The Scripts of Ancient Northwest Semitic Seals Larry C. Herr, 2019-11-26 **Solving Riddles and Untying Knots** Jonas Carl Greenfield, 1995 Jonas Greenfield was one of the foremost epigraphers and biblical scholars of this generation This volume dedicated to Professor Greenfield by his students colleagues and friends reflects the broad spectrum of academic interests he pursued Bible Qumran epigraphy and Semitics *Identifying Biblical Persons in Northwest Semitic Inscriptions* of 1200-539 B.C.E. Lawrence J. Mykytiuk, 2004 The first comprehensive system for associating persons mentioned in the Hebrew Bible with persons mentioned in Northwest Semitic inscriptions This book applies this system in detail to a small number of Hebrew inscriptions the Mesa Inscription and the Tel Dan stele Appendixes updated through mid 2002 briefly evaluate potential identifications of over 75 biblical persons in over 90 Northwest Semitic inscriptions which are mostly contemporary with the person Resulting identifications and non identifications appear in six categories of strength or weakness from unmistakable to disqualified The final product is a first ever corpus consisting only of inscriptions that name biblical persons This technical book will appeal to scholars graduate students seminarians religious leaders and others who have a working knowledge of at least one Northwest Semitic language and to nonspecialists interested in questions about biblical historicity Edom at the Edge of Empire Bradley L. Crowell, 2021-09-17 A comprehensive history of a state on Judah's border Edom at the Edge of Empire combines biblical epigraphic archaeological and comparative evidence to reconstruct the history of Judah's neighbor to the southeast Crowell traces the material and linguistic evidence from early Egyptian sources that recall conflicts with nomadic tribes to later Assyrian texts that reference compliant Edomite tribal kings to offer alternative scenarios regarding Edom's transformation from a collection of nomadic tribes and workers in the Wadi Faynan as it relates to the later polity centered around the city of Busayra in the mountains of southern Jordan This is the first book to incorporate the important evidence from the Wadi Faynan copper mines into a thorough account of Edom's history providing a key resource for students and scholars of the ancient Near East and the Hebrew Bible The Scribe in the Biblical World Esther Eshel, Michael Langlois, 2022-12-05 This book offers a fresh look at the status of the scribe in society his training practices and work in the biblical world What was the scribe's role in these societies Were there rival scribal schools What was their role in daily life How many scripts and languages did they grasp Did they master political and religious rhetoric Did they travel or share foreign traditions cultures and beliefs Were scribes redactors or simply copyists What was their influence on the redaction of the Bible How did they relate to the political and religious powers of their day Did they possess any authority themselves These are the questions that were tackled during an international conference held at the University of Strasbourg on June 17 19 2019 The conference served as the basis for this publication which includes fifteen articles covering a wide geographical and chronological range from Late Bronze Age royal scribes to refugees in Masada at the end of the Second Temple period The Balaam Text from Deir 'Alla Re-Evaluated

Hoftijzer, Kooij, 2024-03-11 The Balaam text written in ink on wall plaster was discovered during archaeological excavations at Deir Alla in the Jordan Valley in 1967 and published in 1976 by Brill Aramaic Texts from Deir Alla The importance of this badly damaged inscription which is dated either ca 800 BC or the first half of the 8th century BC was clear from the beginning and many studies have been published about it since It was the aim of the International Symposium in Leiden 1989 to evaluate these studies and to advance the understanding of the text by a meeting of scholars who had worked extensively with it The Proceedings include all the lectures often reworked and annotated as well as the prepared responses to them some short communications and an additional note based on the discussion of one topic Six different aspects of study of the Balaam text are dealt with the archaeological context the palaeography the general interpretation the language interpretation of a number of details and its relation to Old Testament studies In this way the book is not just an addition to the current discussions concerning the Balaam text but it also includes new data and new proposals and well as evaluations and attempts at scholarly agreements Catalogue of the Western Asiatic Seals in the British Museum Terence Mitchell, Ann Searight, 2007-05-30 This volume publishes drawings of the impressions of stamp seals preserved on Babylonian and Assyrian cuneiform tablets and other clay objects in the collections of The British Museum The majority of these seals bears precise dates ranging from the 9th to the 2nd centuries B C represens the Neo Assyrian Neo Babylonian Achaemenian and Hellenistic periods and are set out in chronological order so that the changes in seal design can be clearly seen Among the images from the Hellenistic period are representations of zodiacal signs The volume also includes details of seal impressions on the handles of pottery jars from Palestine Full bibliographical references to previous publications of the cuneiform texts are given and the volume concludes with concordances and indices including a pictorial index of all the seal images arranged typologically *In the Service of the King* Nili S Fox,2000-12-31 Titles have always been conferred on persons both to identify their functions in society and to assign honorary status In Egypt even more than in Mesopotamia function related and honorary titles were so valued that officials and functionaries of varying stations collected the titles accrued in their lifetime and preserved them in a titulary the ancient equivalent of a resume Israelites serving at the royal courts in Jerusalem and Samaria or in local administrations also held title but the sources suggest far fewer of them than their neighbors Nili Fox analyzes the titles and roles of civil officials and functionaries in Israel and Judah during the monarchy including key ministers of the central government regional administrators and palace attendants The nineteen titles fall into three categories status related titles function related titles and miscellaneous designations that could be held by a variety of officials Fox sets these Israelite and Judahite titles in their ancient context through extensive study of Egyptian Akkadian and Ugaritic records She also draws upon the corpus of Hebrew epigraphic material which allows her to explore economic components of state organization such as royal land grants supply networks and systems of accounting which would be impossible to understand on the basis of the Hebrew Bible alone Fox also treats the widely debated issue of

