Relational Holiness Responding To The Call Of Love:

Relational Holiness Thomas Jay Oord, Michael Lodahl, 2005 To be holy is it enough to live a clean life follow a few rules and avoid bad company We might say yes but still end up doing too much too little or nothing at all What we need is a central idea to guide us Relational Holiness offers us this very thing by inviting us to live a holy life that is most authentic when it is centered on love the heart of God's character Thomas Oord and Michael Lodahl present a fresh view of holiness that is not only engaging but also responsive to the yearnings of a postmodern generation Book jacket [A Classical Response to Relational Theism](#) Brian J. Orr, 2022-02-17 The classical doctrine of God expresses that the God of the Bible is triune a se simple immutable impassible eternal and the sovereign Lord over his creation which he created from himself Modern streams of theology within the evangelical circle continue to promote a doctrine of God that sharply contrasts the classical view the traditional view of God in Christian theism Therefore a critical response to such a theology is needed This study is a comprehensive analysis and sustained critique of Thomas Jay Oord's open relational doctrine of God Oord's model substitutes process metaphysics for classical metaphysics while attempting to retain foundational Christian doctrines that were established within a classical metaphysical framework [The Uncontrolling Love of God](#) Thomas Jay Oord, 2015-11-09 Rarely does a new theological position emerge to account well for life in the world including not only goodness and beauty but also tragedy and randomness Drawing from Scripture science philosophy and various theological traditions Thomas Jay Oord offers a novel theology of providence essential kenosis that emphasizes God's inherently noncoercive love in relation to creation *Relational Theology* Brint Montgomery, Thomas Jay Oord, Karen Winslow, 2012-11-06 A growing number of Christians feel drawn to relational theology The God of the Bible seems thoroughly relational and we are increasingly aware of our own interrelatedness with others Contributors to this volume tease out some implications of relational theology in light of a host of issues doctrines and agendas The result is a must read collection of essays with proposals sure to be the center of conversations for decades to come **Renovating Holiness** Thomas Jay Oord, Joshua Broward, 2015-02-03 This book is a call for change Even more it calls for open conversation about change For too long many in the Church of the Nazarene have considered the doctrine of holiness off limits a sacred cow impervious to all forces of cultural modification and theological renewal It's time for a real change because the church needs renovation These 100 essays from Millennial and Xer leaders explore how holiness might be understood and lived today **God's Love Through the Spirit** Kenneth Loyer, 2014 Although the doctrine of the Holy Spirit has often been a neglected subject in theology it remains vital for understanding both the Christian confession of God as Trinity and the nature of the Christian life In view of those two topics God's Love through the Spirit examines the relationship between love and the person and work of the Holy Spirit in Thomas Aquinas and John Wesley two very different figures whose teachings on the Spirit and the Christian life are found to be on the whole surprisingly compatible An investigation into Aquinas's amor based pneumatology including a groundbreaking analysis of his

