Shattered Alliances:

America's Entangling Alliances Jason W. Davidson, 2020-11-02 America's Entangling Alliances challenges the belief that the US resists international alliances. By documenting thirty-four alliances categorized as defense pacts, military coalitions, or security partnerships, Davidson finds that the US demand for allies is best explained by looking at variance in its relative power and the threats it has faced.

Horribly Dormant Pasquale De Marco, 2025-03-18 In the aftermath of the earth-shattering events of September 11, 2001, a lingering question has haunted the minds of many: what role, if any, did Israel play in this tragedy? This book delves into this complex and controversial topic, meticulously examining evidence, witness accounts, and expert analysis to shed light on the shadows cast by that fateful day. Our journey takes us through a labyrinthine landscape of espionage, deception, and geopolitical intrigue, where intelligence agencies and political actors weave a complex web of hidden agendas and conflicting narratives. We scrutinize the actions of governments, organizations, and individuals, separating fact from fiction to reveal the truth that has long been obscured. With rigorous investigation, we uncover a cast of characters, both ordinary and extraordinary, each playing their part in this grand drama. Whistleblowers, intelligence officials, politicians, and victims' families: their voices intertwine to weave a tapestry of intrigue and revelation. Our investigation transcends national borders, taking us from the corridors of power in Washington, D.C. to the dusty streets of the Middle East. We examine the intricate relationships between nations, the delicate balance of alliances, and the hidden currents of influence that shape global events. This book is not merely an exercise in historical inquiry; it is a quest for justice, a search for accountability, and a call for transparency. We owe it to the victims and their families, to the survivors, and to future generations to uncover the truth and ensure that such a tragedy never befalls humanity again. In this book, we aim to provide a comprehensive and nuanced understanding of the events leading up to 9/11, the possible involvement of Israel, and the aftermath of this devastating tragedy. Through a thorough analysis of available information, we strive to shed light on one of the most consequential events in modern history. If you like this book, write a review.
