Losers Consent Elections And Democratic Legitimacy:

Losers' Consent Christopher J. Anderson, André Blais, Shaun Bowler, Todd Donovan, Ola Listhaug, 2005-01-13 Democratic elections are designed to create unequal outcomes for some to win others have to lose This book examines the consequences of this inequality for the legitimacy of democratic political institutions and systems Using survey data collected in democracies around the globe the authors argue that losing generates ambivalent attitudes towards political authorities Because the efficacy and ultimately the survival of democratic regimes can be seriously threatened if the losers do not consent to their loss the central themes of this book focus on losing how losers respond to their loss and how institutions shape losing While there tends to be a gap in support for the political system between winners and losers it is not ubiquitous The book paints a picture of losers consent that portrays losers as political actors whose experience and whose incentives to accept defeat are shaped both by who they are as individuals as well as the political environment in which loss is given meaning Given that the winner loser gap in legitimacy is a persistent feature of democratic politics the findings presented in this book contain crucial implications for our understanding of the functioning and stability of democracies Comparative Politics is a series for students and teachers of political science that deals with contemporary government and politics The General Editors are Professor Alfio Mastropaolo University of Turin and Kenneth Newton University of Southampton and Wissenschaftszentrum Berlin The series is published in association with the European Consortium for Political Research

Losers' Consent Christopher Anderson, 2005 Based on data from democracies across the globe this book examines how election losers and their supporters respond to their loss and how institutions shape losing Provided by publisher *Losers' Consent* Christopher J. Anderson, 2005 **The Legitimation of Power** David Beetham, 2013-10-30 The new edition of this classic text provides a comprehensive introduction to the concept of legitimacy as applied to political systems Now addressing the issue of legitimacy beyond the state the book also includes a new introduction and two major additional chapters which update the argument in the light of developments and debates **The ^AOxford Handbook of Electoral Systems** Erik S. Herron, Robert J. Pekkanen, Matthew S. Shugart, 2018-03-15 No subject is more central to the study of politics than elections Electoral systems the rules about how voters preferences are translated into election results profoundly shape important political outcomes including party systems candidate selection and policy choices This volume provides an in depth exploration of the origins and effects of electoral systems European Yearbook of Constitutional Law 2023 Charlotte van Oirsouw, Jurgen de Poorter, Ingrid Leijten, Gerhard van der Schyff, Maarten Stremmer, Maartje De Visser, 2024-12-11 The European Yearbook of Constitutional Law EYCL is an annual publication devoted to the study of constitutional law It aims to provide a forum for in depth analysis and discussion of new developments in the field both in Europe and beyond This book addresses the theme Constitutional Law in the Digital Era Societies are increasingly affected by the use of digital technologies by both public and private actors This has resulted in a range of normative questions that

require a constitutional response The book explores a number of issues concerning the relationship between the impact of digitalisation and constitutional values by examining the constitutional challenges arising from the increasing use of digital technologies and develops potential constitutional responses and remedies to these challenges This volume will be of special interest to constitutional and legal scholars who are interested in EU and national constitutional law as well as to social scientists more generally e g governance sociology science and technology as well as computer and data scientists In addition the book is relevant for judges government officials and policy makers who work on the intersection of digitalisation and EU constitutional law Charlotte van Oirsouw is a PhD researcher at Utrecht University School of Law Department of Constitutional and Administrative Law Jurgen de Poorter is State Councillor at the Dutch Council of State and Professor at Tilburg Law School Department of Public Law and Governance Ingrid Leijten is Professor at Tilburg Law School Department of Public Law and Governance Gerhard van der Schyff is Associate Professor at Tilburg Law School Department of Public Law and Governance Maarten Stremmer is Assistant Professor at Maastricht University Faculty of Law Department of Public Law Maartje De Visser is Professor at Yong Pung How School of Law Singapore Management University Chapter 10 is available open access under a Creative Commons Attribution 4 0 International License via link.springer.com