recently discovered Pentecost sermon and a fresh assessment of the doctrine of sanctification in Wesley show that in distinctive yet largely complementary ways Aquinas and Wesley provide resources that can be used to reclaim a richer pneumatology specifically in relation to the theological virtue of love Pluriform Love Thomas Jay Oord, 2022-02-25 A masterpiece from the preeminent theologian of love A strong case can be made that love is the core of Christian faith And yet Christians often fail to give love center stage in biblical studies and theology And most fail to explain what they mean by love Why is this Thomas Jay Oord explores this question and offers ground breaking answers Oord addresses leading Christian thinkers today and of yesteryear He explains biblical forms of love such as agape philia hesed and ahavah We should understand love s meaning as uniform he says but its expressions are pluriform Widely regarded as the world s foremost theologian of love Thomas Jay Oord tackles our biggest puzzles about the nature and meaning of love divine and creaturely His proposals are novel They align with love described in scripture and expressed in everyday experience Oord also provides radical and yet persuasive answers to questions about evil hell the Big Bang divine violence divine abandonment and more Pluriform Love changes the landscape of Christian love studies What they re saying Thomas Jay Oord is the first to systematically clarify a variety of types of love and show that all are characteristic of God This is an original contribution to theology Though a complex task Oord writes in an accessible and attractive way John B Cobb Jr Cobb Institute Author of Salvation Jesus s Mission and Ours Christian theology in the years to come will need a facelift a true restoration of the biblical witness to the centrality of God s love If we wish to help make the faith truly relatable to our world today Oord s clear compassionate and compelling voice is one we will be thankful for Peter Enns Eastern University and Co host of The Bible for Normal People Thomas Jay Oord adds to his proposals on open and relational theology developing a theology of love which is both uniform in meaning and pluriform according to situation and recipients The volume is indispensable for those researching the nature of love Paul Fiddes University of Oxford The glowing multiform forcefield of love embraces every sentence of Pluriform Love Free of sentimentality and pretense refusing to pit eros and agape against each other it unfolds a full scale theology This amorous vision will attract a wide readership Catherine Keller Drew University Author of Facing Apocalypse Thomas Oord is a global leader exploring the primacy of love within Christian thought and practice In this book he presents a theology of love in a loving way When he grapples with the Scriptures he shows an attitude of fairness His writing style combines scholarly depth with accessible simplicity In the end Oord makes a radical claim much of traditional Christian theology cannot take love as seriously as it must Love must revolutionize Christian theology and Oord explains how Brian D McLaren Author of Do I Stay Christian This is a rigorous provocative creative and very readable account of the meaning of love especially divine love It s a very important contribution to theological thought on this central topic Keith Ward University of Oxford The Entangled God Kirk Wegter-McNelly, 2012-03-12 In The Entangled God Kirk Wegter McNelly addresses the age old theological question of how God is present to the world by constructing a novel scientifically

informed account of the God world relation Drawing on recent scientific and philosophical work in quantum entanglement Wegter McNelly develops the metaphor of divine entanglement to ground the relationality and freedom of physical process in the power of God s relational being The Entangled God makes a three fold contribution to contemporary theological and religious discourse First it calls attention to the convergence of recent theology around the idea of relationality Second it introduces theological and religious readers to the fascinating story of quantum entanglement Third it offers a robust plerotic alternative to kenotic accounts of God s suffering presence in the world Above all this book takes us beyond the view of theology and science as adversaries and demonstrates the value of constructively relating these two important areas of intellectual investigation

Experiencing Christ Darrell Poepelmeyer,2023-04-05 This is Book One of a six book series on Nazarene soteriology salvation This book applies the insights gained from studying 2 000 years of Christian salvation to our modern situation It examines modern salvation experiences as interpreted by Scripture Christian tradition rational responses and emotional encounters with God The perspective comes from the Nazarene view of two works of grace as Christian Conversion and Holy Purpose Holy Purpose always follows Christian Conversion The other five books look at previous historical periods

The Nature of Love Thomas Jay Oord,2010-04-01 God is love Consequently shouldn t love exist at the center of Christian theology When love is at the center theology is understood differently than it has typically been understood Some theologians have placed faith at the center others God s sovereignty still others the Church but Dr Oord places the emphasis on love God s love for us revealed in Christ in the Church and in creation and our love for God and others as ourselves must be afforded its rightful place Beginning with the foundation of love is what differentiates the Christian faith from others a loving God Dr Oord defines love as To love is to act intentionally in sympathetic empathetic response to God and others to promote overall well being Is this not what has defined Christians throughout history

