

Loss of Innocents

A woman is shown in silhouette, sitting and looking out of a window. The scene is dramatically lit with strong, warm light rays streaming in from the window, creating a somber and contemplative atmosphere. The light rays are most prominent on the left side of the frame, casting long, soft shadows.

Loss Of Innocents:

Missing Bodies Monica Casper, Lisa Jean Moore, 2009-07 We know more about the physical body how it begins how it responds to illness even how it decomposes than ever before Yet not all bodies are created equal some bodies clearly count more than others and some bodies are not recognized at all In *Missing Bodies* Monica J Casper and Lisa Jean Moore explore the surveillance manipulations erasures and visibility of the body in the twenty first century The authors examine bodies both actual and symbolic in a variety of arenas pornography fashion sports medicine photography cinema sex work labor migration medical tourism and war This new politics of visibility can lead to the overexposure of some bodies Lance Armstrong Jessica Lynch and to the near invisibility of others dead Iraqi civilians illegal immigrants the victims of HIV AIDS and natural disasters *Missing Bodies* presents a call for a new engaged way of seeing and recovering bodies in a world that routinely often strategically obscures or erases them It poses difficult even startling questions Why did it take so long for the United States media to begin telling stories about the falling bodies of 9 11 Why has the United States government refused to allow photographs or filming of flag draped coffins carrying the bodies of soldiers who are dying in Iraq Why are the bodies of girls and women so relentlessly sexualized By examining the cultural politics at work in such disappearances and inclusions of the physical body the authors show how the social medical and economic consequences of visibility can reward or undermine privilege in society

The Mystery of the Holy Innocents and Other Poems Charles Peguy, 2018-02-28 CHARLES P GUY is the only poet of consequence during the last fifty years in France whose work has failed to arouse the smallest critical interest in this country Compared with Claudel or Valéry to mention two of his contemporaries he has simply fallen flat It almost seems as though the term poetry were out of place or as though and this is perhaps nearer the truth the conception of poetry his work implied placed it outside the pale of contemporary criticism There seems to be nothing for criticism to get its teeth into Everything is plain sailing There is no shell to crack no secret to explore no difficulty of language no impenetrable thought no interplay of images to be unraveled In whatever direction the critic looks whether at the technique the ideas the images of the psychological sphere there is nothing to be done or at any rate nothing worth doing

The Transformations of Tragedy Fionnuala O'Neill

Tonning, Erik Tonning, Jolyon Mitchell, 2019-11-26 *The Transformations of Tragedy* Christian Influences from Early Modern to Modern explores the influence of Christian theology and culture upon the development of post classical Western tragedy The volume is divided into three parts early modern modern and contemporary This series of essays by established and emergent scholars offers a sustained study of Christianity's creative influence upon experimental forms of Western tragic drama Both early modern and modern tragedy emerged within periods of remarkable upheaval in Church history yet Christianity's diverse influence upon tragedy has too often been either ignored or denounced by major tragic theorists This book contends instead that the history of tragedy cannot be sufficiently theorised without fully registering the impact of Christianity in transition towards modernity [A Philosophy Of International Law](#) Fernando Teson, 2018-10-08 Why should sovereign states obey international law In this groundbreaking study Fernando Teson argues that an overlapping respect for human rights has created a moral common ground among the countries of the world It is this common set of values rather than self interest that ultimately provides legitimacy to international law Using the tools of moral philosophy Teson analyzes the concepts of sovereignty intervention and national interest the contributions of social contract theory game theory and feminist theory and the puzzles of self determination and group rights *Lost Innocents and the Loss of Innocence* Crispin Bates, 1998 **War and Moral Dissonance** Peter A. French, 2010-10-18 This collection of essays inspired by the author's experience teaching ethics to Marine and Navy chaplains during the Iraq War examines the moral and psychological dilemmas posed by war The first section deals directly with Dr Peter A French's teaching experience and the specific challenges posed by teaching applied and theoretical ethics to men and women wrestling with the immediate and personal moral conflicts occasioned by the dissonance of their duties as military officers with their religious convictions The following chapters grew out of philosophical discussions with these chaplains regarding specific ethical issues surrounding the Iraq War including the nature of moral evil forgiveness mercy retributive punishment honour torture responsibility and just war theory This book represents a unique viewpoint on the philosophical problems of war illuminating the devastating toll combat experiences take on both an individual's sense of identity and a society's professed moral code **Force Short of War in Modern Conflict** Galliot Jai Galliot, 2019-03-21 Jai Galliot explores the overarching phenomenon of how force short of war is being used in modern conflict and how it impacts just war theory He shows that we need to bring the rules of war into alignment with increasingly digital means of conducting kinetic warfare through the force short of war paradigm The use of force short of war is now commonplace in large part owing to casualty averseness and the explosion of emerging technologies most notably drones autonomous robotics and cyberwarfare It often involves the selective or limited use of military force to achieve political objectives and assumes many forms These include targeted killing assassination special forces raids limited duration bombing campaigns or missile strikes and low intensity counterterrorism and counterinsurgency operations *The Importance of Being Innocent* Joanne Faulkner, 2010-11-22 *The Importance of Being Innocent* addresses the current debate

