Sex Education An Islamic Perspective:

Sexuality Education from an Islamic Perspective G. Hussein Rassool, Muhammad Aftab Khan, Shaikh Abdul Mabud, Muhammad Ahsan, 2020-02-13 We live in an over sexualised culture where sex and sexuality have become part of the public domain This sexual revolution challenges Judeo Christian and Islamic norms and boundaries As such sexuality education is a sensitive and extremely important issue and its current implementation in schools has raised public concerns This book explores the subject contextualising it within the matrix of Islamic beliefs and practices Islam binds sexuality and sexual education to a moral grid with rights and obligations justice and equity There is a dominant discourse and stereotype around Islamic sexuality which presents sex and sexuality as the biggest taboo fraught with fear and seldom discussed This book dispels such myths and misconceptions providing an overview of sexuality education in the modern world and the need for such education

Sex Education Shahid Athar, 2006 *Sex Education* Shahid Athar, 1995 **Values Underpinning Sex Education from an Islamic Perspective** Muhamad Zahir Awang Mat, 2005 The need for the implementation of an Islamic value based sex education curriculum in schools has become a major concern among educators in Malaysia Thus this study examines values underpinning sex education from an Islamic perspective and its implications for the sex education curriculum in Malaysian schools It discusses the concept of holistic education as the framework of the study and the status of the sex education curriculum in this framework The development and practice of sex education in Malaysia is examined The study examines the concept of values from an Islamic perspective Its argumentations show that values for inculcation in the sex education curriculum could be derived from the five essentials al daruriyyal al khamsah of the Islamic law The study also examines and analyses the values underpinning the Malaysian sex education curriculum The major purpose of the study is to construct an Islamic valuebased model for sex education curriculum IVBSEC which is also used to examine values underpinning the Malaysian sex education curriculum The study ends with a discussion on the implications of the study on the Malaysian curriculum The study employed philosophical analytical and historical methods curriculum criticism and text analysis It employed the quantitative method for analyzing frequencies and percentages of topics related to sex education from the textbooks used in Malaysian secondary schools The study was able to demonstrate conceptually that values in the sex education curriculum should be seen from the holistic approach and ought to be based on religious foundations The study was able to show that IVBSEC could be drawn from the five essentials al daruriyyat al khamsah of Islamic law which are the preservation of religion self intellect progeny and property It was found that the Malaysian sex education curriculum lacked certain religious sub values The least highlighted of the sub values was that derived from the preservation of religion namely the greatness of the Creator and integration with revealed knowledge and the sub value derived from the preservation of property that is amanah or trustworthiness The study suggests the religious foundation must be given priority in designing the sex education curriculum The IVBSEC as proposed by the researcher could be considered as an alternative approach to
