Middle Class Shanghai Cheng Li, 2021-05-11 The United States may be headed toward a disastrous conflict with China unless Washington updates its understanding of contemporary Chinese society After four decades of engagement the United States and China now appear to be locked on a collision course that has already fomented a trade war seems likely to produce a new cold war and could even result in dangerous military conflict The current deterioration of the bilateral relationship is the culmination of years of disputes disillusionment disappointment and distrust between the two countries Washington has legitimate concerns about Beijing's excessive domestic political control and aggressive foreign policy stances just as Chinese leaders believe the United States still has futile designs on blocking their country's inevitable rise to great power status Cheng Li's *Middle Class Shanghai* argues that American policymakers must not lose sight of the expansive dynamism and diversity in present day China The caricature of the PRC as a monolithic Communist apparatus set on exporting its ideology and development model is simplistic and misguided Drawing on empirical research in the realms of higher education avant garde art architecture and law this unique study highlights the strong constructive impact of bilateral exchanges Combining eclectic human stories with striking new data analysis this book addresses the possibility that the development of China's class structure and cosmopolitan culture exemplified and led by Shanghai could provide a force for reshaping U S China engagement Both countries should build upon the deep cultural and educational exchanges that have bound them together for decades The author concludes that U S policymakers should neither underestimate the role and strength of the Chinese middle class nor ostracize or alienate this force with policies that push it toward jingoistic nationalism to the detriment of both countries and the global community With its unique focus this book will enlighten policymakers scholars business leaders and anyone interested in China and its increasingly fraught relations with the United States Success Magazine, 1908 *As China Goes, So Goes the World* Karl Gerth, 2025-10-16 In this revelatory examination of the most overlooked force that is changing the face of China the Oxford historian and scholar of modern Asia Karl Gerth shows that as the Chinese consumer goes so goes the world While Americans and Europeans have become increasingly worried about China's competition for manufacturing jobs and energy resources they have overlooked an even bigger story China's rapid development of an American style consumer culture which is revolutionizing the lives of hundreds

of millions of Chinese and has the potential to reshape the world This change is already well under way China has become the world's largest consumer of everything from automobiles to beer and has begun to adopt such consumer habits as living in large single occupancy homes shopping in gigantic malls and eating meat based diets served in fast food outlets Even rural Chinese long the laggards of consumerism have been buying refrigerators televisions mobile phones and larger houses in unprecedented numbers As China Goes So Goes the World reveals why we should all care about the everyday choices made by ordinary Chinese Taken together these seemingly small changes are deeper and more profound than the headline grabbing stories on military budgets carbon emissions or trade disputes

Spotlight on China Shibao Guo, Yan Guo, 2016-03-22 Fuelled by forces of globalization China has gradually shifted from a centrally planned economy to a socialist market economy Under the market economy China has experienced a massive and protracted economic boom It is not clear however whether recent economic changes have brought the same miracle to education in China Spotlight on China brings together established and emerging scholars from China and internationally in a dialogue about the profound social and economic transformation that has resulted from the market economy and its concomitant impact on education in China The book covers a wide range of topics including Market economy and curriculum reform Teaching under China's market economy Changes in higher education Transitions from education to work Market economy and social inequality With its broad scope and fresh critical perspectives this collection offers a most contemporary and comprehensive analysis of possibly the largest education system in the world Lessons learned from the China experiment will inform researchers and educators about social and educational reforms in other countries which are undergoing similar fundamental changes Spotlight on China provides a state of the art picture dynamic partial full of contradictions and tensions and as we speak in movement and local reconfiguration Allan Luke Queensland University of Technology The book moves social science research on China's education another step forward by refining the balance between the viability of mainstream western concepts and the analytical possibilities of creating a new scholarship based on a deeper understanding of the historically grounded realities of contemporary Chinese education Gerard A Postiglione The University of Hong Kong

The Hong Kong Special Administrative Region in Its First Decade Joseph Y. S.