Compromises in Democracy Sandrine Baume, Stéphanie Novak, 2020-05-26 This book provides an interdisciplinary examination of the relationship between compromise and democracy Compromises have played a significant role in our representative democracies and yet the nature of the relationship between compromise and democracy has generally raised tricky theoretical questions and generated ambiguous evaluations This book focuses on the relationship between compromise and liberal democracies from both a cultural and institutional perspective and addresses new and lesser explored aspects of the relationship It explores a variety of topics including compromise and incommensurable values antagonist paradigms compromise and majority decisions compromise and publicity compromise and post conflict societies compromise and anti system political parties and compromise and the understanding of political representation Compromises in Democracy offers an original perspective on the topic by assembling contributions from the fields of philosophy sociology political theory political science and history of ideas

Contentious Elections Pippa Norris, Richard W. Frank, Ferran Martínez i Coma, 2015-04-10 From Afghanistan to Zimbabwe the world has witnessed a rising tide of contentious elections ending in heated partisan debates court challenges street protests and legitimacy challenges In some cases disputes have been settled peacefully through legal appeals and electoral reforms In the worst cases however disputes have triggered bloodshed or government downfalls and military coups Contentious elections are characterized by major challenges with different degrees of severity to the legitimacy of electoral actors procedures or outcomes Despite growing concern until recently little research has studied this phenomenon The theory unfolded in this volume suggests that problems of electoral malpractice erode confidence in electoral authorities spur peaceful protests demonstrating against the outcome and in the most severe cases

lead to outbreaks of conflict and violence Understanding this process is of vital concern for domestic reformers and the international community as well as attracting a growing new research agenda The editors from the Electoral Integrity Project bring together scholars considering a range of fresh evidence analyzing public opinion surveys of confidence in elections and voter turnout within specific countries as well as expert perceptions of the existence of peaceful electoral demonstrations and survey and aggregate data monitoring outbreaks of electoral violence The book provides insights invaluable for studies in democracy and democratization comparative politics comparative elections peace and conflict studies comparative sociology international development comparative public opinion political behavior political institutions and public policy Financial Crisis, Austerity, and Electoral Politics Pedro Magalhães, 2017-10-02 This book examines the domestic electoral consequences of the economic and financial crisis in Europe particularly in those countries where the crisis manifested itself more devastatingly the Southern European countries of Greece Italy Portugal and Spain as well as Iceland and Ireland On the surface the electoral consequences of the crisis seem largely similar having resulted in these countries in large electoral losses for incumbents as the most elementary versions of economic voting theory would have us expect However behind this fundamental similarity important differences emerge Whilst in some cases on the basis of post election surveys it is possible to see that the crisis elections followed a previous pattern of performance oriented voters with no major changes either in known predictors of electoral choices or in basic party system properties other elections brought the emergence of new parties new issues and cleavages altering patterns of political competition By examining these different outcomes by comparing the crisis elections with previous ones this book takes into account their timing relative to different stages of crisis It also scrutinises party strategies and campaign dynamics particularly as governments attempted and sometimes succeeded in framing events and proposals so as to apportion responsibility for economic outcomes This book was originally published as a special issue of the Journal of Elections Public Opinion and Parties Russia's Authoritarian Elections Stephen White, 2014-06-11 Russia is the world's largest country and its politics affect the entire international community Formally who exercises the power of government is decided as in Western democracies by competitive elections that are held at regular intervals But there have increasingly been doubts about the extent to which Russian parliamentary and presidential elections can be considered free and fair and it is the argument of this coauthored study that they are better defined as authoritarian elections with a number of distinct characteristics Using a wide range of sources including surveys election statistics interviews focus groups and the printed press the contributors to this important collection analyse Russia's authoritarian elections in a variety of ways how they are conducted what citizens think about them and how the Russian experience relates to a wider international context Elections are the central mechanism by which citizens can seek to hold their government to account this collection shows the ways in which that mechanism can be manipulated from above such it becomes more of an extension of central authority than a means by which the public at large can impose their own priorities

This book was originally published as a special issue of Europe Asia Studies **Handbook on Political Trust** Sonja Zmerli, Tom W.G. van der Meer, 2017-01-27 Political trust in government parliament or political parties has taken centre stage in political science for more than half a century reflecting ongoing concerns with the legitimacy and functioning of representative democracy To provide scholars students and policy makers with a tool to navigate through the complexity of causes and consequences of political trust this Handbook offers an excellent overview of the conceptual theoretical methodological and empirical state of the art complemented by accounts of regional particularities and authored by international experts in this field *Advancing Electoral Integrity* Pippa Norris, Richard W. Frank, Ferran Martínez i

