

RELIGION AND POLITICAL CONFLICT IN LATIN AMERICA

- Edited by Daniel H. Levine

Religion And Political Conflict In Latin America

Howard J. Wiarda

Religion And Political Conflict In Latin America:

Religion and Political Conflict in Latin America Daniel H. Levine, 1986 The authors examine popular religion as a vital source of new values and experiences as well as a source of pressure for change in the church political life and the social order as a whole and deal with the issues of poverty and the role of the poor wit

Religion and Political Conflict in Latin America Daniel H. Levine, 2016-08-01 The authors examine popular religion as a vital source of new values and experiences as well as a source of pressure for change in the church political life and the social order as a whole and deal with the issues of poverty and the role of the poor within the church and political structures Exploring areas from Nicaragua El Salvador Brazil Bolivia Colombia and Chile the authors analyze the transformation in popular religion and reevaluate the growth of grassroots organizations

Church and Politics in Latin America Dermot Keogh, 1990-06-18 Complex and profound changes have been taking place in the Latin American Catholic Church in the 20th century which have often been misunderstood and misrepresented This is a collection of essays written by scholars working in the fields of history political science sociology law and theology

Politics And Social Change In Latin America Howard J. Wiarda, 2019-07-11 Since the appearance of the first edition of this text in 1974 the book has stimulated an ongoing debate about the nature of the Latin American development process Although the essays discuss a wide range of historical economic political and social issues they are unified in arguing that the Latin American experience of development is subject to special imperatives of analysis and interpretation not generally offered in the Western literature on development and social change Arguing that Western models are often inappropriate when applied to Latin America the authors explore alternative approaches to understanding the Latin American pattern of development and change The third edition retains classic essays from earlier editions but has been extensively revised to take account of the dramatic changes in the region over the last ten years Looking particularly at the challenges presented by redemocratization and the new pluralism the book raises the question of whether a distinct tradition still remains New readings discuss the implications of U S foreign policy in Latin America the changing role of the church the process of democratization and human rights issues and speculate on the permanence of Latin America's more pluralistic political structures

The Oxford Handbook of Religious Conversion Lewis Ray Rambo, Charles E. Farhadian, 2014 The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion which for centuries has profoundly shaped societies cultures and individuals throughout the world Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon This volume examines the experiences of individuals and communities who change religions those who experience an intensification of their religion of origin and those who encounter new religions through colonial intrusion missionary work and charismatic and revitalization movements The thirty two innovative essays provide overviews of the history of particular religions including Hinduism Buddhism Confucianism

Taoism Sikhism Islam Christianity Judaism indigenous religions and new religious movements The essays also offer a wide range of disciplinary perspectives psychological sociological anthropological legal political feminist and geographical on methods and theories deployed in understanding conversion and insight into various forms of deconversion

The Politicization of Russian Orthodoxy Anastasia V Mitrofanova, 2005-07-26 This book analyzes the ideologies of politicized Orthodox Christianity in today Russia including fundamentalism pan Slavism neo Eurasianism Orthodox communism and nationalism Apart from textual analysis the volume provides a description of the specific subculture of political Orthodoxy i e its language symbols art mass media hangouts and dresscode This study represents the first scholarly examination of these topics Unlike other publications on the politicization of Orthodoxy it is focused not on the political ambitions of the Russian Orthodox Church ROC but on political movements ideologically based on their own interpretations of the Orthodox doctrine often contravening the canonical version The book demonstrates that the political Orthodox or Orthodox patriots are a specific branch of believers who frequently do not practice Orthodoxy properly inventing instead their own quasi Orthodox rituals The volume shows that the ROC is not responsible for such religious politicization and that the community of the political Orthodox is rather guided by religiously oriented lay intellectuals The book provides a brief analysis of this intellectual community Finally the volume demonstrates that even in the absence of significant electoral achievements some religio political Orthodox movements namely fundamentalists and nationalists have been able to gain public support at the grassroots level They have been able to infiltrate larger and more moderate political organizations thus contributing to a general Orthodoxization of Russian political discourse