whether Israelite state organization was influenced by foreign models and if so how much The evidence of non Hebrew sources offers little concrete material to substantiate theories that Israel modeled its government after a foreign prototype and Fox offers a more finessed approach Many features of Israelite administration are best explained as basic elements of any monarchic structure in the ancient Near East that developed to satisfy the needs of an evolving local system Other seemingly foreign features have a long tradition in Canaan and probably were naturally assimilated Fox recognizes the interconnections between the cultures in the region but emphasizes the need to closely examine the Israelite system with The Aramaeans Edward Lipiński, 2000 In order to present the Aramean history during some six hundred years down to the seventh century B C it was necessary to analyze a wide range of sources mainly cuneiform epigraphic and biblical Chapter I deals with Aramean pre history and proto history while chapter II examines the question of the alleged relationship between the Hebrew forefathers and the ancient Arameans Chapters III to XIV give a relatively accurate description of the territory of each historically attested Aramean group or state and present a detailed narrative of political events Chapter XIV the most extensive considers the situation of the Arameans in Babylonia also in relation to the Chaldeans and to the North Arabian tribes Chapters XV to XVIII deal with Aramean institutions economy legal practices and religion Special attention is paid to linguistic features of the available evidence when they can help resolving historical questions The book concludes with an extensive general index and with an index of biblical sources A Corpus of Ammonite **Inscriptions** Walter E. Aufrecht, 2019-05-22 This second edition of A Corpus of Ammonite Inscriptions presents all of the published inscriptions that have been identified as Ammonite in one volume Each entry is accompanied by a complete bibliography a physical description and details about its location a photograph and or drawing relevant linguistic information and a history of the inscription s interpretation The discovery of the Amman Theater Inscription Amman Citadel Inscription Tall S r n Bottle isb n Ostraca and Tall al Mazar Ostraca opened a new chapter in the study of ancient Northwest Semitic inscriptions with the recognition and analysis of the language and script of ancient Ammon These new discoveries prompted a reclassification of a number of epigraphs previously identified as Hebrew Phoenician or Aramaic Since the first edition of this corpus the discussion of the criteria used to classify inscriptions as Ammonite including provenance language onomastics paleography and iconography has advanced considerably In addition the number of known inscriptions has increased This updated edition includes 254 additional inscriptions four new appendixes and in many cases new and improved images

Vanderhooft, 2011-06-30 The study of the yelud stamp impressions which appear on the handles or bodies of store jars has persisted for over a century beginning with the discovery of the first of these impressions at Gezer in 1904 Nevertheless until the pioneering work of Stern in 1973 who cataloged classified and discussed the stamp impressions known up to 1970 discovery and publication of new stamp impressions were scattered and analysis was cursory at best Furthermore a gap in research has persisted since then Now Oded Lipschits and David Vanderhooft are pleased to present a comprehensive catalog through the winter of 2008 9 of published and unpublished yehud stamp impressions with digital photographs and complete archaeological and publication data for each impression This long overdue resource provides a secure foundation for general reflection on the whole corpus and illuminates more narrow fields such as stratigraphy paleography administration historical geography and Persian period economic developments within Yehud The catalog clarifies what is nebulous apart from a complete corpus matters such as distribution petrographic analysis of the clay new readings of the seal legends use of the toponym yehud and significance of the title phwa The scope of this catalog renders it a worthwhile tool for all future study of these invaluable artifacts and the period of history that produced them Judah and the Judeans in the Achaemenid Period Oded Lipschits, Gary N. Thompson, 1992 Archaeological Sources Early History of the Israelite People Thomas L. Thompson, 2000-01-01 This is a groundbreaking book on the origins of Israel taking into account the contexts of geography anthropology and sociology and drawing on a careful analysis of archaeological and written evidence Thompson argues that none of the traditional models for the origin of biblical Israel in terms of conquest peaceful settlement or revolution are viable The ninth and eighth century BC State of Israel is a product of the Mediterranean economy The development of the ethnic concept of biblical Israel finds its context in history first at the time of the Persian renaissance The volume presents a clear historical context and an interpretative matrix for the Bible What is Stronger Than a Lion?
