Ghost Wars Steve Coll, 2004-12-28 Winner of the Pulitzer Prize for Nonfiction A New York Times bestseller The CIA itself would be hard put to beat his grasp of global events Deeply satisfying The New York Review of Books From the award winning and bestselling author of Directorate S and The Achilles Trap comes the explosive first hand account of America s secret history in Afghanistan To what extent did America s best intelligence analysts grasp the rising thread of Islamist radicalism Who tried to stop bin Laden and why did they fail Comprehensively and for the first time Pulitzer Prize winning journalist Steve Coll recounts the history of the covert wars in Afghanistan that fueled Islamic militancy and sowed the seeds of the September 11 attacks Based on scrupulous research and firsthand accounts by key government intelligence and military personnel both foreign and American Ghost Wars details the secret history of the CIA s role in Afghanistan including its covert operations against Soviet troops from 1979 to 1989 the rise of the Taliban the emergence of bin Laden and the failed efforts by U S forces to find and assassinate bin Laden in Afghanistan Legislative Calendar United States.

Congress. House. Committee on International Relations, 2000 **Legislative Review Activities of the Committee on International Relations, One Hundred Sixth Congress** United States. Congress. House. Committee on International Relations, 2001 American Sanctions in the Asia-Pacific Brendan Taylor, 2009-12-04 This book provides the first comprehensive treatment of US sanctions policy in the Asia Pacific Using the Bill Clinton and George W Bush presidencies as a basis for comparison it examines nine prominent episodes involving the US use of sanctions toward countries in this economically and strategically vital part of the world *Legislative Review Activities of the Committee on International Relations* United States. Congress. House. Committee on International Relations, 2001 *Congressional Record* United States. Congress, 2001 *CIS Annual* Congressional Information Service, 2000 The United States, India and the Global Nuclear Order Tanvi Pate, 2018-06-13 In the Post Cold War era US nuclear foreign policies towards India witnessed a major turnaround as a demand for cap reduce eliminate under the Clinton administration was replaced by the implementation of the historic civil nuclear deal in 2008 by Bush a policy which continued under Obama s administration This book addresses the change in US nuclear foreign policy by focusing on three core categories of identity inequality and great power narratives Building upon the theoretical paradigm of critical constructivism the concept of the state is problematised by focusing on identity related questions arguing that the state becomes a constructed entity standing as valid only within relations of identity and difference Focusing on postcolonial principles Pate argues that imperialism as an organising principle of identity difference enables us to understand how difference was maintained in unequal terms through US nuclear foreign policy This manifested in five great power narratives constructed around peace and justice India Pakistan deterrence democracy

economic progress and scientific development Identities of race political economy and gender in terms of radical otherness and otherness were recurrently utilised through these narratives to maintain a difference enabling the respective administrations to maintain US identity as a progressive and developed western nation intrinsically justifying the US role as an arbiter of the global nuclear order A useful work for scholars researching identity construction and US foreign and security policies US India bilateral nuclear relations South Asian nuclear politics critical security and postcolonial studies

Regional Security in South Asia United States. Congress. House. Committee on International Relations. Subcommittee on Asia and the Pacific,2000 Understanding Security Practices in South Asia Monika Barthwal-Datta,2012-05-04 This book explores the ways in which non state actors NSAs in South Asia are involved in securitizing non traditional security challenges in the region at the sub state level South Asia is the epicentre of some of the most significant international security challenges today Yet the complexities of the region s security dynamics remain under researched While traditional security issues such as inter state war border disputes and the threat of nuclear devastation in South Asia remain high on the agendas of policy makers and academics both within and beyond the region scant attention has been paid to non traditional or new security challenges Drawing on various case studies this work offers an innovative analysis of how NSAs in South Asia are shaping security discourses in the region and tackling security challenges at the sub state level Through its critique of securitization theory the book calls for a new approach to studying security practices in South Asia one which considers NSAs as legitimate security actors This book will be of much interest to students of security studies Asian security Asian politics critical security studies and IR in general **Report to Congress of the U.S.-China Economic and Security Review Commission** U.S.-China Economic and Security Review Commission,2011 **Making Sense of Cyber**

Capabilities for Small States Francis C. Domingo,2022-03-28 Domingo explores the potential of cyber capabilities for small states in the Asia Pacific the most active region for cyber conflict He develops a systematic explanation for why Brunei New Zealand and Singapore have developed or are developing cyber capabilities Studies on cyber conflict and strategy have substantially increased in the past decade but most have focused on the cyber operations of powerful states This book moves away from the prominence of powerful states and explores the potential of cyber capabilities for small states in the Asia Pacific the most active region for cyber conflict It develops a systematic explanation of why Brunei New Zealand and Singapore have developed or are developing cyber capabilities despite its obscure strategic value The book argues that the distribution of power in the region and a technology oriented strategic culture are two necessary conditions that influence the development of cyber capabilities in small states Following this argument the book draws on neoclassical realism as a theoretical framework to account for the interaction between these two conditions The book also pursues three secondary objectives First it aims to determine the constraints and incentives that affect the utilization of cyber capabilities as foreign policy instruments Second the book evaluates the functionality of these cyber capabilities for small states Lastly it assesses

the implications of employing cyber capabilities as foreign policy tools of small states This book will be an invaluable resource for academics and security analysts working on cyber conflict military strategy small states and International Relations in general

