Hamlet Harold Bloom, 2008 In Shakespeare's powerful drama of destiny and revenge Hamlet the troubled prince of Denmark must overcome his own self doubt and avenge the murder of his father Contains a selection of the finest criticism through the centuries on Hamlet as well as a biography on Shakespeare **Hamlet and the Rethinking of Man** Eric P. Levy, 2008 What is a man Hamlet and the problematics of man In our circumstance and course of thought the problematics of conceptual scheme What should we do the predicament of practical reason Universal vs particular Hamlet and the madness in reason Defeated joy melancholy and eudaemonia in Hamlet Things standing thus unknown the epistemology of ignorance in Hamlet The problematic relation between reason and emotion in Hamlet The time is out of joint the resetting of time in Hamlet Would it were not so hypothetical alternatives in Hamlet Who's there problematizing the concept of a person in Hamlet Nor the exterior nor the inward man the problematics of personal identity in Hamlet **Nothingness, Negativity, and Nominalism in Shakespeare and Petrarch** Benjamin Boysen, 2020-11-09 Being exposed to the Nominalist expansion in early modernity Petrarch and Shakespeare are highly preoccupied with a Nominalist dimension of language and representation Against this background the study shows how these Renaissance poets advanced a special notion of subjectivity and identity as rooted in negativity otherness and representation The book thus argues for a new understanding of negative modes of subjectivity in Petrarch and Shakespeare A new and sharpened understanding emerging from an interpretation of Francesco Petrarch's notion of exile and of love in his great poetical cycle *Rerum vulgarium fragmenta* as well as a meticulous examination of the concept of nothingness in William Shakespeare's works Petrarch and Shakespeare poetically show how identity is alien and decentred yet also free and expanding In other words these poets illustrate how subjectivity is constituted by heterogeneity Moreover pointing to other examples of this negative subjectivity in Renaissance philosophy and poetry the study suggests that these models for subjectivity could be extended to other early modern writers

Shakespeare's Humanism Robin Headlam Wells, 2005-12-08 Renaissance humanists believed that if you want to build a just society you must begin with the facts of human nature This book argues that the idea of a universal human nature was as important to Shakespeare as it was to every other Renaissance writer In doing so it questions the central principle of post modern Shakespeare criticism Postmodernists insist that the notion of defining a human essence was alien to Shakespeare and his contemporaries as radical anti essentialists the Elizabethans were in effect postmodernists before their time In

challenging this claim Shakespeare's Humanism shows that for Shakespeare as for every other humanist writer in this period the key to all wise action was the knowledge of our selves and our human condition
