Roman Holiday:

Roman Holiday Upton Sinclair, 1931 **Runaway Hollywood** Daniel Steinhart, 2019-02-12 After World War II as cultural and industry changes were reshaping Hollywood movie studios shifted some production activities overseas capitalizing on frozen foreign earnings cheap labor and appealing locations Hollywood unions called the phenomenon runaway production to underscore the outsourcing of employment opportunities Examining this period of transition from the late 1940s to the early 1960s *Runaway Hollywood* shows how film companies exported production around the world and the effect this conversion had on industry practices and visual style In this fascinating account Daniel Steinhart uses an array of historical materials to trace the industry's creation of a more international production operation that merged filmmaking practices from Hollywood and abroad to produce movies with a greater global scope **Roman Holiday** a. a De vitis, 1971 100 Years of European Cinema Diana Holmes, Alison Smith, 2000 Cinema is entertainment that also communicates a set of values and a vision of the world This book explores the complex relationship between entertainment ideology and audiences from the Stalinist musicals of the 1930s through cinematic representations of masculinity under Franco to recent French films and their Hollywood remakes It covers film from the former Soviet Union Germany East and West Czechoslovakia France and Spain and the relationship between Europe and Hollywood Audrey Hepburn Tom Santopietro, 2025-03-18 This is the definitive tribute to the glamor and character of a beloved icon including rarely published details photographs and stories about the lasting impact of Audrey Hepburn's remarkable life Academy Award winning actress fashion icon ethereal beauty wife mother World War II resistance activist UNICEF champion Audrey Hepburn transcended her era and became a global idol whose appeal continues to soar in the twenty first century Packed with beautiful photographs of the star at her most captivating and supplemented with incisive fashion commentary from award winning designer Jeffrey Banks *Audrey Hepburn A Beautiful Uncertainty* is a one of a kind exploration of Audrey's glamorous image and remarkable life Always leading with her heart Hepburn is shown here fully captured in all her complexity an often self doubting but brilliant and genuinely kind woman whose style and activism changed the world Slipping behind the scenes of Hollywood's Golden Age author Tom Santopietro details Audrey's personal and professional life from her legendary dance partnership with Fred Astaire on the classic *Funny Face* to her love affairs with Albert Finney and William Holden Throughout her life and career are juxtaposed with the lasting legacy of her iconic image and unerring fashion sensibility as she played muse to the brilliant designer Hubert de Givenchy and inspired women from Jacqueline Onassis to Carly Simon **Complete Poems** Claude McKay, 2004-01-29 Containing more than three hundred poems including nearly a hundred previously unpublished works this unique collection showcases the intellectual range of Claude McKay 1889 1948 the Jamaican born poet and novelist whose life and work were marked by restless travel and steadfast social protest McKay's first poems were composed in rural Jamaican creole and launched his lifelong commitment to representing everyday black culture from the bottom up Migrating to New York he reinvigorated the

English sonnet and helped spark the Harlem Renaissance with poems such as *If We Must Die*. After coming under scrutiny for his communism, he traveled throughout Europe and North Africa for twelve years and returned to Harlem in 1934 having denounced Stalin's Soviet Union. By then, McKay's pristine violent sonnets were giving way to confessional lyrics informed by his newfound Catholicism. McKay's verse eludes easy definition, yet this complete anthology vividly introduced and carefully annotated by William J. Maxwell acquaints readers with the full transnational evolution of a major voice in twentieth-century poetry.

Audrey Hepburn Michael Heatley, 2017-05-01 Through discussions of her films, charity work, reminiscences from friends, and photographs of her looks over the years, Audrey Hepburn reveals the woman and the icon. Nearly two decades after her final film appearance, film star, style icon, and humanitarian Audrey Hepburn continues to captivate the world with her beauty, grace, image, and activism. One of the most successful and popular actresses in the world, some of the greatest leading men in Hollywood shared the screen with Audrey. She was also one of the first activist stars as the public face of UNICEF for over twenty years. Yet her life was not a complete fairy tale. She endured early life in Nazi-occupied Netherlands and saw many children her own age shipped off to concentration camps. She suffered miscarriages and failed marriages yet throughout maintained her grace and dignity as a public figure. Audrey Hepburn explores her amazing life with a special focus on her iconic films and fashion styles.

