No Sacred Cows David G. McAfee, Yvette d'Entremont, 2017-08-22 While belief in religious supernatural claims is waning throughout the West evidence suggests belief in nonreligious supernatural claims is on the rise What explains this contradiction How can a society with a falling belief in God have a rising belief in ghosts psychic powers ancient astronauts and other supernatural or pseudo scientific phenomena Taking the same anthropological approach he employed in his notable studies of religion atheist author and activist David G McAfee turns his attention to nonreligious faith based claims Whether going undercover as a medium getting tested at Scientology headquarters in Los Angeles or interviewing celebrity paranormalists and famous skeptics he leaves no stone unturned in his investigation As in the case of religion he

finds an unwillingness among believers to critically examine their most closely held convictions Only once individuals honestly assess their own sacred cows will they be able to ensure that their beliefs conform to the known facts and that our decisions as a society are based on the best available evidence

Blood and Fire Margaret M. Poloma, Ralph W. Hood, Jr., 2008-11-01 What does it mean to live out the theology presented in the Great Commandment to love God above all and to love your neighbor as yourself In Blood and Fire Poloma and Hood explore how understandings of godly love function to empower believers Though godly love may begin as a perceived relationship between God and a person it is made manifest as social behavior among people Blood and Fire offers a deep ethnographic portrait of a charismatic church and its faith based ministry illuminating how religiously motivated social service makes use of beliefs about the nature of God s love It traces the triumphs and travails associated with living a set of rigorous religious ideals providing a richly textured analysis of a faith community affiliated with the emerging church movement in Pentecostalism one of the fastest growing and most dynamic religious movements of our day Based on more than four years of interviews and surveys with people from all levels of the organization from the leader to core and marginal members to the poor and addicts they are seeking to serve Blood and Fire sheds light on the differing worldviews and religious perceptions between those who served in as well as those who were served by this ministry Blood and Fire argues that godly love the relationship between perceived divine love and human response is at the heart of the vision of emerging churches and that it is essential to understand this dynamic if one is to understand the ongoing reinvention of American Protestantism in the twenty first century

Raising the Spiritual Light Quotient David K. Miller, 2011-04-25 The concept of raising the spiritual light quotient is similar to the intelligence quotient used in modern psychology the IQ test However the spiritual light quotient is not the same as intelligence Rather the SLQ reflects one s ability to understand spiritual concepts to meditate and to connect with other dimensions It also is a measurement of one s ability to understand the relationship between Earth and the environment of the Earth and Earth s relationship to the galaxy Finally it is a measurement of one s ability to understand the existence of other dimensions as well as the relationship between the ascended masters and guides and our journey to higher realms for soul evolution Thus it appears necessary to look at the SLQ of a person the SLQ of an area and the SLQ of a planet All of the channeling I bring forth is based on the concept of the Sacred Triangle which is a new paradigm for spirituality This paradigm states that in order to heal Earth and bring everything into balance one must unite the concepts of galactic spirituality with ancient mystical thought and with the energies of native peoples including Native Americans

Damaged Goods Prophetess Gwen Phelps, 2013-11-26 Do you see yourself as a professing Christian living a life of defeat Stop Remember God is not only your Creator He is also your heavenly Father Even though damaging situations will sometimes cause you to forget that you belong to God you must trust Him at all times Damaged Goods will take you on a journey to explore the shame unforgiveness and guilt that has been hidden within you for years By the end of this journey you will discover a treasure chest of blessings that

will bring healings hope deliverance and restoration Its your time to receive from the Lord No longer do you have to carry the heavy load Release it Lay it all aside no matter what your situation is I believe that God is going to work a miracle for you by the time you finish reading Damaged Goods *The spirit within me* Helle Mirsbach,2021-09-16 Helle Mirsbach grew up in an ordinary family without any daily practice of belief or religion Even though she has always felt drawn to the forces of the universe without quite knowing why or how to find her way There are many people who like her need to find the spiritual path and Helle s story shows how the Universe shows the path if you are open and receptive to the messages they send In a relaxed and unpretentious way Helle writes about the experiences that have brought her together with mediums both well known and lesser known and through her experiences has found her own path It is precisely finding one s own path one s own truth that drives Helle to tell the stories so that you hopefully also find your own path **Curandero Conversations** Antonio Zavaleta,Alberto Salinas Jr,Alberto Salinas (Jr.),2009 The University of Texas at Brownsville and Texas Southmost College
