Sham Social Change Through Contrived Crises:

Sham Bernadine Haag, 1994-02 SHAM addresses the social confusion people are experiencing today because of the rapidly changing tenor of their lives Spiraling crime rates abusive drugs in grade school gun toting students escalating incidence of suicides by the young porous borders that accommodate millions of illegal aliens a possible jail term for developing one's own property are problems that seem to defy solution Power hungry individuals have discovered that A crisis situation emphasizes the need for an innovation speeds its rate of adoption Therefore crises are being deliberately created through subterfuge SHAM by elements within the federal government To insure total social control values need to be changed One way to change values is to change language Change language you can change behavior Undermine family values you unravel the very fabric of the country Choke businesses with massive government environmental regulations you deliver staggering blows to this nation's economy SHAM exposes the blatant tactics being employed by government to wrest total control over its citizens from the womb to the tomb SHAM covers a period of 30 years of social change warns of future trends **Social Change** Steven Vago, 2003 A timely and comprehensive social analysis of one of the most important social concerns of our time this fifth edition of Social Change greatly increases the contemporary multicultural and international components yet retains its pedagogically sound features and proven organizational framework It provides a readable and up to date analysis of the major theoretical perspectives sources processes patterns and consequences of social change The author also incorporates empirical works from anthropology social psychology economics political science and history

Tiny You Jennifer L. Holland, 2020 Caroline Bancroft History Prize 2021 Denver Public Library Armitage Jameson Prize 2021 Coalition of Western Women's History David J Weber Prize 2021 Western History Association W Turrentine Jackson Prize 2021 Western History Association Tiny You tells the story of one of the most successful political movements of the twentieth century the grassroots campaign against legalized abortion While Americans have rapidly changed their minds about sex education pornography arts funding gay teachers and ultimately gay marriage opposition to legalized abortion has only grown As other socially conservative movements have lost young activists the pro life movement has successfully recruited more young people to its cause Jennifer L Holland explores why abortion dominates conservative politics like no other cultural issue Looking at anti abortion movements in four western states since the 1960s turning to the fetal pins passed around church services the graphic images exchanged between friends and the fetus dolls given to children in school she argues that activists made fetal life feel personal to many Americans Pro life activists persuaded people to see themselves in the pins images and dolls they held in their hands and made the fight against abortion the primary bread and butter issue for social conservatives Holland ultimately demonstrates that the success of the pro life movement lies in the borrowed logic and emotional power of leftist activism **Forthcoming Books** Rose Army, 1994-04 [Should I Have this Baby?](#) Carl Jones, 1996 Should I Have This Baby the first book to give step by step advice about an unexpected and possibly