The Cambridge History of Religions in Latin America Virginia Garrard-Burnett, Paul Freston, Stephen C. Dove, 2016-04-11 The Cambridge History of Religions in Latin America covers religious history in Latin America from pre Conquest times until the present This publication is important first because of the historical and contemporary centrality of religion in the life of Latin America second for the rapid process of religious change which the region is undergoing and third for the region s religious distinctiveness in global comparative terms which contributes to its importance for debates over religion globalization and modernity Reflecting recent currents of scholarship this volume addresses the breadth of Latin American religion including religions of the African diaspora indigenous spiritual expressions non Christian traditions new religious movements alternative spiritualities and secularizing tendencies

The Oxford Handbook of Global Religions Mark Juergensmeyer, 2011-08-25 This is a reference for understanding world religious societies in their contemporary global diversity Comprising 60 essays the volume focuses on communities rather than beliefs symbols or rites The contributors are leading scholars of world religions many of whom are also members of the communities they study

Brazil's Economic and Political Future Julian M. Chacel, 2019-03-05 The 1985 elections in Brazil returned South America s largest country to democratic rule after two decades of military government But the Sarney administration faces substantial economic and political challenges over a 250 percent annual inflation rate a foreign debt of

more than 115 billion and over a 20 percent unemployment rate This collec Future of Liberation Theology Ivan Petrella,2006-06-28 There is a notion amongst some academics that Latin American Liberation Theology has had its day a dream killed off by the Nicaraguan and Salvadoran revolutions the 1989 demise of socialism and the end of history claims of the champions of capitalism However in this book Petrella proves this to be an ill conceived notion and shows that this theology can be reinvented to bring its preferential option for the poor into the real world The actualisation of historical projects is possible by adopting the methods developed by the Brazilian champion of critical legal studies Robert Unger Doing so will entail the rejection of these theologians unitary concepts of a despised and rejected capitalism and a canonized and accepted socialism Petrella argues for a reconstruction of these concepts and those of democracy and property too He closely analyses the differences in democracy and capitalism as practised across the USA and Europe in support for the reconstruction of these concepts bringing about far reaching suggestions for the future of liberation theology *Activist Faith* Carol Ann Drogus,Hannah Stewart-Gambino,2009-03-02 An extensive and powerful literature on religion society and politics in Latin America in recent years has begun with the assumption that most of the movements that surged in the struggle against military rule are dead that most of the activists are scattered and burned out and that the promise of civil society as a source of new values and a new kind of citizenship and political life was illusory Many have assumed that the religiously inspired activism of that period left little lasting impact but hardly anyone has actually looked at the activists themselves to see what remains how they cope in a different more open environment and how they see and act on the present and future *Activist Faith* addresses these issues with a wealth of empirical detail from two key cases and with a richly interdisciplinary argument that draws on theorizing about social movements The authors strive to understand what sustains activism and movements in radically different circumstances from those in which they arose Their analysis is enriched by systematic attention to the impact of gender and gender related issues on activism and movements In the process they shed much needed light on the fate of the activists and social movements that rose to prominence throughout Latin America during the 1980s This beautifully written book is a major achievement that gives us analytical tools for studying how movements and activists survive in the doldrums and when a cycle of protest peaks and societies move on Daniel H Levine University of Michigan 〇〇〇〇 〇〇〇〇 〇〇 Baruch A. Levine,Robert Chazan,William W. Hallo,Lawrence H. Schiffman,1999-01-01 A huge festschrift comprising 41 essays exploring mainly textual perspectives on Ancient Near Eastern and Jewish history and religious practice Moral Opposition to Authoritarian Rule in Chile, 1973-90 P. Lowden,1995-12-17 The book examines the political importance of moral opposition to authoritarian rule in Chile 1973 90 as a challenge to the government s systematic human rights violations It was initially led by the Catholic Church whose primate founded an organisation to defend human rights the Vicariate of Solidarity 1976 92 The book assesses the impact of moral opposition as a force for redemocratisation by tracing the history and achievements of the Vicariate It also argues that such moral matters are often

