Hidden Gospels Philip Jenkins, 2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the

texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible. Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church. Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity.

Maidens, Magic and Martyrs in Early Christianity Jan N. Bremmer, 2017-07-13 In this work Jan N. Bremmer aims to bring together the worlds of early Christianity and those of ancient history and classical literature worlds that still all too rarely interlock. Contextualising the life and literature of the early Christians in their Greco-Roman environment he focusses on four areas. A first section looks at more general aspects of early Christianity: the name of the Christians, their religious and social capital, prophecy and the place of widows and upper class women in the Christian movement. Second, the chronology and place of composition of the early apocryphal Acts of the Apostles and Pseudo-Clementines are newly determined by paying close attention to their doctrinal contents but also innovatively to their onomastics and social vocabulary. The author also analyses the frequent use of magic in the Acts and explains the prominence of women by comparing the Acts to the Greek novel. Third, an investigation into the theme of the tours of hell suggests a new chronological order: shows that the Christian tours were indebted to both Greek and Jewish models and illustrates that in the course of time the genre dropped a large part of its Jewish heritage. The fourth and final section concentrates on the most famous and intriguing report of an ancient martyrdom: the Passion of Perpetua. It pays special attention to the motivation and visions of Perpetua which are analyzed not by taking recourse to modern theories such as psychoanalysis but by looking to the world in which Perpetua lived: both Christian and pagan. It is only by seeing the early Christians in their ancient world that we might begin to understand them and their emerging communities.

Publisher's description: Knowledge Lost Martin Mulsow, 2025-08-19 A compelling alternative account of the history of knowledge from the Renaissance to the Enlightenment. Until now the history of knowledge has largely been about formal and documented accumulation concentrating on systems, collections, academies and institutions.

The central narrative has been one of advancement refinement and expansion Martin Mulrow tells a different story Knowledge can be lost manuscripts are burned oral learning dies with its bearers new ideas are suppressed by censors Knowledge Lost is a history of efforts from the Renaissance to the Enlightenment to counter such loss It describes how critics of ruling political and religious regimes developed tactics to preserve their views how they buried their ideas in footnotes and allusions how they circulated their tracts and treatises in handwritten copies and how they commissioned younger scholars to spread their writings after death Filled with exciting stories Knowledge Lost follows the trail of precarious knowledge through a series of richly detailed episodes It deals not with the major themes of metaphysics and epistemology but rather with interpretations of the Bible Orientalism and such marginal zones as magic And it focuses not on the usual major thinkers but rather on forgotten or half forgotten members of the knowledge underclass such as Pietro della Vecchia a libertine painter and intellectual Charles C sar Baudelot an antiquarian and numismatist and Johann Christoph Wolf a pastor Hebrew scholar and witness to the persecution of heretics Offering a fascinating new approach to the intellectual history of early modern Europe Knowledge Lost is also an ambitious attempt to rethink the very concept of knowledge The Essenes Stuart Wilso, Joanna Prentis, 2005 Eyewitness accounts of the secrets of the mystery school of the Essenes at Qumran and Jesus and Joseph of Arimathea s connection with the Essenes The information was gained through regressive hypnosis

Huna, Recovering the Ancient Magic Max Freedom Long, 2015-01-09 AFTER an eighteen year study of Magic in its various forms not the spurious magic of the stage but the genuine magic that works miracles I come as a layman to report my findings to other laymen Fourteen years of my study have been spent largely in Hawaii endeavoring to penetrate beyond the externals of native magic and discover its basic secret Months and years slipped by I accumulated more and more data concerning the externals of kahuna magic From that data I constructed theory after theory only to be forced to discard each in turn I gathered more data sorting and sorting trying to match this odd bit with that trying always to find some clue to the secret of power It is my hope that those wiser than myself may be able to correct my theories add what data I have been unable to uncover and so help forward the full recovery of Magic toward the day when even the humblest of God s children will be able to share in the bright heritage so long lost Get Your Copy Today Messias Puer: Christian Knorr von Rosenroth's Lost Exegesis of Kabbalistic Christianity Anna M. Vilen, Robert J. Wilkinson, 2020-12-15 Previously considered irretrievably lost the discovery of the only manuscript of the Messias Puer composed by Knorr von Rosenroth the leading exponent of Christian Kabbalah in the seventeenth century gives us an important insight into the evolution of his thought and specific vision of the relations between Jews and Christians Moreover the subtle intertwining of both Kabbalah and the emerging biblical criticism at work in this partial commentary on the New Testament Gospels sheds new light on the largely unexplored role of Esotericism during the Modern Era in the construction of the future study of religion This book includes a critical edition of the original manuscript and an annotated translation **The Globalization of God** Dara

Molloy,2015-11-10 Roman Catholicism was the first multinational corporation Preaching was the forerunner of advertising Roman Catholicism created the template for the spread of commercial globalisation through multinational corporations For global Christianity to succeed all local expressions of Christianity had to be suppressed These included Celtic Christianity For 800 years the Roman church tried to break the independent spirit of Celtic Christianity Despite being defeated in 1014 at the Battle of Clontarf the Irish Vikings through their urban bishops were key actors in the imposition of Roman episcopal structures of church throughout Ireland in the 12th century There was an invasion of Norman monks to Ireland which began in 1142 twenty five years before the military invasion in 1167 The ecclesiastical colonisation of Ireland meant that a Roman episcopal and diocesan structure replaced the Celtic monastic structure Norman colonisers destroyed Celtic monasteries and replaced them with imported European religious orders Cistercian monasteries in Ireland were required to have French abbots and sometimes these were imposed by force no Irishman was allowed to become a bishop or attain any ecclesiastical high office St Malachy of Armagh betrayed his own Celtic heritage and was a key figure in bringing about the ecclesiastical colonisation of Ireland Monotheism is the mythical container for globalization Humans will fail to return to a sustainable way of living on this planet until the mythological container of monotheism is replaced by new bioregional spiritualities that go beyond both monotheism and polytheism Love Spells and Lost Treasure Tabitha Stanmore,2022-12-22 Magic is ubiquitous across the world and throughout history Yet if witchcraft is acknowledged as a persistent presence in the medieval and early modern eras practical magic by contrast performed to a useful end for payment and actually more common than malign spellcasting has been overlooked Exploring many hundred instances of daily magical usage and setting these alongside a range of imaginative and didactic literatures Tabitha Stanmore demonstrates the entrenched nature of service magic in premodern English society This she shows was a type of spellcraft for needs that nothing else could address one well established by the time of the infamous witch trials The book explores perceptions of magical practitioners by clients and neighbours and the way such magic was utilised by everyone from lowliest labourer to highest lord Stanmore reveals that even if technically illicit magic was for most people an accepted even welcome aspect of everyday life The Lost Pillars of Enoch Tobias Churton,2020-12-29 Explores the unified science religion of early humanity and the impact of Hermetic philosophy on religion and spirituality Investigates the Jewish and Egyptian origins of Josephus s famous story that Seth s descendants inscribed knowledge on two pillars to save it from global catastrophe Reveals how this original knowledge has influenced civilization through Hermetic Gnostic Kabbalistic Masonic Hindu and Islamic mystical knowledge Examines how Enoch s Pillars relate to the origins of Hermeticism Freemasonry Newtonian science William Blake and Theosophy Esoteric tradition has long maintained that at the dawn of human civilization there existed a unified science religion a spiritual grasp of the universe and our place in it The biblical Enoch also known as Hermes Trismegistus Thoth or Idris was seen as the guardian of this sacred knowledge which was inscribed on pillars known as Enoch s or Seth s pillars
