adesire to be racially and culturally diverse Currently only around 8% of them have achieved this multiracial status To an unprecedented degree evangelical churches in the United States are trying to overcome the deep racial divides that persist in their congregations Not surprisingly many of these evangelicals have turned to DBF for solutions The essays in Christians and the Color Line complicate the researchfindings of Emerson and Smith s study and explore new areas of research that have opened in the years since DBF s publication The book is split into two sections The chapters in the first section consider the history of American evangelicalism and race as portrayed in DBF In the second sectionthe authors pick up where DBF left off and discuss how American churches could ameliorate the problem of race in their congregations while also identifying problems that can arise from such attempted amelioration Willing to Walk on Water Caroline Barnett,2013-04-01 If you have ever heard yourself say Surely there is more to life than this rest assured you are not alone Getting caught up in the day to day routine it can be easy to feel as though you have nothing more to give and yet there is so much you want to do to impact the world Good news For those who are willing to get out of the proverbial boat and trust in God s ability to do miracles there is more so much more In Willing to Walk on Water Caroline Barnett helps you identify what you were created to do unveiling your passions gifts and callings and provides practical ways of integrating that purpose into your daily life Drawing on real life experiences Caroline points out two things that will be required willingness and availability Are you willing to trust God to do the impossible through you Will you make yourself available to His leading If so get ready you are about to walk on water **Deeper Water** Michael W Boyd,2007-02 Deeper water is a story of love football and redemption that blows the lid off high school footall in small town America Cover p 4 **Wars in the Woods** Samuel P. Steven Lake,2019-03-29 Terrence Steven Lake grew up black in Hamtramck Michigan with friends of all different colors While he could get along with everyone he also spoke his mind For instance there was a white friend at work from a totally different environment The author told his co worker that the white race as a whole had been the most violent race of people in the history of the world explaining how the pharaohs came to Africa to enslave people to build pyramids pointing at certain planets at a certain time of the year After meeting and marrying Valerie the author found himself increasingly questioning religion Doubts about the nature and purpose of God the universe and man s place in the world began to plague him In sharing his life story the author hopes to show that there is a reason that different races were put on planet Earth and until that purpose is fulfilled those who are not enlightened will be a threat to peace The Booze Route John E.
