Portraits by Ingres Jean-Auguste-Dominique Ingres, National Gallery (Great Britain), 1999. Om portrætter af den franske maler Jean Auguste Dominique Ingres 1780-1867. **Union List of Serials of the California State University** California State University, 1991. *Henry Ossawa Tanner* Henry Ossawa Tanner, Anna O. Marley, 2012. This book constitutes a very welcome contribution to the public appreciation and scholarly study of Henry Ossawa Tanner, a painter of considerable significance in both Europe and America and one whose religious imagery merits careful consideration. These well-researched essays by an international team of scholars offer substantial reflections on complex issues of race and religion and situate the artist's work and career within the context of his life and times. This is a robust framing of Tanner as a cultural phenomenon and one that readers will find quite rewarding. David Morgan, Professor of Religion at Duke University and author of *The Embodied Eye: Religious Visual Culture and the Social Life of Feeling*. Henry Ossawa Tanner has finally been recognized as an important artist in the last twenty years and is now firmly part of the American canon as the first major African American painter to emerge from the academy. This book enriches our understanding of Tanner's historic place in American art by considering his work as an early modernist religious artist, a status entwined with his race but not defined by it. These essays by an impressive collection of scholars are full of substantially new material and succeed in broadening our conception of Tanner's life and work. Bruce Robertson, Professor of Art and Architecture at the University of California, Santa Barbara. **Pacific Standard Time** Martin-Gropius-Bau (Berlin, Germany), 2011. This comprehensive, richly illustrated book explores postwar American art from a new perspective. Southern California Grounded in more than a decade of research, *Pacific Standard Time* analyzes L.A.'s art scene from the end of World War II to the beginning of the 1980s, demonstrating the pioneering role Southern California artists played in the twentieth century's most influential art movements.
