Anales de legislación argentina, 1981 **Hacia una nueva diplomacia** Julio Lascano y Vedia, 2020-04-09 Este libro enfocado en el estudio de los cambios contemporáneos en las relaciones internacionales propone ideas para la formulación y el diseño de una política exterior Una propuesta renovadora y aggiornada de estructuras que requieren estar a los desafíos del nuevo orden mundial Julio Lascano y Vedia expone un diagnóstico integral de los signos del nuevo orden mundial en el siglo XXI y de los fenómenos que marcaron en el pasado la historia y los pensamientos de las relaciones globales y entre los Estados Como el autor explica el siglo XX fue el de las grandes guerras mundiales pero también el del afianzamiento del sistema multilateral mundial la cooperación internacional la búsqueda de mecanismos de paz y seguridad internacional lo que hizo imaginar un nuevo renacer del ideal de progreso indefinido Pero los intereses individualistas y capitalistas puntuales hicieron fracasar el esquema de cooperación Surgieron desajustes y políticas regresivas que malograron la eventual expansión de la riqueza y perjudicaron directamente a los países en vías de desarrollo y a los más pobres Intereses de los Estados nacionales y nuevos fenómenos extremistas completan la problemática de un nuevo orden político social y económico que se ha vuelto más caótico y más injusto Los amargos sabores del fracaso de la anunciada globalización positiva y la necesidad de

revisar urgentemente el sistema de ayuda financiera internacional solo son compensados por la aparición de las propuestas de diálogo para la paz del papa Francisco y los programas de desarrollo sustentable que impulsa el sistema de las Naciones Unidas. Lascano y Vedia propone que la teoría y las prácticas de la diplomacia se encaminen hacia una nueva diplomacia un estadio actualizado y de mayor armonía y pragmatismo volcados al arduo esfuerzo de ejecución de la política exterior mediante la observación e información y la continua negociación basada en el espíritu de integración. Esta nueva diplomacia debe surgir de la íntima relación y consenso entre la política interna y la exterior. Es preciso pensar en el diseño de una política exterior pragmática y con políticas de Estado que se basen en principios e ideas que prioricen los intereses nacionales concretos en el orden interno y en el exterior haciendo dinámicas las políticas relativas a promoción comercial, inversiones y generación de empleo. Es tiempo de que la Argentina aproveche su profesionalismo y sus valores en favor de la democracia, la integración y el medio ambiente para convertir y actualizar su política exterior a nuevas instancias y formas que le permitan generar rápidamente la nueva diplomacia que requiere.
