Los Angeles Star 1851 1864:

The Los Angeles Star, 1851-1864 William Broadhead Rice, 1947 The Star was a general newspaper During the Civil War it spoke against President Abraham Lincoln as a usurping despot and favored the South and advocated an independent Western republic It closed in 1864 was revived under different owners and publishers and finally closed in 1879 Death Valley and the Amargosa Richard E. Lingenfelter, 1988-01-11 This is the history of Death Valley where that bitter stream the Amargosa dies It embraces the whole basin of the Amargosa from the Panamints to the Spring Mountains from the Palmettos to the Avawatz And it spans a century from the earliest recollections and the oldest records to that day in 1933 when much of the valley was finally set aside as a National Monument This is the story of an illusory land of the people it attracted and of the dreams and delusions they pursued the story of the metals in its mountains and the salts in its sinks of its desiccating heat and its revitalizing springs and of all the riches of its scenery and lore the story of Indians and horse thieves lost argonauts and lost mine hunters prospectors and promoters miners and millionaires stockholders and stock sharps homesteaders and hermits writers and tourists But mostly this is the story of the illusions the illusions of a shortcut to the gold diggings that lured the forty niners of inescapable deadliness that hung in the name they left behind of lost bonanzas that grew out of the few nuggets they found of immeasurable riches spread by hopeful prospectors and calculating con men and of impenetrable mysteries concocted by the likes of Scotty These and many lesser illusions are the heart of its history

Los Angeles in Civil War Days, 1860-1865 John W. Robinson, 2013-05-03 Most accounts of California's role in the Civil War focus on the northern part of the state San Francisco in particular In Los Angeles in Civil War Days John W Robinson looks to the southern half and offers an enlightening sketch of Los Angeles and its people politics and economic trends from 1860 to 1865 Drawing on contemporary reports in the Los Angeles Star Southern News and other sources Robinson shows how the war came to Los Angeles and narrates the struggle between the pro Southern faction and the Unionists Los Angeles in the early 1860s was a developing town lacking many of the refinements of civilization that San Francisco then enjoyed and was much smaller than the bustling metropolis we know today The book focuses on the effects of the war on Los Angeles but Robinson also considers social and economic problems to provide a broader view of the community and its place in the nation The Conscription Act and devalued greenbacks incited public unrest and the cattle killing drought of 1862-64 a smallpox epidemic and recurrent vigilantism challenged Angelenos as well California historians and those interested in the city's historical record will find this book a fascinating addition to the body of California's Civil War history **Law in the West** Gordon Morris Bakken, Brenda Farrington, 2001 This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by

practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource

El Cinco de Mayo David E Hayes-Bautista,2012-05-05 David Hayes Bautista s fascinating study finds new sources that illuminate the California roots of Cinco de Mayo celebrations But more than just uncovering the holiday s true origins El Cinco de Mayo offers a striking interpretation of the making of a Mexican American culture in Civil War Era North America Stephen Aron author of American Confluence The Missouri Frontier from Borderland to Border State In this well written and thoroughly researched study Hayes Bautista reminds us that Cinco de Mayo is not really a Mexican holiday but rather a celebration created in California during the American Civil War by native born Latinos and immigrants from Mexico and Latin America Hayes Bautista has reconstructed the rich social and political world of these California Latinos in painstaking detail and his analysis of their widespread political engagement reveals an activism hitherto not fully recognized This is an original and revealing book that changes the way we think about nineteenth century California Richard Griswold del Castillo author of The Treaty of Guadalupe Hidalgo A Legacy of Conflict

Al Sieber Dan L. Thrapp,2012-11-28 General George Crook planned and organized the principal Apache campaign in Arizona and General Nelson Miles took credit for its successful conclusion on the 1800s but the men who really won it were rugged frontiersmen such as Al Sieber the renowned Chief of Scouts Crook relied on Sieber to lead Apache scouts against renegade Apaches who were adept at hiding and raiding from within their native terrain In this carefully researched biography Dan L Thrapp gives extensive evidence for Sieber s expertise noting that the expeditions he accompanied were highly successful whereas those from which he was absent met with few triumphs Perhaps the greatest tribute to his abilities was paid by a San Carlos Apache who no matter how miserable life might become because he said Sieber would find him even if he left no tracks

Lindsay,2012-06-01 In the second half of the nineteenth century the Euro American citizenry of California carried out mass genocide against the Native population of their state using the processes and mechanisms of democracy to secure land and resources for themselves and their private interests The murder rape and enslavement of thousands of Native people were legitimized by notions of democracy in this case mob rule through a discreetly organized and brutally effective series of petitions referenda town hall meetings and votes at every level of California government *Murder State* is a comprehensive examination of these events and their early legacy Preconceptions about Native Americans as shaped by the popular press and by immigrants experiences on the overland trail to California were used to further justify the elimination of Native people in the newcomers quest for land The allegedly

violent nature of Native people was often merely their reaction to the atrocities committed against them as they were driven from their ancestral lands and alienated from their traditional resources In this narrative history employing numerous primary sources and the latest interdisciplinary scholarship on genocide Brendan C Lindsay examines the darker side of California history one that is rarely studied in detail and the motives of both Native Americans and Euro Americans at the time Murder State calls attention to the misuse of democracy to justify and commit genocide

The Urban West at the End of the Frontier Lawrence H. Larsen, 2021-10-08 Historians have largely ignored the western city although a number of specialized studies have appeared in recent years this volume is the first to assess the importance of the urban frontier in broad fashion Lawrence H Larsen studies the process of urbanization as it occurred in twenty four major frontier towns Cities examined are Kansas City St Joseph Lincoln Omaha Atchison Lawrence Leavenworth Topeka Austin Dallas Galveston Houston San Antonio Denver Leadville Salt Lake City Virginia City Portland Los Angeles Oakland Sacramento San Francisco San Jose and Stockton Larsen bases his analysis of western cities and their problems on social statistics obtained from the 1880 United States Census This census is particularly important because it represents the first time that the federal government regarded the United States as an urban nation The author is the first scholar to do a comprehensive investigation of this important source This volume gives an accurate portrayal of western urban life Here are promoters and urban planners crowding as many lots as possible into tracts in the middle of vast uninhabited valleys Here are streets clogged with filth because of inadequate sanitation systems people crowded together in packed quarters with only fledgling police and fire services Here too is the advance of nineteenth century technology gaslights telephones interurbans Most important this study dispels the misconceptions concerning the process of exploration settlement and growth of the urban west City building in the American West despite popular mythology was not a response to geographic or climatic conditions It was the extension of a process perfected earlier the promotion and building of sites no matter how undesirable into successful localities Uncontrolled capitalism led to disorderly development that reflected the abilities of individual entrepreneurs rather than most other factors The result was the establishment of a society that mirrored and made the same mistakes as those made earlier in the rest of the country

The Conquest of Apacheria Dan L. Thrapp, 1975-12-15 Apacheria ran from the Colorado to the Rio Grande and beyond from the great canyons of the North for a thousand miles into Mexico Here where the elusive phantomlike Apache bands roamed life was as harsh cruel and pitiless as the country itself The conquest of Apacheria is an epic of heroism mixed with chicanery misunderstanding and tragedy on both sides The author s account of this important segment of Western American history includes the Walapais War an eyewitness report on the death of the gallant lieutenant Howard B Cushing the famous Camp Grant Massacre General Crook

s offensive in Apacheria and his difficulties with General Miles and the formidable Apache leaders including Cochise Delshay
