

Israel's Religious Zionism alliance

As Israelis go to the polls for the fifth time since 2019, the far-right religious umbrella *Religious Zionism* alliance could become the third-largest party in the Knesset

■ **Aug-Sep:** Likud party leader, **Benjamin Netanyahu** (third left), brokers deals with far-right **Religious Zionism Party**, **Otzma Yehudit** and **Noam** parties to run together in election

■ **Religious Zionism alliance:** New incarnation of movement of late Rabbi **Meir Kahane** (inset). Kahane's ideology was considered so repugnant that Israel banned him from parliament

■ **Alliance platform:** Annexation of West Bank settlements, deport Arab politicians, attack judicial system, including revoking criminal infraction "**fraud and breach of trust**" – basis of three of four corruption charges that Netanyahu is facing

1 Bezalel Smotrich: Leader of **Religious Zionist Party**. Arrested by Shin Bet security service in 2005 for allegedly planning attacks on Israeli infrastructure

הציונות הדתית

2 Itamar Ben Gvir: Leader of **Otzma Yehudit** and Kahane disciple. Wants to deport "disloyal" Arab Israelis who attack soldiers, impose death penalty on terrorists and enable Jewish worship on Temple Mount – currently prohibited

עוצמה יהודית

3 Avi Maoz: Leader of **Noam** party. Openly homophobic to LGBT community, extreme views on Israeli Arab population and women's rights – role is to marry and have children

Religion And Politics In Israel The Interplay Of Judaism And Zionism:

Religion and Politics in Israel Daniel Judah Elazar, Janet O'Dea Aviad, 1981-01-01 **Politics and Government in Israel** Gregory S. Mahler, 2011 This even handed and thorough text explores Israeli government and politics First tracing the history and development of the state Mahler then examines the social religious economic and cultural contexts within which Israeli politics takes place The book explains the operation of political institutions and behavior in Israeli domestic politics as well as Israel's foreign policy setting and apparatus the Palestinian conflict and the question of Jerusalem and the Middle East peace process overall This clear and concise text provides an invaluable starting point for all readers needing a cogent introduction to Israel today What is the difference between Judaism and Zionism? The impact of religion on political decision-making in the Israeli-Palestinian conflict Ruth Esther Schwarz, 2019-03-28 Until the present day wide spread confusion regarding the meaning of the terms Judaism and Zionism persists both inside and outside Israel The popular opinion is that the terms are synonyms But this implies the false assumption that anti Zionism equals anti Semitism As Ruth Esther Schwarz shows the Israeli right wing regime uses this dangerous shortcut in order to justify its ongoing colonization of Palestine Based on the work of Israel's New Historians Schwarz's book aims at deconstructing the mainstream mindset concerning Judaism and Zionism Therefore she analyses the nature of the principal ideological streams and their complex interconnections before and after 1948 She focusses on orthodox Judaism religious Zionism Jewish radical messianism Jewish fundamentalism the ideological change of traditional Zionism and last but not least the role of Christian Zionism in the United States Keywords Judaism Zionism Israeli Palestinian conflict religious Zionism nationalism fundamentalism A History of the Israeli-Palestinian Conflict Mark A. Tessler, 1994 Mark Tessler's highly praised comprehensive and balanced history of the Israeli Palestinian conflict from the earliest times to the present updated to the first decade of the twenty first century provides a constructive framework for understanding recent developments and assessing the prospects for future peace New chapters elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition Jacket **Michigan Journal of International Law**, 1997

Politics in Israel Brent E. Sasley, Harold M. Waller, 2017 The Only Contemporary and Comprehensive Text that Offers Students a Framework for Understanding Israel's Past and Present Politics **Religion and Politics in the Developing World** Rolin Mainuddin, 2018-01-12 This title was first published in 2002 What is the relationship between religion and politics How are they associated in the developing world When does the interface between them result in violence This volume attempts to answer these questions In particular the objective is to understand the circumstances that lead to explosive interactions between religion and politics in the developing world However this focus does not imply a perpetual tension between the religious and political spheres Rather it explores those historical moments when the relationship does break down and often ends in violent conflicts The contributors have expertise in fields such as anthropology history and