underestimated in regime transition analysis *The Routledge Handbook to Religion and Political Parties* Jeffrey Haynes, 2019-11-28 As religion and politics become ever more intertwined relationships between religion and political parties are of increasing global political significance This handbook responds to that development providing important results of current research involving religion and politics focusing on democratisation democracy party platform formation party moderation and secularisation social constituency representation and interest articulation Covering core issues new debates and country case studies the handbook provides a comprehensive overview of fundamentals and new directions in the subject Adopting a comparative approach it examines the relationships between religion and political parties in a variety of contexts regions and countries with a focus on Christianity Islam Buddhism Judaism and Hinduism Contributions cover such topics as religion secularisation and modernisation religious fundamentalism and terrorism the role of religion in conflict resolution and peacebuilding religion and its connection to state democratisation and democracy and regional case studies covering Asia the Americas Europe Sub Saharan Africa the Middle East and North Africa This comprehensive handbook provides crucial information for students researchers and professionals researching the topics of politics religion comparative politics secularism religious movements political parties and interest groups and religion and sociology **Encyclopedia of Community** DAVID LEVINSON, KAREN CHRISTENSEN, 2003-06-30 Click Additional Materials for downloadable materials and samples Incredibly this is the first encyclopedia to focus on community as concept and experience so stands alone in its field as the one title any library must buy to cover this topic Essential for all readerships CHOICEA timely comprehensive and very welcome overview of a rich and rapidly growing field of inquiry Robert D Putnam Professor at Harvard University and author of *Bowling Alone* With every passing minute it becomes more and more apparent that our world is one community The Encyclopedia of Community serves as recognition of this trend and as a needed resource The four volume set not only explains the emerging buzz words of community such as social capital or civic engagement but also tells many stories of community institutions that work such as public libraries Sarah Ann Long Past President 1999 2000 American Library Association As we yearn to connect with our fellow citizens during these uncertain times we have a unique moment to encourage greater participation in our democracy and reinvigorate our communities The Encyclopedia of Community provides a timely diverse array of theories and practices that will help citizens understand the value of engaging together to make the critical choices that enrich the way we live learn work and govern in our local communities The Encyclopedia deserves a prime spot in the libraries homes and offices of all communities that want to invest in a brighter future for their residents and their children Nancy Kranich Past President of the American Library Association whose presidential theme was Libraries The Cornerstone of Democracy 2000 2001 American politicians often pair the word community with the word freedom to describe our basic values Yet though used constantly the word community is defined in widely different and contested ways Most people like the idea of community but some intellectuals worry that it might imply collectivism The

great value of this new Encyclopedia is that it gives readers a chance to sample the many uses of the term and gain clarity about the issues at stake. It is a major contribution to a more coherent understanding of this fundamental idea. Robert Bellah, Professor of Sociology Emeritus, University of California Berkeley and co-author of *Habits of the Heart*, SAGE Publications is proud to announce the *Encyclopedia of Community*, a major reference work that summarizes the many fascinating and important concepts of a global topic. Community itself is a concept, an experience, and a central part of being human. Whether the reader is a student, researcher, or professional in the field of psychology, sociology, or even economics, this three-volume work will provide the necessary definitions of community beyond traditional views. Arranged in an A to Z fashion, the Encyclopedia can also be viewed topically via a Reader's Guide. This allows for interdisciplinary compare and contrast among topics such as types of communities, social capital, technology, urban life, politics, and law, community design, and global studies. Edited by the award-winning team at Berkshire Reference and assisted by an editorial board of world-renowned scholars, the *Encyclopedia of Community* will prove to be one of the most widely used reference works in your collection.

Key Features: 500 signed articles, 3 volumes, 2000 pages, Reader's Guide, Master bibliography, 250 sidebars, Appendices, Resource Guides, Master Bibliography, Libraries Build Community, Libraries and Popular Culture.