in Australia and internationally regarding the sexualisation of children predation on them by pedophiles and the risks apparently posed to their innate innocence by perceived problems and threats in contemporary society Joanne Faulkner argues that contrary to popular opinion social issues have been sensationally expounded in moral panics about children who are often presented as alternatively obese binge drinking and drug using self harming neglected abused medicated and driven to anti social behavior by TV and computers This erudite and thought provoking book instead suggests that modern western society has reacted to problems plaguing the adult world by fetishizing children as innocents who must be protected from social realities Taking a philosophical and sociological perspective it outlines the various historical trends emotional investments and social tensions that shape contemporary ideas about what childhood represents and our responsibilities in regard to children

The Significance of Sibling Relationships in Literature JoAnna Stephens Mink, Janet Doubler Ward, 1993 If one does not have them one is compelled to acknowledge and react to their non existence *From the Eye of the Storm*, 2022-07-04 *From the Eye of the Storm* Regional Conflicts and the Philosophy of Peace presents to the reader a cross section of an emerging field of study the philosophy of peace The editors bring together articles that explore the philosophic implications of many recent regional conflicts Reflecting the diversity and vitality and any new field of study this volume contains five sections Conceptual Foundations America's Homefront Desert Storm Assessments Jihad Intifada and Other Mideast Concerns and Latin American Issues The topics of the articles include war militarism patriotism nationalism nonviolence conscientious objection feminist peace the media the ethics of the Gulf War the Israeli Palestinian conflict Islamic pacifism and Latin American resistance A concluding postscript assesses prospects for achieving peace and change within our fast changing international scene This volume has an extensive bibliography of writings concerning peace and conflict and is suited to professional and student audiences

Innocence, Knowledge and the Construction of Childhood Kerry H. Robinson, 2013-05-02 *Innocence Knowledge and the Construction of Childhood* provides a critical examination of the way we regulate children's access to certain knowledge and explores how this regulation contributes to the construction of childhood to children's vulnerability and to the constitution of the good future citizen in developed countries Through this controversial analysis Kerry H Robinson critically engages with the relationships between childhood sexuality innocence moral panic censorship and notions of citizenship This book highlights how the strict regulation of children's knowledge often in the name of protection or in the child's best interest can ironically increase children's prejudice around difference increase their vulnerability to exploitation and abuse and undermine their abilities to become competent adolescents and adults Within her work Robinson draws upon empirical research to provide an overview of the regulation and governance of children's access to difficult knowledge particularly knowledge of sexuality explore and develop Foucault's work on the relationship between childhood and sexuality identify the impact of these discourses on adults understanding of childhood and the tension that exists between their own perceptions of sexual knowledge and the perceptions of children

reconceptualise children's education around sexuality Innocence Knowledge and the Construction of Childhood is essential reading for both undergraduate and postgraduate students undertaking courses in education particularly with a focus on early childhood or primary teaching as well as in other disciplines such as sociology gender and sexuality studies and cultural studies

Philosophy of Law Larry May, Jeff Brown, 2009-05-18 Philosophy of Law provides a rich overview of the diverse theoretical justifications for our legal rules systems and practices Utilizes the work of both classical and contemporary philosophers to illuminate the relationship between law and morality Introduces students to the philosophical underpinnings of International Law and its increasing importance as we face globalization Features concrete examples in the form of cases significant to the evolution of law Contrasts Anglo American law with foreign institutions and practices such as those in China Japan India Ireland and Canada Incorporates diverse perspectives on the philosophy of law ranging from canonical material to feminist theory critical theory postmodernism and critical race theory

