Region State In Latin Americas Past:

Region and State in Latin America's Past Magnus Mörner, 1993 In one of the first books in English to focus on Latin American regional history distinguished historian Magnus Mörner examines the ways in which various sectors of Latin American society in different regions and at different historical periods reacted to policies of their respective states After an introductory discussion of the concept of the state and its transformation in Latin America over time Mörner turns to a series of interrelated case studies from periods ranging from the early sixteenth century to the 1930s Mörner first explores the early segregation efforts of imperial Spain aimed at separating white Hispanic from native Indian populations in colonial Spanish America and he explains why those efforts failed He discusses the incorporation of native populations into the newly established nation of Venezuela from 1830 to 1860 He describes the Brazilian Empire's attempts at modernization through the introduction of the metric system in the 1870s and the unexpected riots that ensued among tradition minded citizens of the rural northeast And he examines government efforts of the River Plate region comprising the city of Buenos Aires and neighboring provinces to promote European immigration to Argentina

 Publisher description **Courses on Latin America in Institutions of Higher Education in the United States** Pan American Union. Division of Education, 1948 Congressional Record United States. Congress, 1997 *Regions in Transition in the Former Soviet Area* Alessandra Russo, 2017-11-15 This book aims to understand the texture of the post Soviet region where waves of de integration and re integration have been resonating at different times and through diverse manifestations over the last quarter of century The post Soviet states have been evolving in an embryonic system of states in their close neighbourhood whose boundaries and rules of interactions are still in the making However one can already detect specific traits of regional governance one of these being the presence of overlapping organisations and institutions It includes reflections on relations between state formation and region formation and a tentative conceptualisation of a post colonial form of regionalism The focus on small states featuring different behaviours vis vis regional organisations and regional imaginaries in their transitional and still unsettled state identities and foreign policy narratives constitutes a further element of originality This innovative volume is crucial reading for scholars and researchers of International Relations with a special interest in either the Former Soviet Space or Comparative Regionalism **The Department of State Bulletin**, 1984 *International History of the Twentieth Century and Beyond* Antony Best, Jussi M. Hanhimäki, Joseph A. Maiolo, Kirsten E. Schulze, 2014-12-17 This hugely successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the past one hundred years The third edition is thoroughly updated throughout to take account of the most recent research and global developments and includes a new chapter on the international history of human rights and its advocacy organizations including NGOs Additional new features include New material on the Arab Spring including specific focus on Libya and Syria Increased debate on the question of US decline and the rise of China A timeline to give increased context to those studying the topic for the first time A fully revised companion website including links to further resources and self testing material can be found at www.routledge.com/cw/best Antony Best is Associate Professor in International History at the London School of Economics Jussi M Hanhimäki is Professor of International History and Politics at the Graduate Institute of International Studies Geneva Joseph A Maiolo is Professor of International History at the Department of War Studies Kings College London Kirsten E Schulze is Associate Professor in International History at the London School of Economics **Routledge Handbook of Latin American Security** David R. Mares, Arie M. Kacowicz, 2015-07-16 This new Handbook is a comprehensive collection of cutting edge essays on all aspects of Latin

American Security by a mix of established and emerging scholars The Routledge Handbook of Latin American Security identifies the key contemporary topics of research and debate taking into account that the study of Latin America's comparative and international politics has undergone dramatic changes since the end of the Cold War the return of democracy and the re-legitimization and re-armament of the military against the background of low level uses of force short of war Latin America's security issues have become an important topic in international relations and Latin American studies This Handbook sets a rigorous agenda for future research and is organised into five key parts The Evolution of Security in Latin America Theoretical Approaches to Security in Latin America Different Security Contexts Contemporary Regional Security Challenges Latin America and Contemporary International Security Challenges With a focus on contemporary challenges and the failures of regional institutions to eliminate the threat of the use of force among Latin Americans this Handbook will be of great interest to students of Latin American politics security studies war and conflict studies and International Relations in general

Regional and International Cooperation in South America After COVID Melisa Deciancio, Cintia Quiliconi, 2022-07-22 This volume analyses South American regional and international cooperation during the COVID19 crisis started in 2020 Across thirteen chapters a collection of leading experts address how regional collaboration has developed evolved and recoiled The chapters explore the state of regionalism at the pandemic surge and the challenges and opportunities this situation has opened for regional and international cooperation Authors analyze the role of extra regional powers and traditional regional leaders during the pandemic identifying the extent to which regional cooperation has been possible across several policy agendas They argue that fragmented visions of regionalism ideological polarization and weak leadership has prevailed from before the pandemic which accompanied by adverse interactions among major powers has ensured that cooperation has remained bilateral rather than regional Ultimately all these factors have created a complex scenario in which disintegration dynamics have emerged darkening even more the South American regional panorama

Regional and International Cooperation in South America After COVID will be an invaluable resource for students scholars and policy specialists of regionalism and regional integration Latin American studies international relations and international political economy Department of State Publication United States. Department of State, 1948 External Powers in Latin America Gian Luca Gardini, 2021-04-21 This book examines the role of external powers in Latin America in the 21st century Non traditional partners have significantly increased their political and economic engagement with the continent Five key questions arise why has this surge taken place when has it happened in which regions and sectors is it mostly felt what is the Latin American perspective and what are the actual results The book analyses 16 case studies the United States the European Union China Russia Japan Canada India Turkey Iran Israel South Korea Taiwan Indonesia the ASEAN countries South Africa and Australia The spectrum of existing explanations in the literature spans from neo-extractivism to South-South cooperation This volume places them in context and proposes a more multifaceted approach stressing a combination of

systemic factors and internal dynamics both in Latin America and in the external partner countries Geopolitics still matters and so do nation states their interests and leaders Ultimately this surge in engagement has largely reproduced past patterns Are new partners that different from the old ones *Child Labour Opponents and Their Campaigns in the Americas* Nina Schneider,2025-11-03 This book delves into the past and examines the origins of activism against child labour It addresses a hitherto under examined question how and why did child labour develop into a key concern between the 1880s and 1930s Who were the protagonists who first raised the issue of child labour as a global concern The study aims to provide the first account of the history of diverse and locally grounded but nationally and frequently globally connected child labour opponents in the Americas their motivations and campaigns at the turn of the 20th century I argue that for the period between 1888 and 1938 one can identify similar protagonists a joint goal a broadly similar timing common platforms comparable campaigning mechanisms and many types of connections or entanglements across regions Nevertheless in contrast to the global anti slavery movement child labour opponents formed a loosely institutionalised network which lacked an international organisation that focused specifically on child labour A global history approach to child labour opponents helps reveal large scale patterns across societies and highlight similarities and differences between cases *Language and Area Study Programs in American Universities* United States.
