The Upside of Digital Devices Nicole Dreiske, 2018-05 Trying to police and protect a child from screen time is unquestionably one of the most confusing and frustrating responsibilities of good parenting It s a tough job being a media monitor all the time Technology is at the center of everything we do TVs smart phones computers and tablets are no longer luxuries they are necessities for navigating life today But technology can also be detrimental to growing minds and parents must master the necessary skills to help their children not only survive in this digital world but to actually thrive Kids love smart phones tablets computers TVs anything that gives them screen time They come by their dependence honestly they learn it from us the adults We ve become a culture of screen addicts and that s especially challenging for parents But the solution is not found in constantly policing the time kids are glued to a screen or in protecting what they are being exposed to it s found in how they are engaging and interacting with that screen Nicole Dreiske founder and director of the International Children s Media Center is one of the most respected pioneers in the understanding and cultivation of new techniques for transforming the way kids view use and engage in electronic screens In *The Upside of Digital Devices* recipient of The National Parenting Center s Seal of Approval she provides parents with simple practical instructions as well as a variety of effective tools for creating meaningful moments and critical thinking skills that can mark a turning point in their children s lives and futures

Cyber Citizens Heidi Boghosian, 2025-06-24 A grounding exploration of how our online prowess shapes the very essence of democracy The electronic age compels us to confront the delicate balance between the convenience of constant connectivity and the protection of personal privacy security and democracy itself Presented as a two fold concern of digital and civic literacy surveillance and privacy expert Heidi Boghosian argues that our fight to uphold democracy must extend to the online world As smart citizens our best chance of thriving in the digital era lies in taking care of our smart selves as diligently as we maintain our smart devices In the same way that smart devices can disclose private information when not adequately secured our online presence can lead to unintentional data exposure or identity theft That entails a commitment to learning digital literacy and cyber hygiene from the first moment we engage with technology Mastering the fundamentals of civics the rights and responsibilities of citizens rounds out the democratic assignment With AI and machine learning poised to play a transformative role in our 21st century lives we as humans have our own generative learning journey to master Drawing parallels between Americans and their smart devices *Cyber Citizens* sheds light on the delicate balance between connectivity

and privacy to uphold a truly democratic society *The 3 Ms of Fearless Digital Parenting* Carrie Rogers-Whitehead,2021-08-03 How can we protect our kids online and teach them to protect themselves Do you feel overwhelmed with technology in your home Do headlines about this app or that website make you feel anxious and undecided as a parent Do you get advice from many experts but still feel unclear on what to do This book unpacks the 3 Ms of parenting in the digital age a proven approach used with thousands of parents through the work of Digital Respons Ability and its founder Carrie Rogers Whitehead When Carrie first started working in the field of digital citizenship she found significant gaps in how digital parenting was taught Not only were parents not informed enough around technology they also didn't understand child developmental stages Parents expectations for their children were unrealistic because they didn't know how online responsibility changes at different ages as children's brains change From this realization Carrie developed the 3 Ms three approaches to digital parenting based on specific age ranges Model ages 0-8 Manage ages 8-13 Monitor ages 13-18 By teaching parents how to change their approach to digital responsibility based on the developmental stage of their child she has seen significant success in fostering happier and healthier relationships between parents and kids as well as safer tech use by kids at all ages This book presents Carrie's approach in an accessible easy to implement manner giving all parents the opportunity to develop better tech use in their own homes and families and to parent confidently and without fear

Improving Financial Literacy United States. Congress. House. Committee on Financial Services. Subcommittee on Financial Institutions and Consumer Credit,2007 **The SAGE Handbook of Marketing Ethics** Lynne Eagle,Stephan Dahl,Patrick De Pelsmacker,Charles R. Taylor,2020-10-05 The SAGE Handbook of Marketing Ethics draws together an exhaustive overview of research into marketing's many ethical conundrums while also promoting more optimistic perspectives on the ways in which ethics underpins organizational practices Marketing ethics has emerged in recent years as the key and collective concern within the ever divergent fields of marketing and consumer research This handbook brings together a rich and diverse body of scholarly research with chapters on all major topics relevant to the field of marketing ethics whilst also outlining future research directions PART 1 Foundations of Marketing Ethics PART 2 Theoretical and Research Approaches to Marketing Ethics PART 3 Marketing Ethics and Social Issues PART 4 Issues in Consumer Ethics PART 5 Ethical Issues in Specific Sectors PART 6 Ethical Issues in the Marketing Mix PART 7 Concluding Comments and Reflections **Reading for Our Lives** Maya Payne Smart,2025-04-29 Completely revised and updated Now in paperback An award winning journalist and literacy advocate provides a clear step by step guide to helping your child thrive as a reader and a learner Today's children face intense pressure to meet rising academic standards and prepare for future careers but most fall dangerously short Early struggles with language and literacy often snowball into lasting disadvantages Millions of US kids don't learn to read well in elementary school driving low adult literacy rates and threatening the nation's economic productivity public health and social equity In *Reading for Our Lives* journalist Maya Payne Smart shows that the literacy

crisis starts at home Too many parents expect schools to unlock their child s reading potential unaware that even the best classroom instruction which most don t get can t make up for weak early preparation or inconsistent support outside of school Smart breaks down the latest research to show parents how to do their part to build essential literacy skills She busts the myth that bedtime stories are parents greatest contribution to kids reading development She advocates instead for weaving a range of simple fun free literacy habits and activities into everyday family life and shows you how to do it With optimism and evidence Reading for Our Lives delivers a clear call to action and a path forward for families schools and communities to beat the literacy crisis together

Family Disintegration Anton Purcell,2002 The contemporary family is being distracted disturbed and distraught by societal pressures from every direction The nuclear family concept believed crucial to child rearing is becoming pass according to census data Or has the wave of disruption to families crested It is hoped that this bibliography will serve as a useful tool to researchers seeking further information on families and the pressures being exerted upon them in the 21st century
