strangers but also of people of whom they may already know Finally this book is in two parts The first part are the three short stories of Polly a fictional character that describes in detail certain dilemmas she encounters when she becomes lost first at a grocery store next at the fair and then in the third story the close encounter she experiences of nearly being abducted by a stranger The stories go into detail about the positive aspects that Polly took each time to protect herself in each case scenario The encounters are based on a realistic chain of circumstances The second part of this book is aimed towards parents to look at self protection strategies suggested by some of the world s most prestigious experts on the subject of child safety and the criminal mind

adequate notice or compensation by the authorities so as to ensure conformity to the city's master plan