political science *Religion and Political Power* Gustavo Benavides, M. W. Daly, 1989-07-28 This book explores the interaction between two of the most charged topics in the modern world religion and politics It shows the inextricable connection between religious attitudes and representations and political activities After an introductory chapter explores theoretically the religious articulations of political power the authors examine the role played by religion in the current political situation in several countries Approaching these cases as anthropologists historians sociologists and political scientists the authors make visible the dialectical relationship between religion and the pursuit of political power on the one hand the political significance of religious choices and on the other the almost unavoidable need to articulate in religious terms a group's attempt to acquire maintain or expand political power Judaism and Islam: Boundaries, Communication and Interaction Benjamin Hary, John Hayes, Fred Astren, 2021-08-04 Several years ago an international conference was held at the University of California to honor Professor William Brinner whose personal scholarship throughout the years has focused on both the Jewish and Muslim historical cultural and intellectual experiences This volume which consists of the works of many of the conference participants is a collection of essays that deal with the interaction of Judaism and Islam over history from different perspectives The book is divided into nine parts introduction overview Jewish Muslim interaction in medieval times Jewish Muslim interaction in modern times Bible and Qur'an law philosophy and ethics sectarian communities and language linguistics and literature As a resolution the Arab Israeli conflict slowly edges forward we believe that this publication will serve the purposes of both serious scholarship and better cultural understanding *Religion and Politics in the Middle East* Robert D. Lee, 2018-04-19 This innovative book analyses the relationship between religion and politics in the Middle East through a comparative study of five countries Egypt Israel Turkey Iran and Saudi Arabia Robert D Lee examines each country in terms of four domains in which state and religion necessarily interact national identity ideology institutions and political culture In each domain he considers contradictory hypotheses some of them asserting that religion is a positive force for political development and others identifying it as an obstacle Among the questions the book confronts Is secularization a necessary prerequisite for democratic development How is it and why is it that religion and politics are so deeply entangled in these five countries And why is it that all five countries differ so markedly in the way they identify themselves and use religion for political purposes The book argues that the nature of religious organization and practice in the Middle East must be understood in the context of individual nation states The second edition is updated throughout and includes an entirely new chapter discussing the political and religious climate in Saudi Arabia Earlier introductory analysis has been condensed to make room for new material and chronologies at the end of each chapter have been added to help students understand the broader context The second edition of *Religion and Politics in the Middle East* is a robust addition to courses on the Middle East **Interaction Between Judaism and Christianity in History, Religion, Art, and Literature** Marcel Poorthuis, Joshua Jay Schwartz, Joseph Turner, 2009 This volume contains essays dealing with complex

relationships between Judaism and Christianity taking a bold step assuming that no historical period can be excluded from the interactive process between Judaism and Christianity conscious or unconscious as either rejection or appropriation

Sovereign Jews Yaacov Yadgar, 2017-03-15 Offers a novel exploration of the relationship between religion and the state in Israel The question of Jewish sovereignty shapes Jewish identity in Israel the status of non Jews and relations between Israeli and Diaspora Jews yet its consequences remain enigmatic In *Sovereign Jews* Yaacov Yadgar highlights the shortcomings of mainstream discourse and offers a novel explanation of Zionist ideology and the Israeli polity Yadgar argues that secularism's presumed binary pitting religion against politics is illusory He shows that the key to understanding this alleged dichotomy is Israel's interest in maintaining its sovereignty as the nation state of Jews This creates a need to mark a majority of the population as Jews and to distinguish them from non Jews Coupled with the failure to formulate a viable alternative national identity either Hebrew or Israeli it leads the ostensibly secular state to apply a narrow interpretation of Jewish religion as a political tool for maintaining a Jewish majority This book makes an important contribution to the study of Zionist ideology and the relationship between state and religion in Israel As the author shows rather convincingly Zionism and the State of Israel needed the Jewish tradition to supply meaning to their political theological project This is a fascinating argument that expands our critical understanding of the ideological foundations of the Jewish national movement Eran Kaplan author of *Beyond Post Zionism* **Journal of Palestine Studies**, 1985 **Ethnic Politics in Israel** As'ad Ghanem, 2010-01-21 This book offers an analysis on contemporary Israeli democracy examining in particular society and politics from the perspectives of the different ethnic groups outside of the Ashkenazi mainstream The book explores the political expressions of the secondary groups in Israel Mizrahim Religious Russians and Palestinian Arab and how these groups were treated by the Ashkenazim as a threat to its hegemony over the state Looking at the instability created by the struggle of these marginal groups against the state and the discrimination policy practiced by the Ashkenazi hegemonic ethnic state regime against the other non Ashkenazi groups the book illustrates how this has contributed to the failure to establish an Israeli people *Ethnic Politics in Israel* will be of great interest to students and researchers in the fields of Middle East Palestinian Arab Jewish and Israeli studies political science sociology and psychology *Religion, Secularism, and Political Belonging* Leerom Medovoi, Elizabeth Bentley, 2021-03-08 Working in four scholarly teams focused on different global regions North America the European Union the Middle East and China the contributors to *Religion Secularism and Political Belonging* examine how new political worlds intersect with locally specific articulations of religion and secularism The chapters address many topics including the changing relationship between Islam and politics in Tunisia after the 2010 revolution the influence of religion on the sharp turn to the political right in Western Europe understandings of Confucianism as a form of secularism and the alliance between evangelical Christians and neoliberal business elites in the United States since the 1970s This volume also provides a methodological template for how humanities scholars around the world can collaboratively engage with sweeping

