millions into poverty and many more into precarious work while the left remains trapped in stagnant political practices that
offer no respite Inventing the Future is a bold new manifesto for life after capitalism Against the confused understanding of
our high tech world by both the right and the left this book claims that the emancipatory and future oriented possibilities of
our society can be reclaimed Instead of running from a complex future Nick Srnicek and Alex Williams demand a
postcapitalist economy capable of advancing standards liberating humanity from work and developing technologies that
expand our freedoms This new edition includes a new chapter where they respond to their various critics
