Richard C. Davids, 1982 General account of five years of observing polar bears *Ursus maritimus* primarily in remote areas of Arctic North America Numerous color photographs **The Great White Bear** Kieran Mulvaney, 2021-05-12 This up close and graceful account of the polar bear combines historical accounts research and the author's own encounters in the Arctic Kirkus Reviews Polar bears are creatures of paradox They are white bears whose skin is black massive predators who can walk almost silently Arctic residents whose major problem is not staying warm but keeping cool Fully grown they can measure ten feet and weigh close to two thousand pounds but at birth they are just twenty ounces Human encounters with these legendary creatures can be both exhilarating and terrifying Tales throughout history describe the ferocity of polar bear attacks on humans But human hunters have exacted a far larger toll obliging Arctic nations to try to protect their region's iconic species before it's too late Now another threat to the polar bear's survival has emerged one that is steadily destroying sea ice and the life it supports Without this habitat polar bears cannot exist The Great White Bear celebrates the story of this unique species Through a blend of history myth personal observations and scientific accounts Kieran Mulvaney tells the story of the polar bear its history its life and its uncertain fate **Alaska's Bears** Bill Sherwonit, 2016-06-14 Alaska is truly bear country It is the only one of America's fifty states to be inhabited by all three of North America's ursine species black polar bear and brown bear also known as grizzly Alaska's Bears is a handy guidebook to the bears of Alaska a book that slips easily into a jacket pocket or a day pack and that provides entertaining armchair reading when you're not in bear country Here in one compact edition is a book that can help you understand Alaska's bears and their natural histories Learn about their appearances behaviors yearly cycles ecological niches and relationships with humans Find full details on how to visit Alaska's prime bear viewing and get tips for traveling safely through bear country Complementing Bill Sherwonit's text are
