✓ Exclusively available on IvyPanda

Imperialism may refer to a policy, practice, or support of expanding one country's power and dominance over another. This activity may be carried out in two unique ways: first, by physically acquiring geographical territories; second, by indirectly influencing other places' economies or politics. As a consequence of being denied a say in the creation of the laws and policies of the other country, its people are reduced to second-class citizens. Foreign officials often station themselves in the nation of origin to ensure the effective execution of their authority. According to (The Associated Press), Macro appealing to Africans to side with Russians against Ukraine indicates colonial imperialism.

Second, a nation may rule itself via an internal government contemporary imperialism called protectorate imperialism. Under imperialism, the nation is still mainly