Coma, 2014 This volume collects essays from international experts who evaluate the robustness conceptual validity and reliability of the growing body of evidence of voter fraud and electoral misconduct around the world in developed and developing democracies The essays compare alternative approaches and apply these methods to evaluate the quality of elections in several areas including in the United States Sub Saharan Africa and Latin America **Elections in Canada** Tamara Small, Royce Koop, 2025-05-06 Elections serve as a reflection not only of voter choices but also of the historical and legal context of a country's governance Emphasizing the significant influence of the electoral process Elections in Canada examines the intricate relationships between voter preferences historical and legal frameworks campaign dynamics political figures and media platforms Organized into five comprehensive sections the book provides a detailed exploration of Canadian electoral processes Beginning with a broad examination of election administration it situates the analysis within a wider democratic and comparative context The book outlines key institutional building blocks and the unique constitutional and legislative settings that have evolved since Confederation It analyses national campaigns constituency campaigns third parties and journalists as well as the pivotal role of political communication debates and polling Reflecting on the diverse landscape of voter participation the book considers the engagement of women Indigenous peoples racialized individuals and LGBTQ2 communities It sheds light on landmark cases discussing five pivotal elections that had long standing impacts on the development of Canadian political history Ultimately Elections in Canada draws on a variety of perspectives to provide politics students and instructors with a comprehensive overview of both contemporary and historical Canadian elections

Almost President Scott Farris, 2013-05-07 Veteran political journalist Scott Farris tells the stories of legendary presidential also rans from Henry Clay to Stephen Douglas from William Jennings Bryan to Thomas Dewey and from Adlai Stevenson to Al Gore He also includes concise profiles of every major candidate nominated for president who never reached the White House but who helped promote the success of American democracy Farris explains how Barry Goldwater achieved the party realignment that had eluded FDR how George McGovern paved the way for Barack Obama and how Ross Perot changed the way all presidential candidates campaign There is Al Smith the first Catholic nominee for president and Adlai Stevenson the candidate of the eggheads who remains the beau ideal of a liberal statesman And Farris explores the potential

legacies of recent runners up John Kerry and John McCain The book also includes compact and evocative portraits of such men as John C Fremont the first Republican Party presidential candidate and General Winfield Scott whose loss helped guarantee the Union victory in the Civil War This new edition of *Almost President* brings the work up to date with a section that explores the results and ramifications of the 2012 presidential election *Political Campaigning, Elections and the Internet* Darren Lilleker, Nigel Jackson, 2013-03 This book offers an in depth comparative analysis of how interactive Web 2.0 online tools including weblogs social networking sites and file sharing sites are utilised by candidates and parties during three recent election campaigns in France Belgium the US and the UK *Redistricting and Representation* Thomas Brunell, 2010-04-02 Pundits have observed that if so many incumbents are returned to Congress to each election by such wide margins perhaps we should look for ways to increase competitiveness a centerpiece to the American way of life through redistricting Do competitive elections increase voter satisfaction How does voting for a losing candidate affect voters attitudes toward government The not so surprising conclusion is that losing voters are less satisfied with Congress and their Representative but the implications for the way in which we draw congressional and state legislative districts are less straightforward *Redistricting and Representation* argues that competition in general elections is not the sine qua non of healthy democracy and that it in fact contributes to the low levels of approval of Congress and its members Brunell makes the case for a radical departure from traditional approaches to redistricting arguing that we need to pack districts with as many like minded partisans as possible maximizing the number of winning voters not losers **Representation** Jack H. Nagel, Rogers M. Smith, 2013-07-03 In any democracy the central problem of governance is how to inform organize and represent the opinions of the public in order to advance three goals popular control over leaders equality among citizens and competent governance In most political analyses voting is emphasized as the central and essential process in achieving these goals Yet democratic representation encompasses a great deal more than voter beliefs and behavior and indeed involves much more than the machinery of elections Democracy requires government agencies that respond to voter decisions a civil society in which powerful organized interests do not dominate all others and communication systems that permit divergent voices to be heard *Representation Elections and Beyond* brings together leading international scholars from a wide range of disciplines to explore the twenty first century innovations in voting laws and practices in electoral systems in administrative political and civil organizations and in communication processes and new technologies that are altering how we understand democratic representation Featuring twelve essays that engage with national provincial and municipal governments across three continents this volume tackles traditional core elements of democratic representation such as voting electoral systems and political parties while also underscoring the ways in which beliefs and preferences of citizens are influenced expressed and aggregated and the effects of those methods and practices on political agendas and policy outcomes In pinpointing deficiencies in contemporary democratic practices and possibilities for reform *Representation* provides an invaluable

