930 uses a local study of the Blean area of Kent in the nineteenth and early twentieth centuries to explore some of the more significant societal changes of the modern western world Drawing on a wide range of research techniques including family reconstitution and oral history Barry Reay aims to show that the implication of the micro study can range way beyond its modest geographical and historical boundaries Combining cultural demographic economic and social history in a way rarely encountered in historical literature Professor Reay examines a range of topics

including marriage and fertility health and mortality the work of women and children and illegitimacy and sexuality This 1996 book demonstrates the challenging potentials of microhistory and makes a central contribution to the new rural history It will be of interest to family and oral historians as well as to demographers and sociologists Britain in the Hanoverian Age, 1714-1837 Gerald Newman, Leslie Ellen Brown, 1997 In 1714 king George I ushered in a remarkable 123 year period of energy that changed the face of Britain and ultimately had a profound effect on the modern era The pioneers of modern capitalism industry democracy literature and even architecture flourished during this time and their innovations and influence spread throughout the British empire including the United States Now this rich cultural period in Britain is effectively surveyed and summarized for quick reference in a first of its kind encyclopedia which contains entries by British Canadian American and Australian scholars specializing in everything from finance and the fine arts to politics and patent law More than 380 illustrations mostly rare engravings enhance the coverage which runs the whole gamut of political economic literary intellectual artistic commercial and social life and spotlights some 600 prominent individuals and families

Scotland and the British Army, 1700-1750 Victoria Henshaw, 2014-06-05 The wholesale assimilation of Scots into the British Army is largely associated with the recruitment of Highlanders during and after the Seven Years War This important new study demonstrates that the assimilation of Lowland and Highland Scots into the British Army was a salient feature of its history in the first half of the 18th century and was already well advanced by the outbreak of the Seven Years War Scotland and the British Army 1700 1750 analyses the wider policing functions of the British Army the role of Scotland's militia and the development of Scotland's military roads and institutions to provide a fuller understanding of the purpose and complexity of Scotland's military organisation and presence in Scotland in the turbulent decades between the Glorious Revolution and the defeat of Bonnie Prince Charlie which has been too often simplified as an army of occupation for the suppression of Jacobitism Instead Victoria Henshaw reveals the complexities and difficulties experienced by Scottish soldiers of all ranks in the British Army as nationality loyalty and prejudice clouded Scottish desires to use military service to defend the Glorious Revolution and the Union of 1707 The History of Reading, Volume 2 K. Halsey, W. Owens, 2011-08-26 Reading has a history But how can we recover it This volume brings together original research essays focusing on the history of reading in the British Isles using evidence ranging from library records to Mass Observation surveys to highlight the social factors that influence a seemingly private individual activity **Scotland before the Industrial Revolution** Ian D. Whyte, 2014-05-12 This splendid portrait of medieval and early modern Scotland through to the Union and its aftermath has no current rival in chronological range thematic scope and richness of detail Ian Whyte pays due attention to the wide regional variations within Scotland itself and to the distinctive elements of her economy and society but he also highlights the many parallels between the Scottish experience and that of her neighbours especially England The result sets the development of Scotland within its British context and beyond in a book that will interest and delight far more than Scottish specialists alone Scotland Rab

Houston,2008-11-27 Since Devolution in 1999 Scotland has become a focus of intense interest both within Britain and throughout the wider world In this Very Short Introduction Rab Houston explores how an independent Scottish nation emerged in the Middle Ages how it was irrevocably altered by Reformation links with England and economic change and how Scotland influenced the development of the modern world Examining politics law society religion education migration and culture he examines how the nation s history has made it distinct from England both before and after Union how it overcame internal tensions between Highland and Lowland society and how it has today arrived at a political social and culture watershed Authoritative lucid and ranging widely over issues of environment people and identity this is Scotland s story without myths an ideal introduction for those interested in the Scots but also a balanced yet refreshing challenge to those who already feel at home in Scotland past and present

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Modern Britain Third Edition Edward Royle,2016-05-16 Praise for the first edition Royle calls on an impressive range of materials supported by an excellent bibliography to offer a judicious review of most of the issues currently confronted by social historians His agenda contains both traditional and novel elements all are presented with admirable clarity and balance A volume which shows an astonishing command of such a wide range of material will long prove essential reading Times Literary Supplement This popular work provides an in depth historical background to issues of contemporary concern tracing developments over the past two and a half centuries It promotes accessibility by adopting a thematic approach with each theme treated chronologically Major themes are chosen partly by their importance to an understanding of the past and partly by their relevance to students of contemporary Britain rather than by imposing current fashions in historical study on the past Thoroughly revised the third edition of Modern Britain reviews and brings up to date the content to take account of developments since 1997 and reconsiders emphases and interpretations in light of more recent scholarship It incorporates new currents in historical writing on matters such as the language of class the position of women and the revolution worked by the Internet and mobile technologies Modern Britain is vital reading for students of history and the social and political sciences

Servants Abroad Richard Ansell,2024-11-18 Servants Abroad presents the journals of four British domestic servants who travelled to continental Europe in the eighteenth century With a full introduction these texts overturn the standard view of the Grand Tour by revealing the experiences and impressions of the majority who travelled in service

Flesh in the Age of Reason Roy Porter,2005-01-27 As an introduction to early modern thinking and the impact of past ideas on present lives this book can find few equals and no superiors Porter is a witty humane writer with an extraordinary vocabulary and a sparkling sense of fun Whether he is quoting from obscure medical texts or analysing scabrous diaries dishing the dirt on long dead bigwigs or evoking sympathy

for human suffering his grasp is masterly and his erudition appealing I wish I could read it again for the first time you can
Times Educational Supplement Book of the Week In this startlingly brilliant sequel to the prize winning ENLIGHTENMENT
Roy Porter completes his lifetime s work offering a magical enthusiastic and charming account of the writings of some of the
most attractive figures ever to write English Edinburgh History of the Book in Scotland, Volume 2 Stephen W
Brown,2011-11-30 The first thorough study of the book trade during the age of Fergusson and Burns
