Wright Mabie, Lucia Isabella Gilbert
Runkle, George H. Warner**

Shelley And His World:

Shelley and His World Claire Tomalin, 1992 A biography of Shelley by the author of *The Life and Death of Mary Wollstonecraft* Katherine Mansfield *A Secret Life and The Invisible Woman* *Literary: Goethe and his influence. Wordsworth and his genius. Shelley's poetical mysticism. Mr. Browning. The poetry of the Old Testament. Arthur Hugh Clough. The poetry of Matthew Arnold Tennyson. Nathaniel Hawthorne* Richard Holt Hutton, 1880 *Shelley's Living Artistry* Madeleine Callaghan, 2017 This study of the poetry and drama of Percy Bysshe Shelley reads the letters and their biographical contexts to shed light on the poetry tracing the ambiguous and shifting relationship between the poet's art and life For Shelley both life and art are transfigured by their relationship with one another where the poet participates in the eternal the infinite and the one but is equally bound up with and formed by the society in which he lives and the past that he inherits Callaghan shows that the distinctiveness of Shelley's work comes to rest on its wrong footing of any neat division of life and art The dazzling intensity of Shelley's poetry and drama lies in its refusal to separate the twain as Shelley explores and finally explodes the boundaries between what is personal and what is poetic Arguing that the critic like the artist cannot ignore the conditions of the poet's life Callaghan reveals how Shelley's artistry reconfigures and redraws the actual in his poetry The book shows how Shelley's poetic daring lies in troubling the distinction between poetry as aesthetic work hermetically sealed against life and poetry as a record of the emotional life of the poet *A Library of the World's Best Literature* Charles Dudley Warner, Hamilton Wright Mabie, Lucia Isabella Gilbert Runkle, George H. Warner, 1897 **The Biography Book** Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals **The Warner Library: The world's best literature** Charles Dudley Warner, John William Cunliffe, Ashley Horace Thorndike, Harry Morgan Ayres, Helen Rex Keller, Gerhard Richard Lomer, 1917 *Shelley's Poetic Thoughts* Richard Cronin, 1981-02-19 [Shelley's Music](#) Paul A. Vatalaro, 2016-01-13 First published in 2009 This book argues that the images of and allusions to music in Shelley's writing demonstrate his attempt to infuse the traditionally masculine word with the traditionally feminine voice and music This further extends to his even more fundamental desire to integrate the object voice with his own subjectivity For Shelley what plagues this integration is the prospect of losing both the poet's authority and the subjectivity upon which it relies This book asserts that the resultant deadlock and instability paradoxically becomes Shelley's

ultimate goal creating a steady state of suspension that finally preserves both his authority and his humanity

The academy, 1890

Conversable Worlds Jon Mee, 2011-09-15 *Conversable Worlds* addresses the emergence of the idea of the conversation of culture Around 1700 a new commercial society was emerging that thought of its values as the product of exchanges between citizens Conversation became increasingly important as a model and as a practice for how community could be created A welter of publications in periodical essays in novels and in poetry enjoined the virtues of conversation These publications were enthusiastically read and discussed in book clubs and literary societies that created their own conversable worlds From some perspectives the freedom of a distinctively English conversation allowed for the collision of ideas and sentiments For others like Joseph Addison and David Hume ease of flow was the key issue and politeness the means of establishing a *via media* For Addison and Hume the feminization of culture promised to make women the sovereigns of what Hume called the conversable world As the culture seemed to open up to a multitude of voices anxieties appeared as to how far things should be allowed to go The unruliness of the crowd threatened to disrupt the channels of communication There was a parallel fear that mere feminized chatter might replace learning This book examines the influence of these developments on the idea of literature from 1762 through to 1830 Part I examines the conversational paradigm established by figures like Addison and Hume and the proliferation of conversable worlds into gatherings like Johnson's Club and Montagu's Bluestocking assemblies Part II looks at the transition from the eighteenth century to Romantic ideas of literary culture the question of the withdrawal from mixed social space the drive to sublimate verbal exchange into forms that retained dialogue without contention in places like Coleridge's conversation poems and the continuing tensions between ideas of the republic of letters as a space of vigorous exchange as opposed to the organic unfolding of consciousness

The World's Best Essays Francis Henry Pritchard, 1929

The World's Sages, Thinkers and Reformers De Robigne Mortimer Bennett, 1876

Shelley's Frankenstein Graham Allen, 2008-10-23 Mary Shelley's classic gothic novel *Frankenstein* is one of the most widely studied novels in English Literature Due to its key position in the canon and its wide cultural influence the novel has been the subject of many interpretations which require some guidance to navigate This book offers an authoritative up to date guide for students introducing its context language themes criticism and afterlife leading them to a more sophisticated understanding of the text Graham Allen places *Frankenstein* in its historical intellectual and cultural contexts offering analyses of its themes style and structure providing exemplary close readings and presenting an up to date account of its critical reception It also includes an introduction to its substantial history as an adapted text on stage and screen and its wider influence in film and popular culture It includes points for discussion suggestions for further study and an annotated guide to relevant reading

The Constitution of Shelley's Poetry Edward T. Duffy, 2011-07-01 *The Constitution of Shelley's Poetry* is a close philosophical reading of *Prometheus Unbound* and other Shelley works from the perspective of the argument or drama of language played out in its pages The book urges and

practises close reading but in the thought of Stanley Cavell it finds and develops philosophical grounds for this ostensibly old fashioned approach and it implicitly proposes an understanding of language very different from those currently assumed in literary studies

Shelley's Cenci Stuart Curran, 2015-03-08 Shelley's tragedy *The Cenci* has been regarded as an avant garde attack on orthodox Christian principles a celebrated cause for Victorian intellectuals a vehicle for innovative minds of the theater a historical oddity a neglected masterpiece Derived from the dark legends of one of Rome's great families the *Cenci* records a history of sadism incest and murder Shelley's one actable play has received little attention in modern times Professor Curran studies it first as a poem its patterns themes imagery then as a play After showing its relationship to England's Regency theater he analyzes the fascinating course of its stage history and finds Shelley foreshadowing such modern emphases as psychodrama the existential vision the Theatre of Cruelty Originally published in 1970 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Heart of History John Weir Perry, 1987-01-01 This book is about the psychology of acute culture change based on the historical antecedents of such events It focuses on the spiritual process and the social circumstances of stressful turning points

Shelley's Poetry S. Haines, 1997-02-24 Shelley's detractors since Hazlitt have noticed a division in the self of his poems A central reasoning core fears the passions surrounding it and distrusts the language expressing it A few of his admirers offer an alternative view of the poems as symbolical pointers to a non linguistic reality transcending passion most miss the point justifying their admiration by referring to the poems systems of thought This reading of Shelley's major poems and critical prose finds the adverse case more convincing

Shelley's Mirrors of Love Teddi Lynn Chichester, Teddi Chichester Bonca, 1999-01-01 An analysis of Shelley's fiction poetry and letters covers the topics of narcissism gender identity and self idolotry

The Westminster Review, 1857

Thinkers, Activists, and Politics R. G. Williams, 2025-06-27 This book is a collection of critical essays that examines the lives politics and ideas of several radical activists writers and revolutionaries over the past two centuries individuals who fought for human freedom Spanning figures from Karl Marx to Che Guevara the essays delve into the challenges these revolutionaries faced and how their bold ideas reshaped political thought They also highlight how the legacy of their actions continues to fuel debates about freedom humanity and the role of the individual in modern society People often interpret the world real revolutionaries attempt to change it