roadmap to improve democratic representation in the twenty first century Contributors Andr Blais Pradeep Chhibber Archon Fung Jacob Hacker Zoltan Hajnal Matthew Hindman David Karpf Georgia Kernell Alexander Keyssar Anthony McGann Susan Ostermann Paul Pierson Dennis Thompson Jessica Trounstein Mark E Warren *Democracy and Electoral Politics in Zambia*, 2020-06-02 Democracy and Electoral Politics in Zambia aims to comprehend the current dynamics of Zambia s democracy and to understand what was specific about the 2015 2016 election experience While elections have been central to understanding Zambian politics over the last decade the coverage they have received in the academic literature has been sparse This book aims to fill that gap and give a more holistic account of contemporary Zambian electoral dynamics by providing innovative analysis of political parties mobilization methods the constitutional framework the motivations behind voters choices and the adjudication of electoral disputes by the judiciary This book draws on insights and interviews public opinion data and innovative surveys that aim to tell a rich and nuanced story about Zambia s recent electoral history from a variety of disciplinary approaches Contributors include Tinenenji Banda Nicole Beardsworth John Bwalya Privilege Haang andu Erin Hern Marja Hinfelaar Dae Un Hong O Brien Kaaba Robby Kapesa Chanda Mfula Jotham Momba Biggie Joe Ndambwa Muna Ndulo Jeremy Seekings Hangala Siachiwena Sishuwa Sishuwa Owen Sichone Aaron Siwale Michael Wahman Intimations of Global Law Neil Walker, 2014-11-22 A strain of law reaching beyond any bounded international or transnational remit to assert a global jurisdiction has recently acquired a new prominence Intimations of Global Law detects this strain in structures of international law claiming a planetary scope independent of state consent in new threads of global constitutional law administrative law and human rights and in revived notions of ius gentium and the global rule of law It is also visible in the legal pursuit of functionally differentiated global public goods general conflict rules norms of legal pluralism and new legal hybrids such as the global law of peace and humanity law The coming of global law affects how law manifests itself in a global age and alters the shape of our legal ethical horizons Global law presents a diverse unsettled and sometimes conflicted legal category and one which challenges our very understanding of the rudiments of legal authority

Citizens and Democracy in Europe Sergio Martini, Mario Quaranta, 2019-07-06 This book provides an innovative and in depth analysis of how attitudes towards democracy and political institutions differ across 31 countries in Europe and how these attitudes have fluctuated over time After addressing conceptual and measurement issues about the evaluative dimension of political support the authors develop a unique framework assessing the role of the institutional format the quality of the political process macro economic conditions and inequality to explain trends and differences in political satisfaction and trust The book further explores how education employment and electoral status create gaps in political support Citizens and Democracy in Europe will be of interest to students and scholars in comparative politics political sociology and public opinion

The Enigmatic Realm of **Losers Consent Elections And Democratic Legitimacy**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Losers Consent Elections And Democratic Legitimacy Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Losers Consent Elections And Democratic Legitimacy PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and

pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Losers Consent Elections And Democratic Legitimacy PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Losers Consent Elections And Democratic Legitimacy free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Losers Consent Elections And Democratic Legitimacy Books

What is a Losers Consent Elections And Democratic Legitimacy PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Losers Consent Elections And Democratic Legitimacy PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Losers Consent Elections And Democratic Legitimacy PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Losers Consent Elections And Democratic Legitimacy PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Losers Consent Elections And Democratic Legitimacy PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for

instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