Avenues of Participation Diane Singerman, 2020-09-01

Intentionally excluded from formal politics in authoritarian states by reigning elites, do the common people have concrete ways of achieving community objectives? Contrary to conventional wisdom, this book demonstrates that they do. Focusing on the political life of the shah or popular classes in Cairo, Diane Singerman shows how men and women develop creative and effective strategies to accomplish shared goals despite the dominant forces ranged against them. Starting at the household level in one densely populated neighborhood of Cairo, Singerman examines communal patterns of allocation, distribution, and decision making. Combining the institutional focus of political science with the sensitivities of anthropology, she uncovers a system of informal networks supported by an informal economy that constitutes another layer of collective institutions within Egypt and allows excluded groups to pursue their interests. *Avenues of Participation* traces this informal system from its grounding in the family to its influence on the larger polity. Discussing the role of these networks in meeting fundamental needs in the community, such as earning a living, reproducing the family, saving and investing money, and coping with the bureaucracy, Singerman demonstrates the surprising power these excluded people wield. While the government has reduced politics to the realm of distribution to protect itself from challenges, she argues that the popular classes in Cairo, as consumers of goods and services, have turned exploiting the government into a fine art.

Latin American Religions Anna L. Peterson, Manuel A. Vasquez, 2008-08-03

Before Columbus, the Americas were populated by many indigenous cultures with a great diversity of religions. After 1492, European governments and churches dominated religious life. While Roman Catholicism was the official religion, great religious hybridization occurred, mixing European, indigenous, and often African traditions into distinctly New World forms. *Latin American Religions* provides an introduction through

documents to the historical development and contemporary expressions of religious life in South and Central America Mexico and the Spanish speaking Caribbean A central feature of this text is its inclusion of both primary and secondary materials including letters sermons journal entries ritual manuals and ancient sacred texts These documents provide readers with direct access to the voices of adherents enabling them to act as academic investigators experiencing and interpreting the same texts on which historians draw The documents are framed by substantive introductions which provide both historical context and theoretical insights for the study of these religions traditions and the ways in which they have developed over time From the religious traditions of the Mayas and Aztecs and of the African diaspora to official and popular Catholicism to liberation theology the rise of Pentecostalism and emerging trends and new religious movements in Latin America this new work offers a concise overview of this fascinating field *Popular Voices in Latin American Catholicism* Daniel H.

Levine, 2014-07-14 Throughout Latin America observers and activists have found in religion a promise of deep and long lasting democratization But for religion to change culture and politics religion itself must change Such change is not only a matter of doctrine ritual or institutional arrangements but also arises out of the needs values and ideas of average believers Combining rich interviews and community studies in Venezuela and Colombia with analysis of broad ideological and institutional transformations Daniel Levine examines how religious and cultural change begins and what gives it substance and lasting impact The author focuses on the creation of self confident popular groups among hitherto isolated and dispirited individuals Once silent voices come to light as peasants and urban barrio dwellers reflect on their upbringing and community on poverty and opportunity on faith prayer and the Bible and on institutions like state school and church Levine also interviews priests sisters and pastoral agents and explains how their efforts shape the links between popular groups and the larger society The result is a clear understanding of how relations among social and cultural levels are maintained and transformed how programs are implemented why they succeed or fail and how change appears both to elites and to ordinary people Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Constructing Culture and Power in Latin America**

Daniel H. Levine, 1993 A notable collection of complementary essays largely culled from the pages of *Comparative Studies in Society and History* examine the ways in which power exerted by capital markets peasants women elites and States and culture expressed in official policy institutions and communal life h *The Two Churches* Michael L. Budde, 1992 Budde contends that world Catholicism led by its Third World majority most notably in Latin America will continue to develop in an increasingly anticapitalist direction and he suggests that once dominant First World Catholic churches exemplified by the U

S Catholic church are poorly placed to respond in solidarity with their coreligionists from the Third World Covering a wide range of theoretical and substantive matters The Two Churches examines religion as a source of both social legitimation and social rebellion It demonstrates the importance of ecclesiology a branch of theology dealing with theories of the church and it highlights the effect of capitalism on world Catholicism as well as the latter s influence on the development of the capitalist order

Religion And Political Conflict In Latin America Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Religion And Political Conflict In Latin America free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Religion And Political Conflict In Latin America free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Religion And Political Conflict In Latin America free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that

the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Religion And Political Conflict In Latin America. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Religion And Political Conflict In Latin America any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Religion And Political Conflict In Latin America Books

1. Where can I buy Religion And Political Conflict In Latin America books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
