Carrying the Torch Steven Payne, 2010-12-10 When I want to read a book I write one So wrote the 19th century politician and novelist Benjamin Disraeli Washington Irving said something very similar and it's a maxim which I've adopted as my own Almost all of the writing I've done over many years has been based on wanting to read a book on a particular subject a book which research told me didn't currently seem to exist Carrying the Torch like all my other books to date was born out of the desire to read a good book on an interesting subject finding nothing available that quite matched up

to my expectations I decided to write it myself I wanted a good general book about the phenomenon of unrequited love in the worlds art how important a theme it has been in novels poems music and film for so long why artists keep coming back to it again and again what it actually is what it feels like and how it might be explained and so forth I like to think that thats the book Ive written All the world loves a lover and most people whether they openly admit it or not and that includes a great many men love a good love story as I make clear in the book it doesnt seem to matter if the story has a tragic or at least unhappy ending we dont enjoy it any less and may even enjoy it all the more as the popularity of weepies in book or film form attests

The Psychology of Love and Hate in Intimate Relationships Katherine Aumer, 2016-06-23 Social psychology has made great advancements in understanding how our romantic relationships function and to some extent dissolve However the social and behavioral sciences in much of western scholarship often focus exclusively on the more positive aspects of intimate relationships and less so on more controversial or unconventional aspects The goal of this volume is to explore and illuminate some of these underrepresented aspects aspects such as non monogamy female orgasm sadism and hate that often function alongside love in intimate relationships Ultimately by looking at intimate relationships in this way the volume contributes to and advocates for a more holistic and comprehensive view of intimate relationships Throughout the volume contributors from social clinical and evolutionary psychology cover love and hate from a variety of sometimes opposing perspectives The first section covers love and the changing landscape of intimate relationships Its chapters review the current literature and research of understudied topics like non monogamy female orgasm sexual fantasies and the viewpoint of love as something other than positive The second section explores hate and how hate can operate in intimate relationships for example the appearance of sadistic behavior and debates the nature of hate as either a motivation or emotion The volume concludes by looking at ways in which the appearance of hate in relationships can be dealt with and overcome successfully Taken together these two sections reflect the full variety of experiences within intimate relationships With the aim of exploring how love and hate can and frequently do work together The Psychology of Love and

Hate in Intimate Relationships is a fascinating psychological exploration of intimate relationships in modern times. It is an invaluable resource to academics and students specializing in psychology, gender, and sociology, including clinicians and therapists and all those interested in increasing our knowledge of intimate relationships.

The Genesis and Sources of Pierre Corneille's Tragedies from Médée to Pertharite ... Lawrence Melville Riddle, 1926

Walt Whitman's Songs of Male Intimacy and Love Walt Whitman, 2011-04-01

In his 1859 *Live Oak with Moss*, Walt Whitman's unpublished sheaf of twelve poems on manly passion, the poet dreams of a city where men who love men can live and love openly. The revised *Live Oak with Moss* poems became Calamus Whitman's cluster of poems on adhesive and manly love, comradeship, and democracy in *Leaves of Grass*. Commemorating both the first publication of the Calamus poems and the little-known manuscript of notebook poems out of which the Calamus cluster grew, Whitman scholar Betsy Erkkila brings together in a single edition for the first time the *Live Oak with Moss* poems, the 1860 Calamus poems, and the final 1881 Calamus poems. In addition to honoring the sesquicentennial of the Calamus cluster, she celebrates the ongoing legacy of Whitman's songs of manly passion, sex, and love. The volume begins with Whitman's elegantly handwritten manuscript of the *Live Oak with Moss* poems, printed side by side with a typeset transcription, and followed by a facsimile of the 1860 version of the Calamus poems. The concluding section reprints the final version of the Calamus poems from the 1881 edition of *Leaves of Grass*. In an afterword, Erkkila discusses the radical nature of these poems in literary, sexual, and social history, the changes Whitman made in the *Live Oak* and Calamus poems in the post-Civil War and Reconstruction years, the literary, political, and other contests surrounding the poems, and the constitutive role the poems have played in the emergence of modern heterosexual and homosexual identity in the United States and worldwide. The volume closes with a selected bibliography of works that have contributed to the critical and interpretive struggles around Whitman's man-loving life. One hundred and fifty years after Whitman's brave decision to speak publicly about a fully realized democracy, his country is still locked in a struggle over the rights of homosexuals. These public battles have been at the very center of controversies over the life, work, and legacy of Walt Whitman, America's and the world's major poet of democracy and its major singer of what he called manly love in all its moods. Together, the poems in this omnibus volume affirm his creation of a radical new language designed to convey and affirm the poet's man love.

School of Love H. M. Richmond, 2015-12-08

Challenging the view of Shelley Arnold and Eliot that there has been a decline in human sensibility in the later history of European culture, H. M. Richmond demonstrates that the history of the love lyric at least reveals a progressive enrichment of human awareness. His original combination of traditional and new critical methods is particularly effective in this study.
