Shaping The Future New Directions For Legal Services:

The English Legal System David Kelly, 2013-03-14 Slapper and Kelly's The English Legal System explains and critically assesses how our law is made and applied. Annually updated, this authoritative textbook clearly describes the legal rules of England and Wales and their collective influence as a sociocultural institution. This latest edition of The English Legal System presents and analyses changes made to the legal system and digests recent legislation and case law. The Protection of Freedom Act 2012, the Defamation Bill, the Justice and Security Bill 2012, the Mental Health Discrimination Bill 2012, and the July 2012 vote on Parliamentary reform are all incorporated into the text, and this edition also considers changes to the Crown Prosecution Service, Mediation, and Judicial Diversity. The cases *Alvi v Secretary of State for the Home Department*, judicial review *AXA General Insurance Limited v The Lord Advocate*, Scotland devolution *R v J S M* and *R v KS*, jury tampering and *Rolf v De Guerin*, mediation, are all digested in the text. The text also includes the latest government papers on antisocial behaviour and criminal justice reform, the Practice Direction on citing authorities in court, and the Leveson Inquiry. Key learning features include a clear and logical structure with short, manageable, well-structured individual chapters, useful chapter summaries which act as a good check point for students, food for thought sections help to deepen understanding of key issues in each chapter, sources for further reading, and suggested websites at the end of each chapter to point students towards further learning pathways. An online skills network including how to do practical examples, tips, advice, and interactive examples of English law in action. Relied upon by generations of students, Slapper and Kelly's The English Legal System is a permanent fixture in this ever-evolving subject.

The Law of the Future and the Future of Law Sam Muller, Stavros Zouridis, Morly Frishman, Laura Kistemaker, 2011-06-21 The Law of the Future and the Future of Law is a unique collection of think pieces in which a wide variety of experts share their thoughts on how they envision the future of law. By asking the question 'What do you see as the most significant challenges for the development of the law?' 'What developments are we likely to see in the coming two to three decades?' 'What do those developments mean for national legal systems as a whole?' the Hague Institute for the Internationalisation of Law (HiiL) has canvassed the views of a large number of renowned experts in particular areas of law. This volume was prepared as part of the Law of the Future Joint Action Programme and as the basis of the Law of the Future Conference on 23 and 24 June 2011. The Law of the Future Joint Action Programme is based on the premise that prospective thinking about law is not only desirable but also required in order to ensure that law and legal systems do not become obsolete, ineffective, or unjust. The aim is to set a world standard in thinking ahead to guide decision makers today. For more information, visit www.lawofthefuture.org. **Educating for Justice** Jeremy Cooper, Louise C.