A World of Lost Innocence Nicola Darwood, 2012-04-25 Elizabeth Bowen was a prolific writer her publishing career spanned five decades and during this time she wrote ten novels over one hundred short stories and countless reviews and journal articles While earlier novels are now acknowledged as Modernist texts her later novels can be read through the lens of postmodernism they can be considered variously as romantic fiction marriage novels war time spy thrillers and psychological drama but throughout her novels she consistently questioned notions of identity sexuality and the loss of innocence A World of Lost Innocence The Fiction of Elizabeth Bowen offers a reading of Elizabeth Bowen's fiction which focuses specifically on this loss foregrounding the psychological conflicts experienced by her protagonists It examines the subject not only across the range of her fiction but also in relation to her unfolding narrative structures through a chronologically based discussion of her novels and selected short stories interwoven with biographical information and drawing on unpublished letters This book investigates the dominant kinds of innocence that Bowen represents throughout her fiction the innocence attributed to childhood sexual innocence and sexual morality and political innocence and argues that the transition from innocence to experience plays an important role in the epistemological journey faced both by Bowen's characters and her readers

Ethics Ronnie Littlejohn, 1993 Iran's heritage is as varied as it is complex and the archaeological philological and linguistic scholarship of the region has not been the focus of a synoptic study for many decades Thus The Oxford Handbook of Ancient Iran fills a longstanding gap in the literature of the ancient Near East providing up to date authoritative essays by leading specialists based both inside and outside of Iran on a wide range of topics extending from the earliest Paleolithic settlements in the Pleistocene era to the Islamic conquest in the 7th century AD The volume is divided into sections covering prehistory the Chalcolithic the Bronze Age the Iron Age the Achaemenid period the Seleucid and Arsacid periods and the Sasanian period concluding with the Arab conquest of Iran In addition more specialized chapters are included that treat numismatics Elymaean Arsacid Persid and Sasanian religion the Avesta and Zoroastrianism languages proto Elamite Elamite Akkadian

Old Persian Greek Aramaic Parthian and Middle Persian political ideology calendrics textiles administrative seals and sealing Sasanian silver and reliefs and political relations with Rome and Byzantium No other single volume covers as much of Iran's archaeology and history with the same degree of authority This work will be of vast interest to a wide range of students and scholars from archaeologists and art historians to philologists Classicists ancient historians religious historians and numismatists

Ethics and Experience Lloyd Steffen, 2012-08-09 Ethics and Experience introduces students to the key topics in moral theory through provocative moral issues just war abortion physician assisted suicide the death penalty and more Steffen helps students bridge the gap between ethical theory and experience through developing a common agreement ethical system that is applicable to a variety of moral problems and issues with clear language and real life examples *The Routledge Handbook of Muslim-Jewish Relations* Josef Meri, 2016-06-23 The Routledge Handbook of Muslim Jewish Relations invites readers to deepen their understanding of the historical social cultural and political themes that impact modern day perceptions of interfaith dialogue The volume is designed to illuminate positive encounters between Muslims and Jews as well as points of conflict within a historical framework Among other goals the volume seeks to correct common misperceptions about the history of Muslim Jewish relations by complicating familiar political narratives to include dynamics such as the cross influence of literary and intellectual traditions Reflecting unique and original collaborations between internationally renowned contributors the book is intended to spark further collaborative and constructive conversation and scholarship in the academy and beyond

Scandalous Politics Juliet F. Gainsborough, 2010-11-15 Little work has been done to systematically analyze how high profile incidents of child neglect and abuse shape child welfare policymaking in the United States In *Scandalous Politics* Juliet Gainsborough presents quantitative analysis of all fifty states and qualitative case studies of three states Florida Colorado and New Jersey that reveal how well publicized child welfare scandals result in adoption of new legislation and new administrative procedures Gainsborough's quantitative analysis suggests that child welfare policymaking is frequently reactive while the case studies provide more detail about variations and the legislative process For example the case studies illustrate how the nature and extent of the policy response varies according to particular characteristics of the political environment in the state and the administrative structure of the child welfare system *Scandalous Politics* increases our understanding of the politics of child welfare at both the state and federal level and provides new insights into existing theories of agenda setting and the policy process It will be of interest to everyone involved with child welfare policymaking and especially public policy and public administration scholars *FBI Law Enforcement Bulletin*, 2001