issues of global significance Contributors Markus Balkenhol Elizabeth Bentley Kambiz GhaneaBassiri David N Gibbs Ori Goldberg Marcia Klotz Zeynep Kurtulus Korkman Leerom Medovoi Eva Midden Mohanad Mustafa Mu chou Poo Shaul Setter John Vignaux Smith Pooyan Tamimi Arab Ernst van den Hemel Albert Welter Francis Ching Wah Yip Raef Zreik *Christian Zionism* Faydra L. Shapiro, 2015-10-12 Christian Zionism has received no small amount of criticism from observers who take issue with the movement's pro Israel politics or its theology What if we listened seriously to what Christian Zionists and Jewish partners said about Jews Judaism and Israel Christian Zionism is a vibrant contemporary movement that agree or disagree has more than just political implications Christian Zionism has also brought an unprecedented number of Jews and Christians into contact and dialogue in houses of worship community centers rallies and of course in Israel As such Christian Zionism is a useful case that allows us to think about contemporary Jewish Christian relations in new ways While some would argue that this is really just about pro Israel alliance building Christian Zionism Navigating the Jewish Christian Border shows how this movement significantly engages basic questions of identity and the borders between Judaism and Christianity Christian Zionism serves as one chapter in the history of two religious communities and the fraught relationships between them facing together the globalized world of the twenty first century *Jews in Israel* Uzi Rebhun, Chaim Isaac Waxman, 2004 Offers a complete sociological perspective of Jews and Jewish life in Israel from 1948 to the present

Religious Regimes and State Formation Eric R. Wolf, 1991-08-13 This book intends to systematically overcome the received practice of treating religion and politics as wholly separate and independent domains It studies power and meaning in their antagonistic interdependencies rather than approaching religion purely as a realm of meaning without reference to issues of power or dealing with politics as the province of power without raising questions of meaning Religion and politics are thus seen in relation to one another and attention is focused on the disputes about how political and religious regimes should be formed Religious Regimes and State Formation will convince the reader that god and politics have much in common and offers surprising new perspectives on old problems *Israel* Edgar S. Marshall, 2002 There has probably never been a country in the history of the world like Israel the homeland for Jews from all around the world a visceral enemy of Arab countries called a client state of the United States a developed country in its own right by its own hands Israel has seen many events since its founding in 1948 but peace it has not found The book examines current issues swirling about Israel as well as presents the historical background necessary for grasping its place in the world today *Messianic Zionism in the Digital Age* Rachel Z. Feldman, 2024-03-15 Judaism in the twenty first century has seen the rise of the messianic Third Temple movement as religious activists based in Israel have worked to realize biblical prophecies including the restoration of a Jewish theocracy and the construction of the third and final Temple on Jerusalem's Temple Mount Through groundbreaking ethnographic research Messianic Zionism in the Digital Age details how Third Temple visions have gained considerable momentum and political support in Israel and abroad The role of technology in this movement's globalization has been

critical Feldman skillfully highlights the ways in which the internet and social media have contributed to the movement's growth beyond the streets of Jerusalem into communities of former Christians around the world who now identify as the Children of Noah Bnei Noah She charts a path for future research while documenting the intimate effects of political theologies in motion and the birth of a new transnational Judaic faith