Cinematic Cold War Tony Shaw, Denise J. Youngblood, 2014-08-15 The Cold War was as much a battle of ideas as a series of military and diplomatic confrontations, and movies were a prime battleground for this cultural combat. As Tony Shaw and Denise Youngblood show, Hollywood sought to export American ideals in movies like *Rambo*, and the Soviet film industry fought back by showcasing Communist ideals in a positive light, primarily for their own citizens. The two camps traded cinematic blows for more than four decades. The first book-length comparative survey of cinema's vital role in disseminating Cold War ideologies, Shaw and Youngblood's study focuses on ten films: five American and five Soviet that in both obvious and subtle ways provided a crucial outlet for the global debate between democratic and communist ideologies. For each nation, the authors outline industry leaders, structure audiences, politics, and international reach, and explore the varied relationships linking each film industry to its respective government. They then present five comparative case studies, each pairing an American with a Soviet film: *Man on a Tightrope* with *The Meeting on the Elbe*, *Roman Holiday* with *Spring on Zarechnaya Street*, *Fail Safe* with *Nine Days in One Year*, *Bananas* with *Officers*, *Rambo: First Blood Part II* with *Incident at Map Grid 36 80*. Shaw breathes new life into familiar American films by Elia Kazan and Woody Allen, while Youngblood helps readers comprehend Soviet films most have never seen. Collectively, their commentaries track the Cold War in its entirety, from its formative phase through periods of thaw and self-doubt to the resurgence of mutual animosity during the Reagan years, and enable readers to identify competing core propaganda themes such as decadence versus morality, technology versus humanity, and freedom versus authority. As the authors show, such themes blurred notions regarding propaganda and entertainment terms that were often interchangeable and mutually reinforcing during the Cold

War Featuring engaging commentary and evocative images from the films discussed Cinematic Cold War offers a shrewd analysis of how the silver screen functioned on both sides of the Iron Curtain As such it should have great appeal for anyone interested in the Cold War or the cinematic arts [A Wonderful Heart](#) Neil Sinyard,2013-09-09 Revered by his cinematic peers William Wyler 1902 1981 was one of the most honored and successful directors of Hollywood s Golden Age with such classics as Dead End Wuthering Heights The Little Foxes Roman Holiday and Ben Hur He won three directing Oscars and elicited over a dozen Oscar winning performances from his actors Such exacting performers as Bette Davis Laurence Olivier and Charlton Heston counted him the best director they had worked with Yet during the era of the auteur theory his films fell out of fashion lacking it was said a distinctive stylistic and thematic signature This new critical study of Wyler s work the first in more than thirty years challenges the notion of Wyler s impersonality and offers a comprehensive reappraisal of his work particularly of the underrated postwar films It also provides a rebuttal of the auteurist criticism whose rigid categorization of directors cannot adequately encompass the range of someone like Wyler who put substance above style and had a breadth of human understanding that was not reducible to a cluster of characteristic themes Supported by archival research in Los Angeles the book traces the important milestones in Wyler s career the context of his films the importance of legendary producer Sam Goldwyn his distinguished war record and his principled opposition to blacklisting during the McCarthy era

Cinematic Rome Richard Wrigley,2008 This collection is based on the papers given at a conference at the University of Nottingham in September 2005 The conference was intended to explore Rome as a site for the making of films and also its changing role as a setting for cinematic narrative The resulting collection of essays will contribute to the burgeoning genre of studies on cinema and the city by focusing on one particularly rich case study both for the nature of the films discussed and the complexities of the city and its representation The volume will also reach beyond film studies in so far as the subject draws on and informs other approaches to Rome's cultural history geography art history urban history classics The essays address topics ranging from the interwar period to the present A diverse set of cinematic interactions and interventions are placed within the context of the evolving architectural social and political fabric of Rome in a period of rapid and often traumatic historical change Implicit in the conception of the conference was the idea that cinematic representations of the city inherit and rework established habits of visualisation used to produce images of the Eternal city Three other tropes which constitute key elements in Rome's international reputation can be seen as being embedded in cinematic narratives Firstly the trope of transformation artistic narratives Firstly the trope of transformation artistic psychological spiritual secondly the city's reputation as a cosmopolitan crossroad Thirdly Rome's status as a locus classicus for the juxtaposition of the ancient and the

modern which was given a new relevance and complexity in films which sought to focus on aspects of contemporary life be it in the Fascist era or the extreme contrasts of poverty and international bohemianism of the postwar era
