La memoria posible Eduardo San José Vázquez, 2007 El Sueño de la Historia es quizá la obra más importante de la trayectoria de Jorge Edwards y una de las mejores novelas hispanoamericanas de las últimas décadas Desde una perspectiva actual en que la muerte del ex dictador chileno lejos de favorecer una superación histórica ha provocado una revisión de los pactos de la transición este libro ofrece una lectura integral y desapasionada de una obra política en un marco colectivo que interpela directamente la historia reciente de España Performing the Transition to Democracy David Rodríguez-Solás, 2024-08-08 This book examines troupes plays festivals performative practices and audiences active during the final years of the Franco dictatorship and the beginning of the transition to democracy This period spanning 1968 to 1982 is considered the historical moment that most directly shaped contemporary Spanish politics and society The dominant narrative of the Transition has long portrayed it as a normalized non confrontational and consensual process steered by political elites But the world of Spanish theater tells a very different story one in which ordinary Spaniards played a vital role in the transition to democracy The chapters of this book draw on censorship files photographs audiovisual and textual material and the author's own interviews with more than a dozen audience and troupe members Using these sources David Rodríguez Solas examines the notable experimentation during this period with theatrical performance and music the establishment of performing spaces and festivals the development of touring networks as a way to evade censorship and the creation of networks of support that opposed diverse forms of violence and repression This study will be of great interest to students and scholars interested in theater and the cultural and political history of Spain in the 1960s and 1970s

Silencio, trauma y esperanza Mario Lillo, 2013 Se ha escrito desde 1973 a la fecha una novela que aborde las consecuencias personales de nuestro 11 de septiembre con un grado de omnisciencia como el que propugnaba la narrativa hispanoamericana del Boom es decir de manera total Numerosas voces de crítica y la academia nacional coincidieron en sostener con freudiana melancolía que el relato exhaustivo de la dictadura era una asignatura pendiente de la narrativa