Dancing with God Karen Baker-Fletcher,2006-12-01 Dancing With God is an exploration of the divine gifts of courage and grace in the face of evil Moreover it is a doctrine of God as the source of that courage Baker Fletcher presents an understanding of the work of the Trinity with regard to the problem of crucifixion a metaphor she uses for unnecessary violence She develops a process of relational womanist theology that considers the empathetic omnipresence of God in the midst of unnecessary suffering and the healing power of God in movement of the Holy Spirit She engages the contributions of a diversity of theologians like Paul Tillich Karl Barth Gordon Kaufman John Cobb Jr Majorie Suchocki Charles Hartshorne Andrew Sung Park and Katie Cannon in her discussion of the dance of the Trinity in creation and the problem of sin evil and suffering Through creative works like that of Alice Walker s The Color Purple and journalist Joyce King s account of the James Byrd Jr murder in Jasper County Texas Baker Fletcher reveals the healing encouraging power of the Holy Spirit in the lives of survivors of unnecessary violence

The Theology of John Wesley Prof. Kenneth J. Collins,2011-07-01 A rich articulation of John Wesley s theology that is appreciative of the old and mindful of the new faithful to the past and attentive

to the present This work carefully displays John Wesley s eighteenth century theology in its own distinct historical and social location but then transitions to the twenty first century through the introduction of contemporary issues So conceived the book is both historical and constructive demonstrating that the theology of Wesley represents a vibrant tradition Cognizant of Wesley s own preferred vocabulary Collins introduces Wesley s theological method beginning with a discussion of the doctrine of God In this insightful exposition the leitmotif of holy love arises out of Wesley s reflection on the nature of the divine being as well as other major doctrines Douglas Meeks **With All the Fullness of God** Jared Ortiz,2021-01-12

Christians confess that Christ came to save us from sin and death But what did he save us for One beautiful and compelling answer to this question is that God saved us for union with him so that we might become partakers of the divine nature 1 Pet 2 4 what the Christian tradition has called deification This term refers to a particular vision of salvation which claims that God wants to share his own divine life with us uniting us to himself and transforming us into his likeness While often thought to be either a heretical notion or the provenance of Eastern Orthodoxy this book shows that deification is an integral part of Catholicism Orthodoxy and many Protestant denominations Drawing on the resources of their own Christian heritages eleven scholars share the riches of their respective traditions on the doctrine of deification In this book scholars and pastor scholars from diverse Christian expressions write for both a scholarly and lay audience about what God created us to be adopted children of God who are called even now to be filled with all the fullness of God Eph 3 19 Visions of Agapé Craig A. Boyd,2017-03-02 This book brings together philosophical and theological perspectives on agapistic love The aim of the text is to illuminate the nature of unlimited love by distinct and integrative approaches to the intersection of the divine and the human Various scientific approaches to human forms of love seem to shed light on our nature as social beings But to what extent are the natural desires for affection sexual love and friendship augmented revised perfected or replaced by the gift of grace In other words we can ask how is it that agap modifies or shapes the natural loves Diverse theological and moral traditions address the question in quite startling contrast Thomists follow the dictum that Grace does not destroy nature but perfects it Lutherans draw a sharp contrast between law and Gospel while Wesleyans see charity as the sanctifying power of the Holy Spirit Some feminist theorists see the idea of self giving love as contrary to genuine self fulfilment while the neo Kantians see love as a duty to others and some Kierkegaardians see the command to love as an unusual manifestation of divine command ethics These diverse approaches in light of contemporary research in the natural and social sciences can provide fertile ground for the exploration of the intersection of human and divine love To date there is no text available that brings scholars from various theological and philosophical backgrounds together to engage in interdisciplinary dialogue on this important and much neglected aspect of research into the human and divine loves This book offers a significant attempt to remedy the situation *John Wesley's Pneumatology* Joseph W. Cunningham,2016-05-06 Perceptible inspiration a term used by John Wesley to describe the complicated relationship between Holy Spirit religious knowledge and the nature of

spiritual being is not unlike the term Methodist which was also coined by critics of Methodism during the eighteenth century in Britain John Wesley's adversaries especially the pseudonymous John Smith with whom Wesley exchanged letters for a period of three years frequently challenged the plausibility of direct spiritual sensation which Wesley defended What does Wesley mean by perceptible inspiration What does the teaching reveal about the nature and existence of God in Wesley's thinking What does it suggest about the spiritual nature of humankind In John Wesley's Pneumatology it is argued that perceptible inspiration more than a sidebar of Methodist thought offers a useful model for considering the various features of Wesley's views on the work of the Spirit in relation to human existence participatory religious knowledge and moral theology

