Reinhabiting the Earth Mary Lou Van Rossum, 1994 Amid global human crises of historic proportions there is a need for understanding revering our world above all for recognizing our responsibility for bringing about a new creation a new order of being This unique book gives a biblical perspective to our role in the face of ecological choices human survival Van Rossum a distinguished scholar offers biblical commentaries ecological reflections that illuminate contemporary concerns She also presents a telling cogent analysis of the inevitable role of the human community in choosing life all forms of life for the sake of survival Choosing life Van Rossum writes requires an exodus from our present social order based on anthropocentrism militarism consumerism technomania to an ecologically conscious global community based on biocentric geocentric perspectives It requires a compassionate disciplined lifestyle that honors the unity diversity within the community of creation Van Rossum explores the seven major areas of the Judeo Christian scriptures from the pre history of Genesis through the Book of Revelation reflects on ways in which they convey an ecological wisdom to our age Reinhabiting the Earth awakens us to the interdependence of all beings It is a work of exceptional spiritual wisdom a compelling timely book that humanity cannot ignore Thomas Berry Mary Evelyn Tucker, John Grim, Andrew Angyal, 2019-06-04 Thomas Berry 1914 2009 was one of the twentieth century s most prescient and profound thinkers As a cultural historian he sought a broader perspective on humanity s relationship to the earth in order to respond to the ecological and social challenges of our times This first biography of Berry illuminates his remarkable vision and its continuing relevance for achieving transformative social change and environmental renewal Berry began his studies in Western history and religions and then expanded to include Asian and indigenous religions which he taught at Fordham University Barnard College and Columbia University Drawing on his explorations of history he came to see the evolutionary process as a story that could help restore the continuity of humans with the natural world Berry urged humans to recognize their place on a planet with complex ecosystems in a vast evolving universe He sought to replace the modern alienation from nature with a sense of intimacy and responsibility Berry called for new forms of ecological education law and spirituality as well as the creation of resilient agricultural systems bioregions and ecocities At a time of growing environmental crisis this biography shows the ongoing significance of Berry s conception of human interdependence with the earth as part of the unfolding journey of the universe

Christian Faith and the Environment Brennan R. Hill, 2007-03-16 Although the environmental crisis has been recognized as an international threat Christian attempts to reconcile their religious traditions and the earth are just beginning Christian Faith and the Environment challenges churches to take a stand for environmental concerns Hill explores how twentieth century theologians such as Karl Rahner Bernard Lonergan and Pierre Teilhard de Chardin have taught Christians to build bridges between Christianity and creation Examining sacramental rites church documents and feminist theological insights on ecology Hill outlines a Christian environmental spirituality and traces the ethical challenges posed by

our new awareness of our environment The Passionate Bride Alan Davey, Elizabeth Davey, 2019-03-25 St Paul's Letter to the Ephesians is a bold declaration of love We were in the ruminations of Abba before the stardust formed into galaxies and the earth coalesced into its present shape Indeed Abba's dream for his people already existed in those primordial days Today we have the opportunity to wake up and embrace his dream with enthusiasm and intentionality As members of his church individually and collectively we want to embrace God's desire for a dynamic people infused with his passionate love The church as the bride of Christ is a powerful metaphor engaging the apostle as he writes his letter Paul's passion becomes ours as we meditate on his words which evoke spiritual desire It is in this relationship of love that the central purpose of our lives is found As we gratefully receive Christ's amity and as his bride returns it so the entire earth is enflamed with the fires of his love At the same time we recognize it is a mystery this love between Abba and his church When we receive and reflect Christ's overtures of love as a community of faith a synergy is created and released through the interconnectedness of our gifts talents and zeal The church contains the spiritual energy of a nuclear explosion and when it detonates it releases a fallout of love mercy and compassion bringing healing to the world and drawing others to the divine presence **The Publishers**
