Lost Angeles:

Los Angeles's Olvera Street William D. Estrada, 2006 Olvera Street Mexican marketplace and its plaza form the home of Latino culture in the Los Angeles region Still standing in this downtown location of many fiestas including Cinco de Mayo are the Avila Adobe plaza church La Iglesia de Nuestra Se ora La Reina de Los Angeles Pico House Sepulveda House and L A Firehouse No 1 El Pueblo de La Reina de Los Angeles was founded in 1781 The 1820sbuilt plaza was ruled for decades by the magnanimous Judge Agust n Olvera Wine Street was renamed in his honor after his 1876 death and took on a back alley toughness depicted in early Hollywood films In the 1920s Christine Sterling campaigned to save the Avila Adobe from demolition and transform Olvera Street into an internationally recognized tourist destination which opened in 1930 Today the old plaza and Olvera Street shops restaurants museums and vendors draw 1 million people annually under the auspices of El Pueblo de Los Angeles Historical Monument Building Downtown Los Angeles Leland T. Saito, 2022-07-26 From the 1970s on Los Angeles was transformed into a center for entertainment consumption and commerce for the affluent Mirroring the urban development trend across the nation new construction led to the displacement of low income and working class racial minorities as city officials targeted these neighborhoods for demolition in order to spur economic growth and bring in affluent residents Responding to the displacement there emerged a coalition of unions community organizers and faith based groups advocating for policy change In Building Downtown Los Angeles Leland Saito traces these two parallel trends through specific construction projects and the backlash they provoked He uses these events to theorize the past and present processes of racial formation and the racialization of place drawing new insights on the relationships between race place and policy Saito brings to bear the importance of historical events on contemporary processes of gentrification and integrates the fluidity of racial categories into his analysis He explores these forces in action as buyers and entrepreneurs meet in the real estate marketplace carrying with them a fraught history of exclusion and vast disparities in wealth among racial groups

home of the fig olive lemon lime apricot and that class of fruit that brings the largest profit in the local market Rancho Park and Mar Vista had yet to make it onto maps it was all The Palms The school district stretched from the Santa Monica Mountains on the north toward Redondo Beach on the south A lively social and business life sprang up but gradually the metropolis enfolded Palms which was annexed into Los Angeles in 1915 After World War II subdivisions brought young families the flatlands became a huge swath of apartments and the barren hill area became the tree shrouded Westside Village