The Many Facets of Love Thomas Jay Oord, 2009-03-26 Poets theologians romantics scientists and revolutionaries alike have explored the many facets of love Judging by the wide use of the word love and the high praise it typically receives we might think that philosophers have thoroughly analyzed love But this is not the case This book takes a step toward rectifying the neglect of a philosophical analysis of love It brings together fifteen philosophical perspectives that explore some of love's most important facets Most of the essays have theistic or religious concerns in mind **The Greening of Religion**

Jonathan Leader Editor, 2018-02-27 Some have said the America is the most religious industrialized country in the world 6 The power of politics driven at least in part by religious concerns was demonstrated dramatically in the November election But are people at this grassroots level the ones most likely to suffer the consequences of political deafness regarding climate change do they really understand the truth of the approaching environmental storm If not perhaps they will best learn new ways of thinking and living from those whom they hold in highest regard their religious leaders thinkers teachers writers and communicators With *The Greening of Religion* we hope to have added to a life saving public conversation perhaps even started some conversations And we hope those conversations will lead to actions which can shelter us from the inevitable and perhaps turn us from calamity even here at the last minute *Sanctifying Theology* Jacob Lett, Jonathan M.

Platter, 2023-10-30 Sanctification is not merely a practical and isolated doctrine but should permeate the whole horizon of theology dogmatics ethics practices as well as the sciences and the arts The essays are collected under the twin convictions that theology can be sanctified and sanctifying The whole of theology is inflected by holiness and so theology should aim to share in God's sanctifying work *Sanctifying Theology* contributes new possibilities in Wesleyan holiness theology and explores their contribution to various Christian doctrines and contemporary issues Written in honor of the work of Thomas Arthur Noble the essays in this book are attentive to the streams of theology that have most influenced him the fathers the Wesleys and the Torrances Both constructive and exploratory the topic of the essays cover among other things 1 consideration of how Wesleyan holiness theologies contribute to ecumenical theological discussions 2 readings of Wesleyan holiness theology through the lens of the church fathers and the Torrances and 3 explorations of how these conversations and sources might shape contemporary practical and ethical concerns The essays work both for the Wesleyan tradition and

from the Wesleyan tradition for the church catholic showing how recent trajectories in Wesleyan holiness theology might contribute to broader discussions A Modern Relation of Theology and Science Assisted by Emergence and Kenosis
Bradford McCall,2018-02-28 How should we attempt to understand the relationship between theology and science in the twenty first century In this book I will attempt to answer this question by examining several previous attempts to classify this relationship I also develop my personal view of the relation thereafter discussing some Catholic contributions to this project and then revisit some of my previously published material highlighting the role of panentheism therein and noting an emergent implication from the literature the resultant possibilities for God an implication that creates space for a broadly relational perspective of the process of emergence These movements allow me to argue that kenosis and emergence can add to the discussion of understanding the theology and science relationship Herein I advocate a monistic process based view of the overlapping relationship between theology and science *Sculptor Spirit* Leopoldo A. Sánchez M.,2019-02-05 Like the work of an artist who molds a lump of clay the Spirit s sanctifying work lies in shaping people into the image of Christ Avoiding either a Spirit only or a Spirit void theology Leopoldo Sánchez carefully crafts a Spirit Christology which considers the role of God s Spirit in the life and mission of Jesus and leads to five distinct models of sanctification that can help Christians discern how the Spirit is at work in our lives
