Lots Of Love From Africa:

Lots of Love from Africa Carol Vickery,2005-10-31 Lots of Love from Africa is a delightful collection of children s stories poems and letters written by the author and her family when they lived in Africa in the 1970 s It is a lovely representation of life at the time There are also many beautiful photos and other memorabilia included in the book *Love in Africa* Jennifer Cole,Lynn M. Thomas,2009-08-01 In recent years scholarly interest in love has flourished Historians have addressed the rise of romantic love and marriage in Europe and the United States while anthropologists have explored the ways globalization has reshaped local ideas about those same topics Yet love in Africa has been peculiarly ignored resulting in a serious lack of understanding about this vital element of social life a glaring omission given the intense focus on sexuality in Africa in the wake of HIV AIDS Love in Africa seeks both to understand this failure to consider love and to begin to correct it In a substantive introduction and eight essays that examine a variety of countries and range in time from the 1930s to the present the contributors collectively argue for the importance of paying attention to the many different cultural and historical strands that constitute love in Africa Covering such diverse topics as the reception of Bollywood movies in 1950s Zanzibar the effects of a Mexican telenovela on young people s ideas about courtship in Niger the models of romance promoted by South African and Kenyan magazines and the complex relationship between love and money in Madagascar and South Africa Love in Africa is a vivid and compelling look at love s role in African society **Love, Sex and Teenage Sexual Cultures in South Africa** Deevia Bhana,2017-10-25 Love Sex and Teenage Sexual Cultures in South Africa interrupts the relative silence around teenage constructions of love in South Africa Against the backdrop of gender inequalities HIV and violence the book situates teenage constructions of love and romance within the wider social and cultural context underwritten by the histories of apartheid chronic unemployment poverty and the endless struggle to survive By drawing on focus group discussions with African teenage men and women the book addresses teenage Africans as active agents providing a more nuanced picture of their desires and their dilemmas through which sexuality and love are experienced The chapters in the book conceptualise desiring love material love pure love forced love and fearing love It argues that love is intrinsically linked to cultural practices and material realities which mold particular formations of teenage masculinities and femininities This book will be of interest to academics undergraduates postgraduates and researchers in sociology HIV health and gender studies development and postcolonial studies and African studies **To Africa in Love** Jim Harries,2019-09-10 Mel s Crush on Philo had her drag others with her into an adventure of discovery about Christian mission in contemporary Africa Set in the fictional African country of Holima a tumultuous sequence of events sees Mel and her friends learn of the need for Christian mission to Africa to be long term and vulnerable From unsuspecting lovers to deep rooted resistance this book blends all aspects of a good novel with real African experiences It would be a great read for people doing short term mission says Dave Philo s great friend **African Life with Known and Unknown Love Partners** Dr Asaph Moshikaro,2019-01-07 This book

explores the issues of promiscuity and carelessness and their effect on the prevalence of STIs and HIV AIDS in Africa from a perspective focusing on African cultural constructs As such it puts African sexual habits and cultural beliefs vis vis the STI and HIV AIDS debate in an understandable context It will appeal to both the general public as well as people in the private and public health spheres concerned with this scourge as the book will assist in dealing with the associational and causative factors of the STI and HIV AIDS epidemic China and Africa Love Affair Mr. Francis Stevens George,2014-02-06 China and Africa is a current hot topic The Love Affair is a strong enthusiasm which has seen an interest and eagerness by the Chinese to engage in Africa Chinese engagement in Africa has raised various concerns Although these concerns are real it seems much of the debate does not take into adequate sometimes no account of the historical relations between Africa and China Indeed one would be forgiven to think that China and Africa started their relations in the 1990s But this is not the case Already back in 1957 for example the Chinese were making large cotton purchases from Egypt China and Africa Love Affair is a short historical account of the relationship between China and Africa The objectives of the book are to provide an historical context through which the current debate can take place Most of the criticism leveled against both China and Africa does not take account of the history between the two It should do Its worrying that some criticism of Sino African relations emanates from non Africans Even more worrying is that these same sources are doing brisk business with China It s important that Africans know their own history It is equally important that we know the history of those that we have a relationship with Understanding the history of Sino African relationships is critical to what Africans can gain from this relationship It is also critical to how Africans respond to the Chinese Sino African relations are evolving Failure to understand the historical context in which this relationship has developed will lead to misunderstanding and perhaps even conflict which would be detrimental to both parties **Africas Anthropological Dictionary on Love and Understanding**

Ateh-Afac Fossungu,2013-12-07 This book deals with love marriage family and witchcraft issues but its central question remains that of whether love without understanding is love Tackling love from much broader and interdisciplinary angles than just the love making that most love stories usually focus on it advances the duo of love and understanding as the foundation of any successful marriage family Although Momany is blessed with often easily finding this rare duo the tensions of belonging in Cameroon have been constant and persistent challenges The book uniquely raises and brings new and ground breaking perspectives on its subject matters obviously leaving many social scientists with much to do further research on

What Lot's Wife Saw Ioanna Bourazopoulou, 2013-06-05 It's been twenty five years since the Overflow flooded Southern Europe drowning Rome Vienna and Istanbul and turning Paris into a major port At the Dead Sea the earth has opened up to reveal a strange violet salt to which the world has become addicted and a colony has been established by the mysterious Consortium of Seventy Five to control the supply Run by murderers fugitives and liars the Colony is a haven to those fleeing Europe especially the privileged Purple Stars But when the governor of the Colony dies suddenly and mysteriously the six officials turn on each other sparking a terrifying chain of events which threatens the very existence of the Colony In Paris Phileas Book the greatest crossword compiler of his age and creator of the Epistleword is recruited by the sinister Consortium Presented with the epistolary confessions of the six he is ordered to sift truth from lies to find out who killed the unpopular Governor Bera But as Phileas starts to unravel the mystery he begins to realise that these are no ordinary letters and that nothing less than the course of human history is at stake What Lot's Wife Saw is an astonishing and beautifully written novel about the fear sin and guilt that lurks in the dark corridors of the human conscience It is a story on an epic scale about betrayal sacrifice and unconditional love and a darkly humorous parable recalling the Biblical tales of God's terrible rage and the fate that befell those who suffered it But above all it is an enthralling vision of a nightmarish world which only the power of humanity can change
