*Petite encyclopédie de culture générale* Alexis Chabot, Emmanuel Auber, David Elkaim, Xavier Lardoux, Sandra Michel, Dominique Prévot, 2019-12-03 Loin d'être une vaine accumulation de connaissances disparates la Culture générale se veut une interrogation complexe et rigoureuse sur le monde. Elle est le produit du regard croisé de disciplines qui toutes leur manière reflètent questionnent clairement la réalité qui est la nature de la Culture générale. La Petite encyclopédie de Culture générale aspire mettre en commun l'apport de l'histoire de la philosophie politique du droit public de la science politique mais aussi de la littérature des beaux arts de la musique et du cinéma. Chacun de ses 600 articles de Administration Zweig propose un savoir factuel indispensable mais surtout une analyse qui viennent compléter des citations et des références permettant chacun d'approfondir sa réflexion. Rédigé par enseignants et membres de la haute fonction publique dans une optique généraliste et avec un souci de clarté cette Petite encyclopédie s'adresse donc aussi bien aux étudiants qu'aux citoyens en attente de la mise en perspective d'une culture ouverte et diverse.

**Science Research and Education in Africa** Alain L. Fymat, Joachim Kapalanga, 2017-03-07 For various economic and political reasons many African countries lag behind the rest of the industrialised world in scientific and medical research and development. However the presence of intellectual islands scattered across the continent gives hope that this is only a transient situation on the cusp of undergoing a profound and beneficial change. For this reason the Society for the Advancement of Science in Africa was established to catalyse and contribute to this needed evolution. Its mission is to contribute to Africa's economic advancement and sustainability through science research education and innovation. This book provides a selection of papers from the Advancement of Science in Africa's third annual conference. The conference was held under the overarching theme of science research and education in Africa with several important sub themes including but not limited to improving health research and disease surveillance, education epidemic diseases with high mortality, promoting women's interest in science careers, fostering youth development with science education. The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science research and education in Africa.

*Petites Confidences* Maryline Jaquet, 2020-06-08T00:00:00Z Louise tente de se remettre d'un accident de voiture survenu quelques mois plus tard mais le chemin n'est pas simple. Enfermée dans son rôle de mère et de pouse elle peine à reprendre goût à la vie. C'est alors qu'elle rencontre Maxime, un pianiste de renommée internationale. Alors que sa maison est pleine de bruit et qu'elle a besoin de calme, le domaine de Maxime ressemble à un silence rassurant au-dessus du lac Leman. C'est ainsi que commence une drôle de cohabitation. Au cœur de leurs doutes, leurs difficultés et leurs différences, Louise et Maxime parviendront-ils à trouver un équilibre ? Dans ce roman plein de piquant et de poésie, Maryline Jaquet nous invite à nous questionner sur le sens de la vie et du quotidien.