Challenges to Civil Rights Guarantees in India A.G. Noorani, South Asia Human Rights Documentation Centre, 2011-10-13 The civil rights of Indian citizens are guaranteed both in the Indian Constitution and through the State's international commitments Despite these guarantees the civil rights framework encounters numerous challenges from the State problematic counter terrorism laws continuation of the death penalty misuse of arrest and preventive detention powers lack of implementation and impunity Through nine incisive essays on both traditional and emerging issues this volume examines the prevailing imbalance between individual rights and State power Many laws designed to protect the State do little more than protect State power at the expense of her citizens directly flouting the Constitution international law and democratic principles The authors critically analyse most of these laws examining their justifications background debates and evolution along with how they violate constitutional and international law Taking into account relevant and contemporary comparative case law and developments in international law this book makes a strong case for bold legal reforms and suggests various measures for improvement

Power and Influence in the Pacific Islands Joanne Wallis, Henrietta McNeill, Michael Rose, Alan Tidwell, 2024-11-21 This book outlines an analytical framework to understand power influence and statecraft in the Pacific Islands region With contributions by scholars from the United States Australia China New Zealand and across the Pacific Islands region it provides both sides of the story of statecraft and explores how power and influence are being exercised in the Pacific Islands Amid escalating strategic competition the United States China Australia and a range of other partners are trying to exercise power and influence in their Pacific Islands region through their statecraft But which partners are doing what where are they doing it and how are Pacific Island countries and people responding Through case studies of key examples such as economic assistance defence diplomacy scholarships and strategic narratives this book analyses how tools of statecraft are being deployed by a range of key partners and Pacific Island states and how they are being received by Pacific Island countries and people A vital resource for scholars and practitioners in International Relations and diplomacy as well as those seeking to understand how statecraft power and influence are being exercised in the Pacific Islands region The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Handbook of Asian Criminology Jianhong Liu, Bill Heberton, Susyan Jou, 2012-12-09 The Handbook of Asian Criminology aims to be a key reference for international scholars with an interest in the broad theme of international criminology in general and the Asian region in particular Contextualization is a key theme in this book The role of context is often underemphasized in international criminology so the Handbook of Asian Criminology's premise that crime and the responses to it are best understood as deeply embedded in the cultural specificity of the environment which produces them

will play a key role throughout the work Attention will be given to country and region specific attitudes towards crime and punishment *2012 Report to Congress of the U.S.-China Economic and Security Review Commission* U.S.-China Economic and Security Review Commission,2012 China's Strategic Interests in the South China Sea Sigfrido Burgos Cáceres,2013-10-15 This title will explore China s strategic interests in the South China Sea with a specific emphasis on power projection and resource security China s regional actions and reactions are reshaping the power dynamics in East and South East Asia while economic and geopolitical futures depend on the variegated outcomes of these complex relationships with neighbours and the West An introductory section will be complemented by four case studies Japan Vietnam the USA and the Philippines and the concluding chapter will discuss the importance of the South China Sea to China as its new leadership deals with growing economic and military might **Pakistan's Nuclear Policy** Zafar Khan,2014-07-17 In May 1998 in reaction to India s nuclear weapons tests Pakistan tested six nuclear weapons Following this the country opted for a policy of minimum deterrence and within a year Pakistan had altered its policy stance by adding the modifier of minimum credible deterrence This book looks at how this seemingly innocuous shift seriously impacted on Pakistan s nuclear policy direction and whether the concept of minimum has lost its significance in the South Asian region s changed changing strategic environment After providing a brief historical background exploring why and how Pakistan carried out the nuclear development program the book questions why Pakistan could not sustain the minimum deterrence that it had conceptualized in the immediate aftermath of the 1998 test It examines the conceptual theoretical framework of the essentials of minimum deterrence in order to question whether Pakistan s nuclear policy remained consistent with this as well as to discover the rudimentary factors that are responsible for the inconsistencies with regard to minimum deterrence conceived in this study The book goes on to look at the policy options that Pakistan had after acquiring the nuclear capability and what the rationale was for selecting minimum deterrence The book not only highlights Pakistan deterrent force building but also analyzes closely Pakistan s doctrinal posture of first use option Furthermore it examines the policy towards arms control and disarmament and discusses whether these individual policy orientations are consistent with the minimum deterrence Conceptually providing a deeper understanding of Pakistan s post 1998 nuclear policy this book critically examines whether the minimum deterrence conceived could be sustained both at the theoretical and operational levels It will be a useful contribution in the field of Nuclear Policy Security Studies Asian Politics Proliferation Non Proliferation Studies and Peace Studies This book will be of interest to policy makers scholars and students of nuclear policy nuclear proliferation and arms control related research
